KRUGER FOODS, INC.
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - PLAN DESCRIPTION

The following description of the Kruger Foods, Inc Profit Sharing Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a) General

The Plan is a defined contribution plan covering employees of Kruger Foods, Inc. (the Company) who have completed one year of service (1,000 hours), are at least 21 years old and are not covered by the terms of a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b) Contributions

Beginning January 1, 2008, participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a matching contribution equal to 25% of the first 6% of compensation. In addition, the Company may make discretionary profit sharing contributions to the Plan. Contributions are subject to certain limitations.

c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions, (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant's account balance, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) Vesting

Participants are immediately vested in full for their voluntary contributions, rollover contributions, and the employer's safe-harbor matching contributions. Vesting in the Company's other matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six continuous years of credited service. Employer vesting schedule for plan participants is as follows:

NOTE 1 - PLAN DESCRIPTION (Continued)

d) Vesting (Continued)

End of year 1	0%
End of year 2	20%
End of year 3	40%
End of year 4	60%
End of year 5	80%
End of year 6	100%

e) Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear interest at reasonable rate, which is to be determined by the plan administrator.

Payment terms of the loan are a maximum of five years. If used to purchase the participant's principal residence, however, the plan administrator may permit a longer repayment term.

Principal and interest payments must be made at least quarterly. Participants make payments ratably through payroll deductions.

f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annuity benefit payments, or systematic withdrawals. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

g) Forfeited Accounts

At December 31, 2009 and 2008, forfeited non-vested accounts totaled $4,763 and $1,203, respectively. These forfeitures will be used first to pay any administrative expenses, and then any remaining forfeitures will reduce future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d) Benefits Payments

Benefits to participants are recorded when paid.

e) Operating Expenses

All significant investment management services are paid by the participants. Other professional fees related to the Plan, including audit fees, are paid by the plan sponsor.

f) Subsequent events

The Plan has evaluated subsequent events through October 13, 2010, the date the financial statements were available to be issued.

NOTE 3 - CONCENTRATION OF CREDIT RISK

The Plan maintains a cash balance at a financial institution that, at times, may exceed the federally insured limits. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant credit risk on cash.

NOTE 4 - INVESTMENTS

The following presents investments at December 31, 2009 and 2008, which represents 5% or more of the Plan's net assets.

Changes in Net Assets:	
Common stocks	$ (2,725)
Limited partnerships	(25,698)
Net depreciation	$ (28,423)

NOTE 6 - FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

See Independent Auditors' Report.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Registered investment companies: Investments in mutual funds are valued at the net asset value per share at the close of each business day as reported by each Fund, which value their securities at fair value.

Insurance Company General Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Common stock: Investments in common stock are valued at quoted prices on the New York Stock Exchange per share the close of each business day as reported by each Company, which value their securities at fair value.

Limited Partnerships: Certain investments in limited partnerships are valued at the appraised value of the limited partnership per unit owned by the Plan as of December 31, 2009 and 2008. Other investments in limited partnerships are valued at management's estimate of fair value based on liquidity of the investment and the lack of primary or secondary markets available in which to liquidate these investments.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

See Independent Auditors' Report.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Plan Benefits.

NOTE 7 - FINANCIAL INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained a certification from John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments in the trust fund administered by the custodian, interest income, and all information in the supplemental schedule is presented in reliance solely upon that certification, and has not been audited by the independent auditors.

NOTE 8 - RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by John Hancock Life Insurance Company (U.S.A.). John Hancock is the custodian as defined by the Plan for the years ended December 31, 2009 and 2008, and, therefore, these transactions qualify as related-party transactions.

NOTE 9 - DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year, it was noted that there were unintentional delays by the Company in submitting 2009 employee deferrals in the amount of $7,461, to the custodian. The amount of delinquent contributions carried over from 2008 and paid in 2009 was $9,363. The Company has decided to enter the Voluntary Fiduciary Correction Program in 2010.

See Independent Auditors' Report.

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intent to do so, Kruger Foods, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants will become 100 % vested in their individual accounts.

NOTE 11 - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 12 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for plan benefits.

NOTE 13 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The December 31, 2009, Form 5500 was prepared under the accrual basis of accounting and, thus, the asset and liability amounts reported on the Form 5500, as well as the net changes in plan assets, are in agreement in total with the amounts included in the accompanying financial statements. There are classification differences between the December 31, 2009, financial statements and Form 5500, but due to the fact that the totals agree, a reconciliation to Form 5500 has not been prepared.

The December 31, 2008, Form 5500 was prepared under the accrual basis of accounting and, thus, the asset and liability amounts reported in the Form 5500 are in agreement in total with the amounts included in the accompanying financial statements.

See Independent Auditors' Report.

NOTE 14 - PLAN AMENDMENTS

Effective October 26, 2009, the plan was amended for distributions to participants to be either: 1) a lump-sum payment, or 2) a partial distribution ($1,000 minimum). If the participant's total vested balance does not exceed $5,000, only a lump-sum payment may be distributed.

Effective December 10, 2009, the plan was amended to be in compliance with the Pension Protection Act and Heart Act.
