4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete 4j and 4l. MTIAs also do not complete 4l.

During the plan year:

		Yes	No	Amount
a	Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	4a		X	
b	Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	4b		X	
c	Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	4c		X	
d	Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	4d		X	
e	Was this plan covered by a fidelity bond?	4e	X		5000000
f	Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	4f		X	
g	Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	4g		X	
h	Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	4h		X	
i	Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	4i	X		
j	Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked, and see instructions for format requirements.)	4j		X	
k	Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	4k		X	
l	Has the plan failed to provide any benefit when due under the plan?	4l		X	
m	If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	4m		X	
n	If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	4n		X

Independent Auditor's Report

To the Plan Administrator
Peak6 Investments, LP 401(k) PS Plan
Chicago, Illinois

We were engaged to audit the accompanying statements of net assets available for benefits of the Peak6 Investments, LP 401(k) PS Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified or provided, by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 5, the Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy, of the investment information provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2009, and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Peak6 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees (as defined) of PEAK6 Investments LP, (the Partnership). Such employees are eligible to participate in the Plan as of the first day of the month following the latter of the date of hire or the attainment of 18 years of age. Participants can begin contributing upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions: The Plan is designed as a qualified cash deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions:

Participant contributions: The Partnership may allow participants to enter into a special salary reduction agreement to make deferral contributions in an amount up to 100 percent of their compensation for any payroll period(s) or cash bonuses designated by the Partnership provided that the total amount of contribution does not exceed the lesser of 60 percent of participant's pre-tax annual compensation or (as adjusted from time to time pursuant to Section 402(g)(5) of the Internal Revenue Code) $16,500 in 2009 ($22,000 for participants over the age of 50). Such contributions are deducted from the participant's direct compensation and excluded from the participant's reportable wages for the year. Participants may change the amount of their salary deferral as of the beginning of each payroll period.

Participants can designate through an irrevocable election, some or all of the participant's contribution as a Roth deferral contribution subject to the same contribution limitations as 401(k) contributions.

Participant rollover contributions: A participant may contribute amounts distributed or transferred from another qualified deferred compensation plan.

Matching Partnership contributions: Contributions, if any, may be made annually at the discretion of the Partnership on behalf of eligible employees who made participant contributions and earned at least 1,000 hours of service during the plan year and were employed as of the last day of the plan year. For 2009, the Partnership authorized a discretionary contribution of the lesser of 65 percent of compensation deferred by the employee or 75 percent of 6 percent of compensation, a total of $1,371,360.

Partnership profit sharing contributions: Contributions, if any, may be made annually at the discretion of the Partnership to eligible employees who earned at least 1,000 hours of service during the plan year and were employed as of the last day of the plan year. For 2009, the Partnership did not authorize any such contributions.

Participant loans: Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of the vested account balance, or $50,000. A participant may have only one loan outstanding at any given time. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence, and are due and payable in full upon termination of employment or death. The loans are secured by the balance in the participant's account. The loans outstanding bear interest at the prevailing market rate at the time of loan origination. Loans outstanding at December 31, 2009 bear interest from 7.50 to 8.25 percent, and principal and interest is repaid ratably through payroll deductions.

Note 1. Description of Plan (Continued)

Investments and investment options: The assets of the Plan are held by Fidelity Management Trust Company, Trustee of the Plan. Upon enrollment a participant may direct employee and Partnership contributions, if any, into a variety of registered investment companies daily.

Participants' accounts: Participants' accounts are credited with their contributions, rollover contributions, the employer matching and profit sharing contributions, if any, plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Partnership's matching and profit sharing portions of their accounts plus actual earnings thereon are vested 10 percent after one year of service, 20 percent after two years of service, 40 percent after three years of service, 60 percent after four years of service, and fully vested after five years of credited service, or upon death, disability, or normal retirement.

Payments of benefits: Upon proven financial hardship, or termination of service due to normal retirement, or disability, a participant or beneficiary will receive a lump sum distribution equal to the vested balance of their accounts. Upon death, if a participant is an employee of the Partnership, their account balance becomes 100 percent vested.

Effective July 29, 2009, upon termination of service, the Plan will automatically distribute the participant's vested account balance not exceeding $1,000.

Forfeited accounts: Forfeitures of unvested portions of terminated participants' accounts are to be retained by the Plan and will be used first to pay the Plan's administrative expenses. Any remaining forfeited balances will be used to reduce future employer contributions payable to the Plan. Forfeited nonvested balances at December 31, 2009 and 2008 totaled $155,944 and $652,178, respectively. The Partnership used forfeitures of $10,725 to pay administrative expenses and $671,937 to reduce 2008 Partnership contributions paid in 2009.

Plan administration: The Plan is administered by the Partnership pursuant to the terms and conditions of the Plan and trust. The Partnership pays for substantially all administrative expenses of the Plan, except for fees incurred for loan administration and the management of registered investment companies.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared on the accrual basis of accounting.

Accounting policies: The Plan follows accounting standards established by the Financial Accounting Standards Board (the FASB) to ensure consistent reporting. References to Generally Accepted Accounting Principles (GAAP) in these footnotes are to the *FASB Accounting Standards Codification*™, sometimes referred to as the Codification or ASC. The Codification was effective for periods ended on or after September 15, 2009.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a detailed discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Recent accounting pronouncements: In January 2010, FASB issued an amendment on *Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements*, which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. With respect to matters other than Level 3 measurements, the amendment was effective and not yet adopted for periods beginning on or after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. The Plan Administrator of the Plan Sponsor is currently evaluating the impact of the above guidance on the Plan disclosures.

In September 2010, FASB issued an amendment, *Plan Accounting—Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment is effective for periods ending after December 15, 2010, with early adoption permitted. This amendment requires retrospective application to all periods presented. This amendment has not yet been adopted. The Plan Administrator is currently evaluating the impact of this amendment.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2010, the date these financial statements were available to be issued.

Reclassification: Certain amounts in the 2008 financial statements have been reclassified to conform to the 2009 presentation without affecting previously reported net assets available for benefits or changes in net assets available for benefits.

Note 3. Fair Value Measurements

FASB guidance on *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Shares of registered investment companies: Valued at the net asset value of shares held by the Plan at year-end based on quoted market prices.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Note 3. Fair Value Measurements (Continued)

Balance, January 1, 2009	$ 110,505
Loan interest	74
Loan issuances and repayments (net)	3,770
Balance, December 31, 2009	$ 114,349

Note 4. Investments

The fair values of individual investments that represent 5 percent or more of the Plan's net assets as of December 31, 2009 and 2008, are as follows:

	2009	2008
Shares of registered investment companies:		
Fidelity Money Market Fund	$ 2,199,421	$ 1,612,573
Fidelity International Discovery Fund	2,052,375	1,424,679
Fidelity Contrafund	2,135,481	1,504,712
American Century Large Company Value Fund	885,668	* 742,816
Fidelity Strategic Income Fund	1,470,739	828,283
Fidelity Leveraged Company Stock Fund	1,683,368	852,743

*Investment balances less than 5 percent are presented for comparative purposes only.

During 2009, the Plan's investments in shares of registered investment companies (including gains and losses on investments bought and sold, as well as held during each year) appreciated in fair value by $4,004,202.

Note 5. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the investment information as of December 31, 2009 and 2008, and for the year ended December 31, 2009, included throughout the Plan's financial statements and supplemental schedule that was prepared from information certified or provided by Fidelity Management Trust Company, the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information in Note 5 which appears throughout the financial statements and supplemental schedule related to the following investments:

	2009	2008
Statements of net assets available for benefits		
Shares of registered investment companies	$ 19,462,604	$ 11,794,757
Participant loans	114,349	110,505
	$ 19,576,953	$ 11,905,262

The Trustee also certified to the completeness and accuracy of $4,004,202 of net appreciation in fair value of investments and $308,773 of interest and dividends related to the aforementioned investments for the year ended December 31, 2009.

Note 6. Parties-in-Interest

Certain plan investments are shares of registered investment companies managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Certain employees of the Partnership provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

Note 8. Reconciliation of Financial Statements to Form 5500

The following table reconciles net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	$ 20,948,313	$ 13,182,462
Employer contribution receivable	(1,371,360)	(1,221,395)
Participant contribution receivable	-	(55,805)
Net assets available for benefits per the Form 5500	$ 19,576,953	$ 11,905,262
Net increase (decrease) per the statement of changes in net assets available for benefits per the financial statements	$ 7,765,851	$ (2,107,110)
Net adjustment to reflect participant and employer contributions on the accrual basis	(94,160)	(161,923)
Net increase (decrease) per the Form 5500	$ 7,671,691	$ (2,269,033)

Note 9. Tax Status

Effective November 27, 2009, the Plan adopted a volume submitter defined contribution plan sponsored by Fidelity Management Trust Company. The volume submitter plan has received an opinion letter dated March 31, 2008 form the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirement of the IRS. The volume submitter plan opinion letter has been relied upon by this Plan.

The FASB issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management of the Plan Sponsor evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2006.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Subsequent Event

Effective March 1, 2010, eligible employees are automatically enrolled in the Plan with a 6 percent pre-tax annual salary deferral rate. Employees may cancel their participation in the Plan at any time.

Independent Auditor's Report

To the Plan Administrator
Peak6 Investments, LP 401(k) PS Plan
Chicago, Illinois

We were engaged to audit the accompanying statements of net assets available for benefits of the Peak6 Investments, LP 401(k) PS Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified or provided, by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 5, the Plan Administrator has obtained certifications from the trustee regarding the completeness and accuracy, of the investment information provided to the Plan Administrator by the trustee as of and for the year ended December 31, 2009, and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Peak6 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees (as defined) of PEAK6 Investments LP, (the Partnership). Such employees are eligible to participate in the Plan as of the first day of the month following the latter of the date of hire or the attainment of 18 years of age. Participants can begin contributing upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Contributions: The Plan is designed as a qualified cash deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions:

Participant contributions: The Partnership may allow participants to enter into a special salary reduction agreement to make deferral contributions in an amount up to 100 percent of their compensation for any payroll period(s) or cash bonuses designated by the Partnership provided that the total amount of contribution does not exceed the lesser of 60 percent of participant's pre-tax annual compensation or (as adjusted from time to time pursuant to Section 402(g)(5) of the Internal Revenue Code) $16,500 in 2009 ($22,000 for participants over the age of 50). Such contributions are deducted from the participant's direct compensation and excluded from the participant's reportable wages for the year. Participants may change the amount of their salary deferral as of the beginning of each payroll period.

Participants can designate through an irrevocable election, some or all of the participant's contribution as a Roth deferral contribution subject to the same contribution limitations as 401(k) contributions.

Participant rollover contributions: A participant may contribute amounts distributed or transferred from another qualified deferred compensation plan.

Matching Partnership contributions: Contributions, if any, may be made annually at the discretion of the Partnership on behalf of eligible employees who made participant contributions and earned at least 1,000 hours of service during the plan year and were employed as of the last day of the plan year. For 2009, the Partnership authorized a discretionary contribution of the lesser of 65 percent of compensation deferred by the employee or 75 percent of 6 percent of compensation, a total of $1,371,360.

Partnership profit sharing contributions: Contributions, if any, may be made annually at the discretion of the Partnership to eligible employees who earned at least 1,000 hours of service during the plan year and were employed as of the last day of the plan year. For 2009, the Partnership did not authorize any such contributions.

Participant loans: Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of the vested account balance, or $50,000. A participant may have only one loan outstanding at any given time. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence, and are due and payable in full upon termination of employment or death. The loans are secured by the balance in the participant's account. The loans outstanding bear interest at the prevailing market rate at the time of loan origination. Loans outstanding at December 31, 2009 bear interest from 7.50 to 8.25 percent, and principal and interest is repaid ratably through payroll deductions.

Note 1. Description of Plan (Continued)

Investments and investment options: The assets of the Plan are held by Fidelity Management Trust Company, Trustee of the Plan. Upon enrollment a participant may direct employee and Partnership contributions, if any, into a variety of registered investment companies daily.

Participants' accounts: Participants' accounts are credited with their contributions, rollover contributions, the employer matching and profit sharing contributions, if any, plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Partnership's matching and profit sharing portions of their accounts plus actual earnings thereon are vested 10 percent after one year of service, 20 percent after two years of service, 40 percent after three years of service, 60 percent after four years of service, and fully vested after five years of credited service, or upon death, disability, or normal retirement.

Payments of benefits: Upon proven financial hardship, or termination of service due to normal retirement, or disability, a participant or beneficiary will receive a lump sum distribution equal to the vested balance of their accounts. Upon death, if a participant is an employee of the Partnership, their account balance becomes 100 percent vested.

Effective July 29, 2009, upon termination of service, the Plan will automatically distribute the participant's vested account balance not exceeding $1,000.

Forfeited accounts: Forfeitures of unvested portions of terminated participants' accounts are to be retained by the Plan and will be used first to pay the Plan's administrative expenses. Any remaining forfeited balances will be used to reduce future employer contributions payable to the Plan. Forfeited nonvested balances at December 31, 2009 and 2008 totaled $155,944 and $652,178, respectively. The Partnership used forfeitures of $10,725 to pay administrative expenses and $671,937 to reduce 2008 Partnership contributions paid in 2009.

Plan administration: The Plan is administered by the Partnership pursuant to the terms and conditions of the Plan and trust. The Partnership pays for substantially all administrative expenses of the Plan, except for fees incurred for loan administration and the management of registered investment companies.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared on the accrual basis of accounting.

Accounting policies: The Plan follows accounting standards established by the Financial Accounting Standards Board (the FASB) to ensure consistent reporting. References to Generally Accepted Accounting Principles (GAAP) in these footnotes are to the *FASB Accounting Standards Codification*™, sometimes referred to as the Codification or ASC. The Codification was effective for periods ended on or after September 15, 2009.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a detailed discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Recent accounting pronouncements: In January 2010, FASB issued an amendment on *Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements*, which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. With respect to matters other than Level 3 measurements, the amendment was effective and not yet adopted for periods beginning on or after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010 and has not yet been adopted. The Plan Administrator of the Plan Sponsor is currently evaluating the impact of the above guidance on the Plan disclosures.

In September 2010, FASB issued an amendment, *Plan Accounting—Defined Contribution Pension Plans: Reporting Loans to Participants by Defined Contribution Pension Plans*, which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment is effective for periods ending after December 15, 2010, with early adoption permitted. This amendment requires retrospective application to all periods presented. This amendment has not yet been adopted. The Plan Administrator is currently evaluating the impact of this amendment.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2010, the date these financial statements were available to be issued.

Reclassification: Certain amounts in the 2008 financial statements have been reclassified to conform to the 2009 presentation without affecting previously reported net assets available for benefits or changes in net assets available for benefits.

Note 3. Fair Value Measurements

FASB guidance on *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Shares of registered investment companies: Valued at the net asset value of shares held by the Plan at year-end based on quoted market prices.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Note 3. Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2009			
	(Level 1)	(Level 2)	(Level 3)	Total

	$ 11,794,757	$ -	$ 110,505	$ 11,905,262

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance, January 1, 2009	$ 110,505
Loan interest	74
Loan issuances and repayments (net)	3,770
Balance, December 31, 2009	$ 114,349

Note 4. Investments

The fair values of individual investments that represent 5 percent or more of the Plan's net assets as of December 31, 2009 and 2008, are as follows:

	2009	2008
Shares of registered investment companies:		
Fidelity Money Market Fund	$ 2,199,421	$ 1,612,573
Fidelity International Discovery Fund	2,052,375	1,424,679
Fidelity Contrafund	2,135,481	1,504,712

Fidelity Strategic Income Fund	1,470,739	828,283
Fidelity Leveraged Company Stock Fund	1,683,368	852,743

*Investment balances less than 5 percent are presented for comparative purposes only.

During 2009, the Plan's investments in shares of registered investment companies (including gains and losses on investments bought and sold, as well as held during each year) appreciated in fair value by $4,004,202.

Note 5. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the investment information as of December 31, 2009 and 2008, and for the year ended December 31, 2009, included throughout the Plan's financial statements and supplemental schedule that was prepared from information certified or provided by Fidelity Management Trust Company, the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information in Note 5 which appears throughout the financial statements and supplemental schedule related to the following investments:

	2009	2008
Statements of net assets available for benefits		
Shares of registered investment companies	$ 19,462,604	$ 11,794,757
Participant loans	114,349	110,505
	$ 19,576,953	$ 11,905,262

The Trustee also certified to the completeness and accuracy of $4,004,202 of net appreciation in fair value of investments and $308,773 of interest and dividends related to the aforementioned investments for the year ended December 31, 2009.

Note 6. Parties-in-Interest

Certain plan investments are shares of registered investment companies managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Certain employees of the Partnership provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

Note 8. Reconciliation of Financial Statements to Form 5500

The following table reconciles net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	$ 20,948,313	$ 13,182,462

Note 9. Tax Status

Effective November 27, 2009, the Plan adopted a volume submitter defined contribution plan sponsored by Fidelity Management Trust Company. The volume submitter plan has received an opinion letter dated March 31, 2008 form the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirement of the IRS. The volume submitter plan opinion letter has been relied upon by this Plan.

The FASB issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management of the Plan Sponsor evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2006.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Subsequent Event

Effective March 1, 2010, eligible employees are automatically enrolled in the Plan with a 6 percent pre-tax annual salary deferral rate. Employees may cancel their participation in the Plan at any time.
