Independent Auditor's Report

To the Trustees and Plan Administrator of the
NTC Marketing, Inc. 401(k) Plan

I was engaged to audit the financial statements and supplemental schedules of NTC Marketing, Inc. 401(k) Plan as of December 31, 2011 and for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in the Schedule of Assets Held for Investment at December 31, 2009, which was certified by The Principal Financial Group, the recordkeeper of the Plan on behalf of the trustees of the plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that The Principal Financial Group holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from The Principal Financial Group as of December 31, 2009 and for the year then ended, that the information provided to the plan administrator is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by The Principal Financial Group, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and disclosure under the Employee Retirement Income Security Act of 1974.

NTC Marketing, Inc. 401(k) Plan

Notes to the Financial Statements

Note A – Description of the Plan

The plan is a qualified plan under Section 401(k) of the Internal Revenue Code. A favorable determination letter from the Internal Revenue Service is on file with the plan sponsor.

Employee eligibility is dependent upon the following requirements:

1. have reached age 21
2. have completed 1 year of service

Employees may contribute up to 100% of their compensation, up to certain limits established by the Internal Revenue Service.

"Catch-up" contributions are allowed for participants who reach 50 years of age before the end of the plan year.

The company matches 25% of participant contributions up to 4% of participant's compensation. This "match" is discretionary.

The plan offers a diversified number of investment choices; participants:

1. Choose their own investments.
2. Are always 100% vested in their own contributions.
3. Vest in employer matching contributions gradually, over six years of service as follows:

Years of Service	Vested Percentage
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Hardship distributions to participants are permitted by the plan under certain circumstances.

Loans are also available to participants as follows:

1. Minimum loan is $1,000.
2. Maximum loan allowed is $50,000.
3. Permitted loan amounts are 50% of the participant's vested account balance.

4. Loan terms:

   Repayment must be made ratably over a maximum period of 5 years. Loans used to purchase a primary residence may be repaid over an extended period. The interest rate will be based on rates available for similar loans from commercial lending institutions.

   Rollovers from other "qualified plans" are allowable.

   Normal retirement age is age 65, or termination of employment due to death or disability. Participants are fully vested in both their own contributions and employer contributions in these instances

Note B – Method of Accounting

Financial statements are prepared on the accrual basis of accounting. The Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits are prepared in conformity with accounting principles generally accepted in the United States of America. The plan administrator has made reasonable estimates and assumptions during the preparation of the financial statements.

Note C – Investments

The following schedule represents investments of 5% or more of plan assets at fair market value as of December 31, 2011:

Note D – Party-in-Interest Transactions

The Principal Financial Group manages all plan investments and is also the plan trustee. Investment transactions made by The Principal Financial Group are party-in-interest transactions.

Note E – Risks and Uncertainties

Plan investments are subject to different risks including market volatility, the state of the economy and others. Because of these risks, the market value of the investments could decline and materially affect plan investments and related participant accounts.

Note F – Plan Expenses

NTC Marketing, Inc. paid $3,000 of administrative expenses during the plan year.

Note G – Plan Forfeitures

Forfeitures may be first used to pay administrative expenses. Forfeitures which have not been used to pay administrative expenses may be applied to reduce employer contributions.

Note H – Fair Value Measurement ASC 820 (formerly FAS 157)

The Financial Accounting Standards Board's FAS 157 was replaced by ASC 820. ASC 820 provides guidelines regarding the valuation of plan assets and requires financial statement disclosure regarding this matter.

Plan asset valuation is based on one of three input, or informational tools:

Level 1 inputs have readily available market prices such as prices for stocks listed on a major market exchange.

Level 2 inputs - valuation is based on quoted prices for similar assets in active or inactive markets, or other measurement methods including correlation of observable or readily available market data.

Level 3 inputs are unobservable inputs and may include plan or participant assumptions and the application of significant judgment.

Notes to the Financial Statements

The specific level of designation is based upon the lowest input level that is significant to the fair value of the measurement of the asset.

The following table provides information regarding fair value measurement of plan assets in accordance with ASC 820 (formerly FAS 157) as of December 31, 2011:
