INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Komyo America 401(k) Retirement Savings Plan

I was engaged to audit the financial statements of Komyo America 401(k) Retirement Savings Plan ("the Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by The Principal Life Insurance Company ("Principal"), the recordkeeper of the Plan, and Principal Trust Company ("Principal Trust"), as trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that Principal holds the Plan's proprietary investment assets and executes investment transactions for those investments and that Principal Trust holds the PIMCO assets and executes transactions for that investment option. The plan administrator has obtained certifications from the recordkeeper and trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the recordkeeper and trustee is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian and trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following plan description of the Komyo America Co., Inc. (the "Company") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 2006 under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan covers all eligible employees of Komyo America Co., Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees of the Company who have completed six months of service are eligible to participate. Employees may enroll in the Plan on the first day of the month following the month during which they have satisfied the eligibility requirement. Employees who are covered by a collective bargaining agreement, non-resident aliens and highly-compensated employees are not eligible to participate in the Plan.

Plan Amendments

Effective January 1, 2010, the Plan Document was amended and restated to comply with regulatory provisions of the Internal Revenue Code. In addition, the Plan was amended to include automatic enrollment commencing at 3% of eligible compensation with an automatic 1% increase each year up to a maximum of 6% of eligible compensation. In addition, the amendment allowed plan forfeitures to be used to reduce employer contributions and to pay reasonable Plan expenses.

Plan Administration

The Plan is administered by the Investment Committee, which is appointed by the Board of Directors of the Company. An officer of the Company is the Plan trustee (the "Trustee"). In April, 2011, the original Plan trustee resigned and a new trustee was appointed, who is also an officer of the Company. The resignation was made pursuant to the original trustee's transfer back to Japan.

1. Description of the Plan (Continued)

Contributions

Each year, employees may contribute up to 100% of pretax annual compensation up to the statutory limit which was $16,500 for 2011 and 2010. Compensation is defined as all compensation earned during the year excluding commissions and bonuses. Participants who have attained age 50 by the last day of the Plan year are eligible to make catch-up contributions of up to $5,500. In addition, participants may contribute amounts rolled over from other qualified plans. Participants may make changes to their deferral percentage on the first day of each month.

The Company matches up to 50% of the first 4% of the participant's contribution. Annual profit sharing contributions may be made at the discretion of the Company. In order to receive a profit sharing contribution, an employee must be enrolled in the Plan as of the last day of the Plan year and must have completed at least 1,000 hours of service during the Plan year. No profit sharing contributions were made for the plan years ended December 31, 2011 and 2010, respectively.

Upon enrollment in the Plan, participants may allocate contributions into any of twenty-seven investment options, which consist of one money market fund, one bond fund, eleven target maturity funds and fourteen miscellaneous funds.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon, and qualified non-elective contributions made by the Company plus actual earnings thereon. Vesting in the Company's matching contribution and discretionary profit sharing contributions, plus actual earnings thereon, is based on years of continuous service in accordance with the following schedule:

Years of Vesting Service	Percentage
Less than 1	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

1. Description of the Plan (Continued)

Payment of Benefits

On termination of service, a participant (or a participant's beneficiary in the event of death) may elect to receive benefits in a variety of annuity payments with varying payment periods or in a single lump-sum amount, equal to the vested value of his or her account at the time of distribution. Hardship distributions are allowed under the Plan if the employee meets the eligibility criteria.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and related administrative expenses. Allocations of income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; however the term may be longer if used for the purchase of a primary residence. The loans are secured by the balance of the participant's account. Loans bear the market rate of interest as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

Forfeitures represent that part of the participant's account that is not vested. Forfeited nonvested accounts totaled $0 and $0 at December 31, 2011 and 2010, respectively. During 2011 and 2010, respectively, $7,975 and $3,707 of forfeited funds was used to reduce participant contributions. During 2011 and 2010, respectively, $5,159 and $1,760 of forfeited funds was used to pay administrative expenses of the Plan.

2. Summary of Significant Accounting Policies

Use of Estimates and Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and make assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Notes Receivable From Participants

Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the plan year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Under the Plan Document, the Plan pays general investment expenses and administrative expenses which are incurred on an on-going basis. Participants are charged for transactions they generate, such as loan and distribution requests.

3. Investments

The following presents investments that total 5% or more of the Plan's net assets available for benefits at December 31, 2011 and 2010.

	2011	2010
Principal LifeTime 2040 Separate Account	$ 516,048	$ 484,484
Principal LifeTime 2030 Separate Account	405,800	360,771
Principal LifeTime 2020 Separate Account	189,921	175,124
Principal LifeTime 2050 Separate Account	186,283	168,050
	$1,298,052	$1,188,429

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $66,384.

Effective September 17, 2010, the Principal Short Term Bond Separate Account was closed to new contributions. Amounts held in the Principal Short Term Bond Separate Account on September 24, 2010 were transferred into the default investment option, which was the Principal LifeTime Separate Account consistent with the participant's age and retirement date.

Effective November 22, 2010, the Principal Large Cap Blend I Separate Account Class R-6 was replaced with the Principal Large Cap Blend II Separate Account Class R-6. This change was made in accordance with the objectives memorialized in the Investment Policy Statement.

Effective on November 22, 2010, the Principal Small Cap Value Separate Account was merged with the Principal Small Cap Value II Separate Account. On that date, all investments in the Principal Small Cap Value Separate Account were transferred into the Principal Small Cap Value II Separate Account. This action was initiated by Principal Financial Group through the Principal Due Diligence Program because of continued underperformance and in accordance with the objectives memorialized in the Investment Policy Statement.

Effective August 15, 2011, the Principal LargeCap Value I Separate Account Class R-6 was closed to new investment. No new investment in the Principal LargeCap Value I Separate Account Class R-6 was allowed after August 14, 2011. Effective August 15, 2011, balances in the Principal LargeCap Value I Separate Account Class R-6 were transferred to the Principal Equity Income Separate Account Class R-6. This change was made in accordance with the objectives memorialized in the Investment Policy Statement.

3. Investments (Continued)

Although all funds held in the Principal LargeCap Value I Separate Account Class R-6 were directed to be transferred to the Principal Equity Income Separate Account Class R-6 on August 15, 2011, it was noted that $57 remained in the Principal LargeCap Value 1 Separate Account Class R-6 as of December 31, 2011. This minimal amount resulted from fees that were refunded to the investment after the initial transfer had taken place. The Plan administrator has instructed Principal to transfer the residual balance from the Principal LargeCap Value I Separate Account Class R-6 to the Principal Equity Income Separate Account Class R-6.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds: Fair value is measured at the net asset value of shares held by the Plan at year end.

Pooled Separate Accounts: Fair value of units of participation in pooled separate accounts is measured based on the net asset value of the underlying assets of the account at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's fair value investments as of December 31, 2011.

	Investments at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total

4. Fair Value Measurements (Continued)

The following table set forth by level within the fair value hierarchy the Plan's investments at fair value as of December 31, 2010.

	Investments at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual funds:

Total investments at fair value	$ 44,852	$ 1,877,315	$ -	$ 1,922,167

Gains and losses (realized and unrealized) included in changes in net assets for the preceding period are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

5. Tax Status

The Plan has not requested or received a determination letter from the Internal Revenue Service ("IRS") indicating that the Plan, as designed, is in compliance with the Internal Revenue Code ("IRC.") The Plan adopted the Principal Financial Group Prototype for Savings Plan Document, which has been reviewed by the IRS. The IRS opined in a letter dated March 31, 2008 that the form of the Plan is acceptable under Section 401(a) of the IRC. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate the tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taking jurisdictions; however, there are currently no audits for any tax period n progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

7. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the recordkeeper of the Plan, has certified to the completeness and accuracy of the proprietary investments, and Principal Trust, the Plan trustee, has certified to the completeness and accuracy of the PIMCO investment option and outstanding participant loans reflected on the accompanying financial statements and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011 and 2010, respectively.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Benefit Obligations

As of December 31, 2011 and 2010, respectively, approximately $71,690 and $103,184 in vested benefits, belonging to participants who have terminated employment with the Company, is a component of net assets available for benefits.

10. Related Party Transactions

Certain plan investments are units of participation in pooled separate accounts and shares of mutual funds offered through Principal Securities and managed by Principal Financial Group. Principal Trust Company acts as trustee for the PIMCO investment option and Principal Life Insurance Company acts as recordkeeper for the pooled separate accounts. Principal Life Insurance Company, Principal Trust Company and Principal Securities are members of the Principal Financial Group; therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

11. Voluntary Compliance

During 2011, the Company noted that certain employees who were required to automatically enroll had not been timely enrolled in the Plan and that the automatic 1% increase in the elective deferral had not been implemented for certain participants. This occurred due to administrative errors which have subsequently been corrected. In order to restore contributions which should have been made during the 2010 plan year, the Company remitted $3,378 of elective contributions and $3,298 of employer matching contributions on October 5-7, 2011. In order to restore contributions which should have been made during the 2011 plan year, the Company remitted $2,896 of elective contributions and $2,877 in employer matching contributions on October 6, 2011. Lost earnings on the elective contributions for the 2010 and 2011 plan years in the amounts of $154 and $47, respectively, were posted to the affected participant accounts on October 17, 2011.

12. Subsequent Events

Effective January 1, 2012, the Plan was amended to terminate the automatic enrollment provision. As a result, the automatic 1% increase in elective deferral which would have taken effect on April 1, 2012 was not implemented unless requested by the individual participant.

Effective May 7, 2012, the Principal LargeCap Growth Separate Account Class R-6 was closed to new investment. No new investment in the Principal LargeCap Growth Separate Account Class R-6 was allowed after May 6, 2012. Effective May 7, 2012, amounts in the Principal LargeCap Growth Separate Account Class R-6 were transferred to the Principal LargeCap Growth I Separate Account Class R-6. This change was made in accordance with the objectives memorialized in the Investment Policy Statement.

Effective July 17, 2012, the Total Market Stock Index Separate Account Class R-6 made changes to the revenue sharing agreement in that revenue retained by the investment provider increased and revenue sharing with the recordkeeper decreased. These changes were made in accordance with The Principal Group standard operations.

12. Subsequent Events (Continued)

Subsequent events were evaluated through October 5, 2012, which is the date the financial statements were available to be issued.
