To the Plan Administrator
Ambulatory Surgical Facility Employee Retirement Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Ambulatory Surgical Facility Employee Retirement Plan (the "Plan") as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the Custodian of the Plan and Variable Life Insurance Company ("VALIC"), an additional Custodian of certain plan assets, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from both the Custodians as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Ambulatory Surgical Facility Employee Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees and part-time employees of Ambulatory Surgical Facility of South Florida, LLLP (the "Company") who have one year of service in which 1,000 or more hours of services has been rendered. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Employees eligible to participate may contribute up to the maximum amount allowed by the Internal Revenue Code. The employer matches 50% of all contributions up to 6% of the participant's compensation. The employer also has the option to make an extra matching contribution. This extra match, if any, will be determined at the end of the Plan year and will be based on the participant's elective deferrals made during the entire Plan year. The extra match will be a discretionary match percentage applied to elective deferrals of up to a discretionary percentage of the participant's compensation, with both parts of the match formula determined by the employer each Plan year and applied on a uniform basis to all eligible participants. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty nine pooled separate investment accounts.

Participants' Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the employer discretionary matching contribution; (b) the Company's discretionary contribution (if any); (c) the Plan's earnings or losses and (d) forfeitures of terminated participants' non vested account balances and is charged with an allocation of administrative expenses of the Plan if not paid by the Company. Allocations of the employer's discretionary contributions are based on a participant's compensation as a percentage of all participants' compensation. Allocations of the Plan's earnings or losses are based on the participant earnings or balances, as defined.

Participants' Notes Receivable

Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a fixed interest rate to be determined by the plan administrator. At December 31, 2009 and 2008 the interest rate on these loans ranged from 3% to 9.25%. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions plus accumulated earnings thereon. Vesting of employer contributions and any accumulated earnings thereon is based on years of continuous service with participants becoming 100% vested after five years of credited service, disability, or the attainment of retirement age.

Note 1 - Description of the Plan - continued

Payment of Benefits

Payments of benefits by reason of death, termination, disability or retirement are made in accordance with the Plan's provisions. Upon termination, a Plan's participant will receive the amounts allocated to his or her account in which he or she is vested as a lump-sum payment. Terminated participants with balances greater than $5,000 can elect to leave their investments in the Plan.

Forfeited Accounts

For the years ended December 31, 2009 and 2008, forfeited non-vested accounts totaled $1,911 and $14,810, respectively. These accounts were used to reduce the employer matching contributions.

Reclassifications

Certain 2008 amounts have been reclassified to conform to the 2009 financial statement presentation.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net value of shares held by the Plan at year end. Pooled separate accounts are made up of a variety of underlying investments such as equities, fixed income securities, and mutual funds. The net asset value of the pooled separate accounts is based on the fair value of its underlying investments. The underlying investments are valued as follows: equities and mutual funds are valued at quoted market prices, and fixed income securities are stated at fair value as determined by an independent pricing service. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits the payment of the expenses to be made from the Plan's assets. The expenses paid using the Plan's assets are generally allocated among the accounts of all participants in the Plan.

Note 2 - Summary of Significant Accounting Policies - continued

Subsequent Events

Plan's management has evaluated subsequent events through October 13, 2010, the date which the financial statements were available for issue.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

Financial Accounting Standard Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, *"Fair Value Measurements and Disclosures"* defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. The following table is a detail of the fair value measurements used by the Plan:

		Fair Value Measurements using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Pooled separate accounts	$ 3,445,759	$ -	$ 3,445,759	$ -
Mutual funds	5,639	5,639	-	-
Participants' notes receivable	50,902	-	-	50,902
Total	$ 3,502,300	$ 5,639	$ 3,445,759	$ 50,902

		Fair Value Measurements using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2008				
Cash	$ 6,415	$ 6,415	$ -	$ -
Pooled separate accounts	2,510,807	-	2,510,807	-
Mutual funds	3,533	3,533	-	-
Participants' notes receivable	47,997	-	-	47,997
Total	$ 2,568,752	$ 9,948	$ 2,510,807	$ 47,997

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Note 3 – Fair Value Measurements - continued

Level 2 Fair Value Measurements

The net asset value of the pooled separate accounts is not publicly-quoted priced in an active market. The net asset value of the pooled account is based on the market value of its underlying investments. These investments have Level 1 and 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. Fair value is determined by an independent pricing service based on the Level 1 and Level 2 inputs.

Level 3 Fair Value Measurements

The participants' notes receivable are not actively traded and significant other observable inputs are not available. Thus, the fair value of participants' notes receivable is equal to the amortized cost of the notes because the notes are secured by each respective participant's account balance.

The following table provides further details of the Level 3 fair value measurements used:

	Participants' Notes
December 31, 2009	
Beginning balance	$ 47,997
Issuances and settlements, net	2,905
Ending balance	$ 50,902
December 31, 2008	
Beginning balance	$ 77,504
Issuances and settlements, net	(29,507)
Ending balance	$ 47,997

Gains and losses (realized and unrealized) are reported in the statement of changes in net assets available for benefits for the years ended December 31, 2009 and 2008, and are included in net appreciation (depreciation) in fair value of investments.

Note 4 - Information Prepared and Certified by the Plan's Custodians

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified to as complete and accurate by the Custodians as of and for the years ended December 31:

	2009	2008

Note 5 - Investments

At December 31, 2009 and 2008 investments with John Hancock that represent 5% or more of the Plan's net assets in either year are as follows:

	2009	2008
John Hancock Lifestyle Balanced	$ **1,253,277**	$ 836,814
John Hancock Lifestyle Moderate	**851,601**	620,742
John Hancock Lifestyle Growth	**423,186**	308,266
John Hancock Lifestyle Conservative	**213,135**	176,880
John Hancock Lifestyle Stable Value	*	165,565

* Does not represent 5% for the respective year.

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $772,111 and depreciated in value by $(1,127,131), respectively.

Note 6 - Tax Status

On March 31, 2008, the Internal Revenue Service stated that the volume submitter adopted by the Plan, as then designed, qualifies under Section 401 (a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 - Related party transactions

Certain Plan investments are pooled separate accounts and mutual funds which are managed by John Hancock and VALIC, Custodians of the Plan, and therefore, these transactions qualify as party-in-interest.

Note 8 - Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts and the account balances will be distributed to participants in accordance with the terms of the Plan.

Note 9 – Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
