INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Administrative Committee
of the Jafra Cosmetics International, Inc. 401(k) Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Jafra Cosmetics International, Inc. 401(k) Savings Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the Supplemental Schedule H, line 4(i) – Schedule of Assets (Held At End of Year) as of December 31, 2009 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee, as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us and in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. DESCRIPTION OF PLAN

The following description of the Jafra Cosmetics International, Inc. 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General – The Plan, which was adopted as of May 1, 1998, is a defined contribution benefit plan covering all full-time employees of Jafra Cosmetics International, Inc. (the "Company"). The Company's Employee Benefit Plan Committee and the Plan administrator control and manage the operation and administration of the Plan. Fidelity Management Trust Company ("Fidelity" or "Trustee") is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Jafra Cosmetics International, Inc. ("Plan sponsor") is a wholly-owned subsidiary of Jafra Worldwide Holding (Lux) S.ar.l., a Luxembourg *societe a responsabilite limitee* (the "Parent"), which is a wholly-owned direct subsidiary of Jafra S.A. (formerly known as CDRJ North Atlantic (Lux) S.ar.l), a Luxembourg *societe anonyme* (Jafra S.A.). Jafra S.A. was a wholly-owned subsidiary of CDRJ Investments (Lux) S.A., a Luxembourg *societe anonyme* (CDRJ). On May 27, 2004, Vorwerk & Co. eins GmbH acquired all of the issued and outstanding capital stock of Jafra S.A. (the "Acquisition"). As a result of the Acquisition, 100% of the voting securities of the Parent are held indirectly by Vorwerk & Co. eins GmbH, which is an indirect wholly-owned subsidiary of Vorwerk & Co. KB, a family-owned company based in Wuppertal, Germany.

Contributions – Each year, participants may contribute from 2% to 100% of eligible compensation, as defined in the Plan. The first 10% is split evenly between tax-deferred and after-tax contributions. For contributions greater than 10% and up to 100% of compensation, the employee may choose between tax-deferred and after-tax contributions. The Company makes matching contributions of 50% of the participants contribution up to 10% of an employee's eligible compensation. The Company may also make annual discretionary profit sharing contributions in an amount to be determined at Plan year-end by the sponsor. For the year ended December 31, 2009, the Company did not make any discretionary contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of the investment earnings of each fund in which the participant owns shares, based upon the number of shares owned by the participant.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions plus actual earnings thereon is based on years of credited service. A participant is 100% vested after two years of credited service.

A. DESCRIPTION OF PLAN (Continued)

Participant Loans – Participants may borrow from their accounts in amounts ranging from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range from one to five years or up to 10 years for the purchase of a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Payment of Benefits – On termination of service due to death or disability, a participant will automatically become vested in the Company contributions plus actual earnings thereon in his or her account. A participant who terminates service shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants who continue in employment after the date as of which distribution of their vested interest must commence, in accordance with the requirements of Section 401(a)(5) of the Internal Revenue Code (the "Code"), may elect to receive their distribution in periodic payments pursuant to the requirements of this section of the Code. Department of Labor regulations require that the Plan not accrue for amounts payable to participants. Participants' withdrawals decrease net assets available to participants only when they are actually disbursed.

Forfeited Accounts – A participant's unvested portion of Company contributions, if any, will be forfeited upon termination and will be used to reduce future Company contributions, or to pay administrative expenses, as determined by the Company. Forfeited nonvested accounts totaled $2,456 at December 31, 2009. During 2009, forfeited nonvested accounts of $7,879 were used to pay administrative expenses of the Plan.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

B. SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. Shares in mutual funds are valued at quoted market prices from national exchanges, which represent the net asset value of shares held by the Plan at year end. Investments in securities traded on a national exchange are valued at the last reported sales price on the last business day of the year.

Purchases and sales of securities are recorded on the trade date. Gain or loss on sales of securities are recorded on the trade date and is based on specific costs. Interest income is recorded when earned and dividends are recorded on the ex-dividend date. Participant loans are valued at the amount of unpaid principal, which approximates fair value. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation of those investments.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation) or on the last day of the year for unrealized appreciation (depreciation).

Payment of Benefits – Benefits are recorded when paid.

Reclassifications – Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events – The Plan's management has evaluated subsequent events through October 13, 2010, the date which the financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Fair value of investments as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2009 and 2008 which totals $14,005,523 and $10,900,336, respectively.

C. INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN (Continued)

- Net investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009 which totals $2,782,586.

- Information disclosed in Note D of these financial statements.

- Schedule of Assets Held for Investment Purposes as of December 31, 2009, as shown on Schedule H, Part IV, Line 4 (i) – Schedule of Assets (Held at End of Year).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

D. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31	
	2009	2008
Fidelity Mutual Funds:		
Growth Co.	$ 2,343,054	$ 1,520,074
Growth & Income	< 5%	$ 637,925
Blue Chip Growth	$ 2,183,109	$ 1,418,312
Diversified International	$ 1,375,393	$ 1,148,678
Spartan U.S. Equity Index	$ 1,156,316	$ 1,039,880
Retired Government Money Market	$ 1,138,356	$ 1,367,946
U.S. Bond Index	$ 1,746,569	$ 1,327,198

During 2009, the Plan's investments (including gains and losses on investments, bought, sold and held during the year) appreciated in value by $2,568,471 and related entirely to mutual funds.

E. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements & Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

E. FAIR VALUE MEASUREMENTS (Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Money market funds: Valued at net asset values (NAV) of funds as of the plan year end.

Mutual funds: Valued at the NAV of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. FAIR VALUE MEASUREMENTS (Continued)

The following are the major categories of assets and liabilities measured at fair value on a recurring basis during the year ended December 31, 2009 and 2008, using quoted market prices in active markets for identical assets (Level 1), significant other observable inputs (Level 2), and significant unobservable inputs (Level 3):

Description	Level 1: Quoted Prices in Active Markets for Identical Assets	Level 2: Significant Other Observable Inputs	Level 3: Significant Unobservable Inputs	Total
	Assets at Fair Value as of December 31, 2009

Total assets at fair value	$ 10,423,453	$ -	$ 476,883	$ 10,900,336

E. FAIR VALUE MEASUREMENTS (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 476,883
Purchases, sales, issuances, and settlements (net)	112,777
Balance, end of year	$ 589,660

F. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include participant loans and shares of funds managed by an affiliate of Fidelity Investments, the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest. Fees paid to Fidelity Investments amounted to $7,879 for the year ended December 31, 2009

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, participants will become 100% vested in Company contributions.

H. TAX STATUS

The Plan has been amended to a nonstandardized plan of Fidelity Investments Institutional Retirement Services Company, Inc. effective from June 12, 2003. The Plan has received a determination letter dated February 24, 2004, from the Internal Revenue Service indicating a favorable determination on the Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of changes in net assets available for benefits.

The Plan invests in mutual funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Administrative Committee
of the Jafra Cosmetics International, Inc. 401(k) Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Jafra Cosmetics International, Inc. 401(k) Savings Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the Supplemental Schedule H, line 4(i) – Schedule of Assets (Held At End of Year) as of December 31, 2009 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee, as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us and in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. DESCRIPTION OF PLAN

The following description of the Jafra Cosmetics International, Inc. 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General – The Plan, which was adopted as of May 1, 1998, is a defined contribution benefit plan covering all full-time employees of Jafra Cosmetics International, Inc. (the "Company"). The Company's Employee Benefit Plan Committee and the Plan administrator control and manage the operation and administration of the Plan. Fidelity Management Trust Company ("Fidelity" or "Trustee") is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Jafra Cosmetics International, Inc. ("Plan sponsor") is a wholly-owned subsidiary of Jafra Worldwide Holding (Lux) S.ar.l., a Luxembourg *societe a responsabilite limitee* (the "Parent"), which is a wholly-owned direct subsidiary of Jafra S.A. (formerly known as CDRJ North Atlantic (Lux) S.ar.l), a Luxembourg *societe anonyme* (Jafra S.A.). Jafra S.A. was a wholly-owned subsidiary of CDRJ Investments (Lux) S.A., a Luxembourg *societe anonyme* (CDRJ). On May 27, 2004, Vorwerk & Co. eins GmbH acquired all of the issued and outstanding capital stock of Jafra S.A. (the "Acquisition"). As a result of the Acquisition, 100% of the voting securities of the Parent are held indirectly by Vorwerk & Co. eins GmbH, which is an indirect wholly-owned subsidiary of Vorwerk & Co. KB, a family-owned company based in Wuppertal, Germany.

Contributions – Each year, participants may contribute from 2% to 100% of eligible compensation, as defined in the Plan. The first 10% is split evenly between tax-deferred and after-tax contributions. For contributions greater than 10% and up to 100% of compensation, the employee may choose between tax-deferred and after-tax contributions. The Company makes matching contributions of 50% of the participants contribution up to 10% of an employee's eligible compensation. The Company may also make annual discretionary profit sharing contributions in an amount to be determined at Plan year-end by the sponsor. For the year ended December 31, 2009, the Company did not make any discretionary contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of the investment earnings of each fund in which the participant owns shares, based upon the number of shares owned by the participant.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions plus actual earnings thereon is based on years of credited service. A participant is 100% vested after two years of credited service.

A. DESCRIPTION OF PLAN (Continued)

Participant Loans – Participants may borrow from their accounts in amounts ranging from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range from one to five years or up to 10 years for the purchase of a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Payment of Benefits – On termination of service due to death or disability, a participant will automatically become vested in the Company contributions plus actual earnings thereon in his or her account. A participant who terminates service shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants who continue in employment after the date as of which distribution of their vested interest must commence, in accordance with the requirements of Section 401(a)(5) of the Internal Revenue Code (the "Code"), may elect to receive their distribution in periodic payments pursuant to the requirements of this section of the Code. Department of Labor regulations require that the Plan not accrue for amounts payable to participants. Participants' withdrawals decrease net assets available to participants only when they are actually disbursed.

Forfeited Accounts – A participant's unvested portion of Company contributions, if any, will be forfeited upon termination and will be used to reduce future Company contributions, or to pay administrative expenses, as determined by the Company. Forfeited nonvested accounts totaled $2,456 at December 31, 2009. During 2009, forfeited nonvested accounts of $7,879 were used to pay administrative expenses of the Plan.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

B. SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. Shares in mutual funds are valued at quoted market prices from national exchanges, which represent the net asset value of shares held by the Plan at year end. Investments in securities traded on a national exchange are valued at the last reported sales price on the last business day of the year.

Purchases and sales of securities are recorded on the trade date. Gain or loss on sales of securities are recorded on the trade date and is based on specific costs. Interest income is recorded when earned and dividends are recorded on the ex-dividend date. Participant loans are valued at the amount of unpaid principal, which approximates fair value. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation of those investments.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation) or on the last day of the year for unrealized appreciation (depreciation).

Payment of Benefits – Benefits are recorded when paid.

Reclassifications – Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events – The Plan's management has evaluated subsequent events through October 13, 2010, the date which the financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Fair value of investments as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2009 and 2008 which totals $14,005,523 and $10,900,336, respectively.

C. INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN (Continued)

- Net investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009 which totals $2,782,586.

- Information disclosed in Note D of these financial statements.

- Schedule of Assets Held for Investment Purposes as of December 31, 2009, as shown on Schedule H, Part IV, Line 4 (i) – Schedule of Assets (Held at End of Year).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

D. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31	
	2009	2008
Fidelity Mutual Funds:		
Growth Co.	$ 2,343,054	$ 1,520,074
Growth & Income	< 5%	$ 637,925
Blue Chip Growth	$ 2,183,109	$ 1,418,312
Diversified International	$ 1,375,393	$ 1,148,678
Spartan U.S. Equity Index	$ 1,156,316	$ 1,039,880
Retired Government Money Market	$ 1,138,356	$ 1,367,946
U.S. Bond Index	$ 1,746,569	$ 1,327,198

During 2009, the Plan's investments (including gains and losses on investments, bought, sold and held during the year) appreciated in value by $2,568,471 and related entirely to mutual funds.

E. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements & Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

E. FAIR VALUE MEASUREMENTS (Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Money market funds: Valued at net asset values (NAV) of funds as of the plan year end.

Mutual funds: Valued at the NAV of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. FAIR VALUE MEASUREMENTS (Continued)

The following are the major categories of assets and liabilities measured at fair value on a recurring basis during the year ended December 31, 2009 and 2008, using quoted market prices in active markets for identical assets (Level 1), significant other observable inputs (Level 2), and significant unobservable inputs (Level 3):

Description	Level 1: Quoted Prices in Active Markets for Identical Assets	Level 2: Significant Other Observable Inputs	Level 3: Significant Unobservable Inputs	Total
	Assets at Fair Value as of December 31, 2009

Total assets at fair value	$ 10,423,453	$ -	$ 476,883	$ 10,900,336

E. FAIR VALUE MEASUREMENTS (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 476,883
Purchases, sales, issuances, and settlements (net)	112,777
Balance, end of year	$ 589,660

F. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include participant loans and shares of funds managed by an affiliate of Fidelity Investments, the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest. Fees paid to Fidelity Investments amounted to $7,879 for the year ended December 31, 2009

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, participants will become 100% vested in Company contributions.

H. TAX STATUS

The Plan has been amended to a nonstandardized plan of Fidelity Investments Institutional Retirement Services Company, Inc. effective from June 12, 2003. The Plan has received a determination letter dated February 24, 2004, from the Internal Revenue Service indicating a favorable determination on the Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of changes in net assets available for benefits.

The Plan invests in mutual funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Administrative Committee
of the Jafra Cosmetics International, Inc. 401(k) Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Jafra Cosmetics International, Inc. 401(k) Savings Plan (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the Supplemental Schedule H, line 4(i) – Schedule of Assets (Held At End of Year) as of December 31, 2009 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee, as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us and in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. DESCRIPTION OF PLAN

The following description of the Jafra Cosmetics International, Inc. 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General – The Plan, which was adopted as of May 1, 1998, is a defined contribution benefit plan covering all full-time employees of Jafra Cosmetics International, Inc. (the "Company"). The Company's Employee Benefit Plan Committee and the Plan administrator control and manage the operation and administration of the Plan. Fidelity Management Trust Company ("Fidelity" or "Trustee") is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Jafra Cosmetics International, Inc. ("Plan sponsor") is a wholly-owned subsidiary of Jafra Worldwide Holding (Lux) S.ar.l., a Luxembourg *societe a responsabilite limitee* (the "Parent"), which is a wholly-owned direct subsidiary of Jafra S.A. (formerly known as CDRJ North Atlantic (Lux) S.ar.l), a Luxembourg *societe anonyme* (Jafra S.A.). Jafra S.A. was a wholly-owned subsidiary of CDRJ Investments (Lux) S.A., a Luxembourg *societe anonyme* (CDRJ). On May 27, 2004, Vorwerk & Co. eins GmbH acquired all of the issued and outstanding capital stock of Jafra S.A. (the "Acquisition"). As a result of the Acquisition, 100% of the voting securities of the Parent are held indirectly by Vorwerk & Co. eins GmbH, which is an indirect wholly-owned subsidiary of Vorwerk & Co. KB, a family-owned company based in Wuppertal, Germany.

Contributions – Each year, participants may contribute from 2% to 100% of eligible compensation, as defined in the Plan. The first 10% is split evenly between tax-deferred and after-tax contributions. For contributions greater than 10% and up to 100% of compensation, the employee may choose between tax-deferred and after-tax contributions. The Company makes matching contributions of 50% of the participants contribution up to 10% of an employee's eligible compensation. The Company may also make annual discretionary profit sharing contributions in an amount to be determined at Plan year-end by the sponsor. For the year ended December 31, 2009, the Company did not make any discretionary contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of the investment earnings of each fund in which the participant owns shares, based upon the number of shares owned by the participant.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions plus actual earnings thereon is based on years of credited service. A participant is 100% vested after two years of credited service.

A. DESCRIPTION OF PLAN (Continued)

Participant Loans – Participants may borrow from their accounts in amounts ranging from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range from one to five years or up to 10 years for the purchase of a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Payment of Benefits – On termination of service due to death or disability, a participant will automatically become vested in the Company contributions plus actual earnings thereon in his or her account. A participant who terminates service shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants who continue in employment after the date as of which distribution of their vested interest must commence, in accordance with the requirements of Section 401(a)(5) of the Internal Revenue Code (the "Code"), may elect to receive their distribution in periodic payments pursuant to the requirements of this section of the Code. Department of Labor regulations require that the Plan not accrue for amounts payable to participants. Participants' withdrawals decrease net assets available to participants only when they are actually disbursed.

Forfeited Accounts – A participant's unvested portion of Company contributions, if any, will be forfeited upon termination and will be used to reduce future Company contributions, or to pay administrative expenses, as determined by the Company. Forfeited nonvested accounts totaled $2,456 at December 31, 2009. During 2009, forfeited nonvested accounts of $7,879 were used to pay administrative expenses of the Plan.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

B. SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. Shares in mutual funds are valued at quoted market prices from national exchanges, which represent the net asset value of shares held by the Plan at year end. Investments in securities traded on a national exchange are valued at the last reported sales price on the last business day of the year.

Purchases and sales of securities are recorded on the trade date. Gain or loss on sales of securities are recorded on the trade date and is based on specific costs. Interest income is recorded when earned and dividends are recorded on the ex-dividend date. Participant loans are valued at the amount of unpaid principal, which approximates fair value. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation of those investments.

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation) or on the last day of the year for unrealized appreciation (depreciation).

Payment of Benefits – Benefits are recorded when paid.

Reclassifications – Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events – The Plan's management has evaluated subsequent events through October 13, 2010, the date which the financial statements were available to be issued.

C. INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Fair value of investments as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2009 and 2008 which totals $14,005,523 and $10,900,336, respectively.

C. INFORMATION CERTIFIED BY THE INVESTMENT CUSTODIAN (Continued)

- Net investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009 which totals $2,782,586.

- Information disclosed in Note D of these financial statements.

- Schedule of Assets Held for Investment Purposes as of December 31, 2009, as shown on Schedule H, Part IV, Line 4 (i) – Schedule of Assets (Held at End of Year).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

D. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31	
	2009	2008
Fidelity Mutual Funds:		
Growth Co.	$ 2,343,054	$ 1,520,074
Growth & Income	< 5%	$ 637,925
Blue Chip Growth	$ 2,183,109	$ 1,418,312
Diversified International	$ 1,375,393	$ 1,148,678
Spartan U.S. Equity Index	$ 1,156,316	$ 1,039,880
Retired Government Money Market	$ 1,138,356	$ 1,367,946
U.S. Bond Index	$ 1,746,569	$ 1,327,198

During 2009, the Plan's investments (including gains and losses on investments, bought, sold and held during the year) appreciated in value by $2,568,471 and related entirely to mutual funds.

E. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements & Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

E. FAIR VALUE MEASUREMENTS (Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Money market funds: Valued at net asset values (NAV) of funds as of the plan year end.

Mutual funds: Valued at the NAV of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. FAIR VALUE MEASUREMENTS (Continued)

The following are the major categories of assets and liabilities measured at fair value on a recurring basis during the year ended December 31, 2009 and 2008, using quoted market prices in active markets for identical assets (Level 1), significant other observable inputs (Level 2), and significant unobservable inputs (Level 3):

Description	Level 1: Quoted Prices in Active Markets for Identical Assets	Level 2: Significant Other Observable Inputs	Level 3: Significant Unobservable Inputs	Total

Total assets at fair value	$ 10,423,453	$ -	$ 476,883	$ 10,900,336

E. FAIR VALUE MEASUREMENTS (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, beginning of year	$ 476,883
Purchases, sales, issuances, and settlements (net)	112,777
Balance, end of year	$ 589,660

F. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include participant loans and shares of funds managed by an affiliate of Fidelity Investments, the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest. Fees paid to Fidelity Investments amounted to $7,879 for the year ended December 31, 2009

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, participants will become 100% vested in Company contributions.

H. TAX STATUS

The Plan has been amended to a nonstandardized plan of Fidelity Investments Institutional Retirement Services Company, Inc. effective from June 12, 2003. The Plan has received a determination letter dated February 24, 2004, from the Internal Revenue Service indicating a favorable determination on the Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of changes in net assets available for benefits.

The Plan invests in mutual funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
