• NOTE 1 - DESCRIPTION OF PLAN

The following description of the Meriliz, Inc. DBA Dome Printing 401(K) Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1) *General:* The plan is a defined contribution plan adopted January 1, 1987, covering all full-time employees of Meriliz, Inc. DBA Dome Printing 401(K) Plan (The Company) who have six months of service and are 21 years or older. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2) *Contributions:* Each year, participants may contribute up to 15% of pretax annual compensation as defined in the plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 27 mutual funds as investment options. The Company contributes 25% of the amount that a participant contributes to the Plan. Contributions are subject to certain limitations. Employer contributions are directed by the participants on the same basis as their own contributions. As of January 1, 2009, the Employer no longer contributes to the plan.

3) *Participant Accounts:* Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4) *Vesting:* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

5) *Participant Loans:* Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account. Interest is charged at a reasonable rate determined by prevailing rates at that time.

6) *Funding Policy:* It is the policy of Meriliz, Inc. DBA Dome Printing to fully fund all participant accounts as required by ERISA.

- **NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)**

7) *Payment of Benefits:* On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or may elect a systematic withdrawal plan (installment plan).

8) *Forfeitures:* Forfeitures are used to reduce the employer liability for current contributions. The amount of forfeitures used to reduce current contributions were $417 and $3,420 during 2009 and 2008.

9) *Administration Costs*: Administration costs are currently being paid by the Plan.

10) *Plan Termination*: Although they have not expressed any intent to do so, the Employers' have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

11) *Funding Policies:* Participant contributions are funded as soon as possible at the end of each pay period. Employer contributions are funded quarterly on a discretionary basis.

- **NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**

1) *Basis of Accounting*: The financial statements of the Plan are prepared under the modified cash method of accounting. This means contributions are recognized when they are received by the custodian of the plan and expenses are recognized when paid.

2) *Valuation and Income Recognition*: If available, quoted market prices are used to value investments.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

3) *Estimates*: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4) *Payment of Benefits:* benefits are recorded when paid.

5) *Date of Management's Review:* Subsequent events were evaluated through September 16, 2010, which is the date the financial statements were available to be issued.

• NOTE 6 - TAX STATUS

The Plan obtained its latest determination letter March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designated, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

• NOTE 7 - CONCENTRATION OF CREDIT RISK ARISING FROM INVESTMENTS IN UNINSURED ACCOUNTS

The Plan's investments are currently all held with John Hancock Life Insurance Co. These funds are uninsured and are not guaranteed. The value is based on current market value that varies daily. The availability of funds is based on the financial strength of the mutual funds. Uninsured balances total $4,046,901 and $3,232,893 at December 31, 2009 and 2008.

• NOTE 8 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- **NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)**

	Fair Value Measurements Using:

Participant loans			$141,943	$141,943
Total assets at fair value	$1,824	$3,904,958	$141,943	$4,048,725

	Level 1	Level 2	Level 3	Total
December 31, 2008				
Cash	$417			$417
Pooled Separate Accounts		$3,059,405		$3,059,405
Participant loans			$173,488	$173,488
Other			$375	$375
Total assets at fair value	$417	$3,059,405	$173,863	$3,233,685

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level inputs were available to the Plan, and Level 3 inputs were used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of cash is based on quoted net asset values of the shares held by the Plan at year end.

• NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Fair Value Measurements
The fair value of pooled separate accounts are valued daily using inputs that are derived principally or corroborated by observable market data by correlation or other means.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. Thus the fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurement.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Other	Participant Loans	Total
December 31, 2009			
Beginning balance	$375	$173,488	$173,863
