INDEPENDENT AUDITOR'S REPORT

To the Trustees of
the SHN Consulting Engineers & Geologists, Inc. 401(k) Profit Sharing Plan and Trust

We were engaged to audit the accompanying statements of net assets available for benefits of the SHN Consulting Engineers & Geologists, Inc. 401(k) Profit Sharing Plan and Trust as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedules as of and for the year ended December 31, 2009 as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note L, which was certified by First Mercantile Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE A - DESCRIPTION OF PLAN

The following description of the SHN Consulting Engineers & Geologists, Inc. ("Company") 401(k) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Non-excluded employees of the Company, as defined by the Plan agreement, initially become eligible to make salary deferral contributions and receive employer matching contributions upon the employment commencement date, provided the employee is at least 21 years of age. According to the Plan agreement, eligible employees may immediately enter the Plan once they satisfy the eligibility requirements. In order to receive an allocation of the Company's discretionary profit sharing contribution, an employee must have completed 1,000 hours of service during the Plan year and be actively employed on the last day of the Plan year.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, not to exceed $16,500 and $15,500 in 2009 and 2008, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of $5,500 and $5,000 in 2009 and 2008, respectively. The Plan agreement allows for rollover contributions for all eligible employees or participants. Participants direct the investment of their contributions into various investment options under a common collective trust established and maintained by First Mercantile Trust Company. These investment options currently consist of ten collective investment funds maintained by First Mercantile Trust Company, who also provides administrative and recordkeeping services for the Plan. The underlying investments of the collective investment funds maintained by First Mercantile Trust Company and offered by the Plan consist primarily of mutual funds. The Company makes a safe harbor matching contribution equal to 100% of each participant's salary deferral contributions not exceeding 3% of the participant's compensation, plus 50% of each participant's salary deferral contributions in excess of 3% but not in excess of 5% of the participant's compensation. Additional discretionary match contributions may be made at the option of the Company, up to 4% of the participant's compensation. Additional profit sharing amounts may be contributed at the option of the Company. For 2009 and 2008, the Company did not make discretionary contributions in excess of the safe harbor matching contributions. Overall contributions are subject to certain limitations.

NOTE A - DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested in the Company's matching contribution portion of their accounts at all times. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in this portion after six years of credited service as follows:

Vesting Schedule
Profit Sharing Contributions

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans must be secured, and are generally secured by the vested balance in the participant's account. The loans bear interest at the prime rate at the date of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or leave the balance in the Plan if the vested interest exceeds $5,000.

Participants direct the investment of their contributions into various investment options under a common collective trust established and maintained by First Mercantile Trust Company. These investment options currently consist of ten collective investment funds maintained by First Mercantile Trust Company, who also provides administrative and recordkeeping services for the Plan. The underlying investments of the collective investment funds maintained by First Mercantile Trust Company and offered by the Plan consist primarily of mutual funds. The Company makes a safe harbor matching contribution equal to 100% of each participant's salary deferral contributions not exceeding 3% of the participant's compensation, plus 50% of each participant's salary deferral contributions in excess of 3% but not in excess of 5% of the participant's compensation. Additional discretionary match contributions may be made at the option of the Company, up to 4% of the participant's compensation. Additional profit sharing amounts may be contributed at the option of the Company. For 2009 and 2008, the Company did not make discretionary contributions in excess of the safe harbor matching contributions. Overall contributions are subject to certain limitations.

NOTE A - DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested in the Company's matching contribution portion of their accounts at all times. Vesting in the Company's discretionary profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in this portion after six years of credited service as follows:

Vesting Schedule
Profit Sharing Contributions

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans must be secured, and are generally secured by the vested balance in the participant's account. The loans bear interest at the prime rate at the date of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or leave the balance in the Plan if the vested interest exceeds $5,000.

NOTE A - DESCRIPTION OF PLAN (continued)

Forfeited Accounts

It was noted during the 2007 audit that the Plan erroneously calculated forfeiture amounts related to employer safe harbor matching contributions for eleven participants who withdrew from the Plan from 2002 through 2007. During 2008 the Company made six distributions, totaling $5,639, to correct the operational error. During 2009 the Company's third party administrator contributed $526 as part of the forfeiture correction process, which was subsequently distributed to one participant. The corrective contribution is included as part of other income on the statement of changes in net assets available for benefits. As of the date of the audit report, the Plan administrator is in the process of finalizing corrective distributions for all remaining affected participants.

In addition to the participants described above, there were $147 and $0 in forfeited funds included in net assets available for benefits at December 31, 2009, and 2008, respectively. The forfeited amounts are first used to pay administrative expenses of the Plan. Any remaining forfeited funds are used to reduce Company contributions to the Plan.

Plan Restatement

In October 2009, the Plan was retroactively restated, per EGTRRA, to various effective dates, depending on each specific provision.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP-94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment in contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on the contract value basis.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Each collective investment fund established and maintained by First Mercantile Trust Company is subdivided into units. The Plan has a proportionate interest in the assets of the funds in which it is invested and shares ratably in the income or losses thereof as determined by its ownership of units. The net asset values of the collective investment funds are determined daily by First Mercantile Trust Company, and net investment income and realized gains are not distributed but rather reinvested and reflected in the net asset values of the funds.

The valuation of the assets comprising each fund within the common collective trust is performed by the trustee of the collective investment funds, First Mercantile Trust Company, and is based on fair value, except where noted under the basis of accounting note above. The fair values are generally determined based on quoted market prices of the funds' investments. Investments in mutual funds are valued at the net asset value of shares held by each fund at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Participant loans are valued at their outstanding balances, which approximate fair value.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

With the exception of certain non-settlor expenses, the expenses of maintaining the Plan are paid by the Company.

NOTE C - INVESTMENTS

The following presents investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets.

	2009	2008
Collective Investment Funds of First Mercantile Trust Company:		
FMT/DFA U.S. Small Cap Portfolio Fund	$ 560,900	$ 370,800
FMT/DFA U.S. Targeted Value Fund	593,503	407,564
FMT/DFA Five-Year Global Fixed Income Fund	414,261	349,152
FMT/DFA U.S. Large Company Fund	399,905	293,330
FMT/DFA U.S. Large Cap Value Fund	536,672	376,358
FMT/DFA International Value Fund	460,643	275,251
FMT/DFA Intl Small Cap Value Fund	484,612	295,144
ABN-AMRO Income Plus Fund	346,301	351,159
FMT/Vanguard Total Bond Market Index Fund	399,937	363,068

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Interest in common collective trust	$ 768,873
Mutual funds	0
Common stock	0
Corporate bonds	0
U.S. Government securities	0
	$ 768,873

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
  - Quoted prices for similar assets or liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in inactive markets
  - Inputs other than quoted prices that are observable for the asset or liability
  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2009 and 2008.

- *Common collective trust units.* Valued at the net asset value of units held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level within the fair value hierarchy the plan's assets at fair value as of December 31, 2009 and 2008:

Description	Level 1	Level 2	Level 3	Total
Common Collective Trust Investments				
December 31, 2009	$ 3,898,541	$ 334,023	$ 0	$ 4,237,564
December 31, 2008	$ 2,798,554	$ 323,247	$ 0	$ 3,121,801

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their employer contributions.

NOTE F - TAX STATUS

The Plan obtained its latest determination letter on August 30, 2001 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - RELATED PARTY TRANSACTIONS

Plan investments are in the form of common collective trust units managed by First Mercantile Trust. First Mercantile Trust has a fiduciary responsibility to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for management services and record keeping to First Mercantile Trust amounted to $12,782 for the year ended December 31, 2009.

Fees paid to Premier Financial Group, an investment consultant with a fiduciary responsibility to the Plan, amounted to $19,730 for the year ended December 31, 2009.

NOTE I – EXTRAORDINARY EVENTS

In 2009, the company received settlement checks from Deutsche Investment Management Americas, Inc. related to a settlement established by the New York Attorney General's Office as a result of the Assurance of Discontinuance dated December 20, 2006. The checks, totaling $8,118, were forwarded to First Mercantile Trust and deposited into the applicable participant accounts. The settlement income is included in the statement of changes in net assets available for benefits as part of other income.

NOTE J - SUBSEQUENT EVENTS

In accordance with ASC 855, Plan management evaluated subsequent events through October 4, 2010, the date these financial statements were available to be issued. There were no material events that required recognition or additional disclosure in these financial statements.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
