NOTE 1--SUMMARY DESCRIPTION OF PLAN

The following description of The Winsford Corporation 401(K) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General--The Plan is a defined contribution 401(k) profit-sharing plan covering all full-time employees of The Winsford Corporation (the Plan Sponsor) who have completed at least six months of service and are at least 21 years of age.

Contributions--The Plan permits eligible employees to contribute a percentage of their base compensation, subject to certain Internal Revenue Code limitations. The Plan Sponsor may make matching contributions equal to a percentage of the employee before-tax contributions. Every January 1 and July 1, participants have the opportunity to change their contribution percentages. The Plan Sponsor matches a percentage of participants' contributions up to a maximum of five percent of the employee's compensation, and the match percentage is set every year. For the year ended December 31, 2011, the Plan Sponsor match was 25 percent of the participants' contributions.

Participant Accounts--Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Plan Sponsor's matching contribution, and allocations of (1) Plan Sponsor discretionary contributions and (2) Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan states investments be participant-directed.

Vesting--Participants in the Plan vest immediately in their contributions and allocable income, and vest at the rate of 20 percent per year in the Plan Sponsor's matching contribution (contingent upon a minimum of 1,000 hours service within the Plan year) over a five-year period.

Plan Termination--Although it has not expressed an interest to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of the Plan's termination, participants become fully vested.

Payment of Benefits--Upon normal retirement, the participant may elect, in writing, to receive benefits equal to the vested value of their account in the form of a single-sum payment.

NOTE 1--SUMMARY DESCRIPTION OF PLAN--Continued

Participant Loans--The Plan permits participants to borrow from the participant's Plan account for certain specified purposes or in the event of financial hardship. Loans are available to all participants. The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their account balance with a minimum loan of $1,000. The interest for the loans is determined as of the date of the loan, at the prime rate plus two percent.

Forfeitures--The Plan states that unvested forfeitures by participants first be used to reduce administrative fees and then reduce employer matching contributions. Forfeitures in 2011 were $507.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting--The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates--The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

Investments--Investments are carried at fair value on the last business day of the year as determined by John Hancock.

Investment Contracts with Insurance Company--The Plan invests in benefit responsive contracts with John Hancock. John Hancock maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the Plan by John Hancock. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administration expenses. Contract value is considered to be equal to fair value as earnings includes mark to market adjustments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Payment of Benefits--Benefits are recorded when paid. There were no benefits payable at December 31, 2011 and 2010.

NOTE 3--SUMMARY OF INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was prepared by John Hancock Life Insurance Company, the Custodian of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Custodian that such information is complete and accurate:

a) Investments as indicated on the statements of net assets available for benefits as of December 31, 2011 and 2010;

b) Investment income as indicated on the statement of changes in net assets available for benefits for the year ended December 31, 2011;

c) All information included in Note 4; and

d) Investments included in the supplemental schedule of assets held for investment purposes as of December 31, 2011.

NOTE 4--INVESTMENTS

The Plan's investments representing five percent or more of the Plan's net assets available for benefits as of December 31, 2011 and 2010 are as follows:

	2011	2010
3-Year Compound Account	$ 257,517	$ 328,625
Money Market	223,986	201,998
Lifestyle Balanced Fund	247,431	186,413
Lifestyle Aggressive Fund	255,677	318,141
Lifestyle Growth Fund	243,044	277,389
T. Rowe Price Spectrum	205,379	198,386
Templeton World Fund		206,371
Index 500 Stock Fund		299,636

During 2011, the Plan's investments in insurance company pooled separate accounts (including gains and losses on investments bought and sold, as well as held, during the year) decreased in value by ($109,327).

NOTE 5--RELATED PARTY TRANSACTIONS

Certain of the Plan's investments are insurance company pooled separate accounts managed by John Hancock. The Plan also has insurance policies with John Hancock. John Hancock is the Custodian and insurance provider and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services and insurance commissions amounted to $23,329 for the year ended December 31, 2011.

Prohibited transactions in the form of delinquent employee contributions from the Plan Sponsor were $111,219 during the year ended December 31, 2011.

NOTE 6--TAX STATUS

The Plan has applied for but has not received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (Code). However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and therefore the Plan and related trust are exempt from taxation.

NOTE 7--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* defines fair value, establishes a framework for measuring fair value, and requires enhanced disclosures about fair value measurements.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy is categorized into three levels based on the inputs as follows:

Level 1--Quoted market prices in active markets for identical assets or liabilities. The Plan's level 1 assets are valued at the closing price reported on the active market on which the individual securities are traded.

Level 2--Observable market-based inputs, either directly or indirectly, but are other than quoted prices in actively traded markets. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liabilities, and market-corroborated inputs.

NOTE 7--FAIR VALUE MEASUREMENTS--Continued

Level 3--Unobservable inputs, including situations where there is little, if any, market activity for the financial instrument and are significant to the fair value measurement. Unobservable inputs reflect the Plan's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the determination for which category within the fair value hierarchy is appropriate is based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair values of assets and liabilities measured on a recurring basis at December 31, 2011 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Investments				
Insurance company guaranteed accounts	$ 326,129	$	$ 326,129	$
Pooled accounts	3,167,567	3,167,567		
Participant loans	166,790			166,790
TOTAL INVESTMENTS	$ 3,660,486	$ 3,167,567	$ 326,129	$ 166,790

Fair values of assets and liabilities measured on a recurring basis at December 31, 2010 are as follows:

	Fair Value	Level 1	Level 2	Level 3
Investments				
Insurance company guaranteed accounts	$ 409,326	$	$ 409,326	$
Pooled accounts	3,115,414	3,115,414		
Participant loans	181,831			181,831
TOTAL INVESTMENTS	$ 3,706,571	$ 3,115,414	$ 409,326	$ 181,831

For assets and liabilities measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the period, SFAS 157 requires a reconciliation of the beginning and ending balances, separately for each major category of assets and liabilities, except for derivative assets and liabilities, which may be presented net. A reconciliation of the Plan's investment activity for the year ended December 31, 2011 with regard to its beneficial interest in assets held at John Hancock follows:

	Participant Loans
Beginning balance	$ 181,831
Purchases, sales, issuances and settlements	(15,041)
ENDING BALANCE	$ 166,790

NOTE 8--SUBSEQUENT EVENTS

In April 2012, the Plan changed custodians from John Hancock Life Insurance Company to The Hartford.

Subsequent events were evaluated through October 9, 2012, which is the date the financial statements were available to be issued, and it was concluded that no material subsequent events have occurred that would require adjustment to the financial statements or disclosure in the notes to the financial statements.
