INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Malcolm Drilling Company Inc. Profit Sharing Plan and Trust

We were engaged to audit the accompanying statements of net assets available for benefits of the Malcolm Drilling Company Inc. Profit Sharing Plan and Trust as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and supplemental schedules as of December 31, 2011 and 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Malcolm Drilling Company Inc. Profit Sharing Plan and Trust as of December 31, 2011 and 2010, and the changes in net assets available for benefits for the years then ended and supplemental schedules as of December 31, 2011 and 2010 in conformity with accounting principles generally accepted in the United States of America.

MALCOLM DRILLING COMPANY INC. PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

A. General:
The Malcolm Drilling Company Inc. Profit Sharing Plan and Trust is a plan established in 1976, which covers employees that have reached the age of 21, have completed at least six months of service and are not covered by a collective bargaining agreement. In 2003, the Money Purchase Pension Plan merged into Profit Sharing Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is exempt from federal and California taxes on income under the current provisions of the Internal Revenue Code and the California Revenue and Taxation code, respectively.

B. Contributions:
Money Purchase:
The company has committed to contribute to each eligible participant 10% of the participant's compensation up to the IRS limitations on compensation.

Profit Sharing:
At the discretion of the employer, contributions are made annually to the plan. The employer is not obligated to make any contributions. For the years ended December 31, 2011 and 2010, there were no contributions made by the employer.

Contributions are credited to an individual account for each employee who is an eligible participant in the plan for the year the contribution is made.

C. Distributions:
Distributions to a participant normally commence within a reasonable time after a participant's death, retirement, or termination of service. Distributions are made in a lump sum or periodic payment.

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

D. Vesting:

The portion of a participant's account resulting from rollover contributions is fully vested and non-forfeitable. All accounts under the profit sharing provisions are 100% vested. For employer contributions for the money purchase pension plan provisions, a participant's vested interest at any given time is based on years of service with >1000 hours per year, and increases during continued participation in the Plan according to the following vesting schedule:

2 years	20%	5 years	80%
3 years	40%	6 years	100%
4 years	60%		

Any forfeited amounts from the employer contribution account will be used to reduce the employer's employer contribution. Forfeitures in the amount of $44,597 and $31,491 were used to offset employers' contributions for the years ended December 31, 2011 and 2010.

E. Participants' Accounts

An individual profit sharing account and an individual money purchase pension account are maintained for each participant, which each includes the following components as of December 31:

1. Employee rollover contribution if allowable.
2. Employer contributions.
3. The participant's pro rata share of net investment income.
4. Deductions for benefits paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting:

The Plan's financial statements are prepared on the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

B. Valuation of Investments:

Cash equivalents are based on cost which equals fair value. Mutual funds and common stock are stated at fair value based on closing market quotations at December 31.

C. Benefits Payable to Terminated Participants:

The non-vested portion of an account balance is forfeited one year after termination.

Under the terms of the Plan Agreement, terminated participants whose vested benefit is $5,000 or less, may be distributed to the participant without the participant's consent. Participants whose benefit is more than $5,000, or has ever been greater than $5,000, can leave their account under the plan to continue participation in plan investments and/or to provide benefits upon retirement or death. Terminated vested participants have the option of withdrawing the accumulated benefits through several options offered by the plan.

NOTE 3 - INVESTMENTS

A. General:

Investment assets of the Plan are held by Charles Schwab, and TD Waterhouse under the terms of various agreements.

The following information, included in the Plan's financial statements as of December 31, 2011 and 2010, was extracted from information prepared by the above financial institutions and furnished to the plan administrator.

The administrator has obtained certification from the above entities that such information is complete and accurate:

	2011	2010
	Fair Value	Fair Value
Cash equivalents	$ 364,803	$ 149,827
Common stock	15,193,375	16,037,854
	$ 15,558,178	$ 16,187,681

NOTE 3 – INVESTMENTS – (Continued)

A. General: - (Continued)

The Plan's investments (including investments bought, sold, as well as held during the year) appreciated during the year 2011 and 2010 as follows:

	2011	2010
Mutual funds	$ -	$ 81,566
Common Stock	(756,368)	2,687,493
	$ (756,368)	$ 2,769,059

Included in the investments are the following which individually represent 5% or more of net assets available for benefits as of December 31, 2011.

	Fair Market Value
Berkshire Hathaway Inc.	$ 8,606,625
Halliburton Co.	1,380,400
Kinder Morgan	2,463,550
Wells Fargo Co.	2,204,800

B. Fair Value Measurement:

The Fund has adopted the Fair Value Measurement Topic of the Financial Accounting Standards Board Accounting Standards Codification No. 820 (ASC 820). In accordance with ASC 820, fair value is defined as the price that the Fund would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk, for example, the risk inherent in a particular valuation technique used to measure fair value including such a pricing model and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset of liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are assets that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

NOTE 3 – INVESTMENTS – (Continued)

B. Fair Value Measurement: – (Continued)

- Level 1 – quoted prices in active markets for identical investments
- Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 – significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The following is a summary of the inputs used as of December 31, 2011 in valuing the Fund's investments carried at fair value:

	Level 1	Level 2	Level 3	Total 2011
Cash Equivalents	364,803	-	-	364,803
Common Stock	15,193,375	-	-	15,193,375
Total	$ 15,558,178	$ -	$ -	$ 15,558,178

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.
