(1) Description of Plan

The following description of the MK Automotive Management, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all full and part-time employees including those qualifying as highly compensated employees, who have completed three months of service and are at least 18 years of age. The Plan was adopted with an effective date of January 1, 2006 and is sponsored by MK Automotive Management, LLC (Company). The Plan is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was subsequently amended with an effective dates of January 1, 2007 and January 1, 2009.

(b) Contributions

Participants may contribute amounts to their accounts up to the maximum allowed under Internal Revenue Code (IRC) section 402(g). For the year ended December 31, 2009, the maximum allowed was $16,500. As allowed by the IRS, the limit on catch-up elective deferrals for participants age 50 and over was an additional $5,500 for the 2009 plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants may only elect to contribute to the Plan at the beginning of each month, but can change their elected contribution quarterly.

The Plan also provides for the Company to make discretionary contributions in an amount equal to a matching percentage of a participant's eligible contributions for the Plan year or a profit sharing contribution at the option of the Company. For 2009, the Company matched 25% of participant contributions up to $1,200. The Company did not make a profit sharing contribution during 2009.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(1) Description of Plan – Continued

(d) Vesting

Participants are immediately vested in their contributions plus earnings thereon. Effective January 1, 2007, the Plan was amended to make participants 100% vested in the matching contribution portion of their accounts. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings thereon is based on continuous years of service. A participant vests in the profit sharing contribution at a rate of 20% per year after two years of service. The Plan provides for 100% vesting of participant balances upon normal retirement, death or permanent disability in accordance with Plan provisions.

(e) Participant Loans

Participant loans are not allowed by the Plan.

(f) Payment of Benefits

At termination of service, for any reason, disbursement of vested balances is made by lump-sum only. A participant is entitled to receive a distribution from his or her deferral contribution account without terminating employment upon attainment of age 59-1/2. The Plan provides for hardship distributions in accordance with the Plan agreement.

(g) Forfeitures

Non–vested Company contributions that are forfeited are retained in the Plan and reduce future administrative expenses of the Plan and Company contributions. As of December 31, 2009 and 2008, the Plan had $10,764 and $27,221, respectively, available to reduce future Company contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting and present net assets available for benefits and changes in those assets.

(b) Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair values are based on quoted market prices and audited financial statements (pooled separate accounts) and include interest and dividends and realized gains, net of any fees and expenses. See Note 3 for discussion of fair value measurements.

Realized and unrealized gains and losses represent the change in market value of the investment contracts during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Administrative Expenses

All reasonable Plan investment expenses are paid for by the Plan. All other reasonable expenses are paid for by the Company.

(f) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities based upon participant requests. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(3) Fair Value Measurements

SFAS No. 157, *Fair Value Measurements*, establishes the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of quoted prices in active markets of similar assets, quoted prices in inactive markets of identical assets, inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

(3) Fair Value Measurements - Continued

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of pooled separate accounts and guaranteed interest accounts are based on quoted market prices in active markets published daily net asset values of the shares held by the Plan.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

December 31, 2009	Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Pooled separate accounts	$ 3,285,515	$ 3,285,515
Guaranteed interest accounts	212,197	212,197
Unallocated cash	10,764	10,764
	$ 3,508,476	$ 3,508,476

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

December 31, 2008	Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Pooled separate accounts	$ 2,745,497	$ 2,745,497
Guaranteed interest accounts	120,405	120,405
Unallocated cash	27,221	27,221
	$ 2,893,123	$ 2,893,123

(3) Fair Value Measurements - Continued

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in the net appreciation in fair value of investments.

(4) Investment Contracts With Insurance Company

The Plan has investment contracts with John Hancock Life Insurance Company (U.S.A.) (John Hancock) for the purpose of investing Plan assets. These investment contracts were determined to not be fully-benefit responsive by John Hancock. Participants can elect to invest amounts allocated to their accounts in pooled separate accounts or guaranteed interest accounts maintained by John Hancock. The contracts are included in the financial statements at fair value, as reported to the Plan by John Hancock.

The contributions to the guaranteed interest accounts with John Hancock are maintained in a general account. Fair market value of the account is the value paid when funds are withdrawn prior to their maturity. The guaranteed interest rates in effect through December 31, 2009 range from 0.05% to 3.78%. At December 31, 2009 and 2008, the average yield and crediting interest rates for the fixed income fund were approximately 2.39% and 3.28%, respectively. The crediting interest rate is based on an agreed upon formula with the issuer, but cannot be less than stated in the investment contract. At December 31, 2009 and 2008, contract value approximates fair value.

(5) Information Certified by Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments as of December 31, 2009 and 2008, as shown in the statements of net assets available for benefits.
- Investment income for the year then ended December 31, 2009, as shown in the statement of changes in net assets available for benefits.
- The schedule of assets (held at end of year) as of December 31, 2009 included in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule of assets (held at end of year).

(6) Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits consists of the following:

	December 31, 2009	2008
John Hancock Separate Account		
Lifestyle Conservative Portfolio Fund	$ 377,069	322,429
Lifestyle Moderate Portfolio Fund	326,511	326,294
Lifestyle Balanced Portfolio Fund	679,347	559,354
Lifestyle Growth Portfolio Fund	742,732	547,626
Lifestyle Aggressive Portfolio Fund	417,858	317,940
John Hancock Guaranteed Account		
3 year Guaranteed Interest Account	175,771	*

* Does not represent 5% or more of Plan's net assets

(7) Party-in-Interest Transactions

Certain Plan investments are managed by John Hancock. John Hancock is a custodian of the Plan and, therefore these transactions qualify as party-in-interest transactions.

(8) Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in Company contributions.

(9) Income Tax Status

The Plan is a non-standardized prototype plan developed by the R.J.L. Pension Services Inc., a third party administrator. The Company adopted the prototype plan effective January 1, 2006. The Internal Revenue Service has determined and informed R.J.L. Pensions Services, Inc. by a letter dated September 18, 2001, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(10) Subsequent Events

Management has evaluated subsequent events through October 13, 2010, the date on which the financial statements were available to be issued. As of October 13, 2010, management did not identify any items for financial disclosure purposes.
