NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Continental Currency Services, Inc. 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

A. General

The Plan is a defined contribution plan established January 1, 1996 by the Continental Currency Services, Inc. (the "Company") to provide benefits to eligible employees as defined in the Plan document. The Plan was amended and restated in its entirety effective September 9, 2009 to comply with the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) and other legislative changes. The Plan administrator believes the Plan is designed and operated in compliance with the applicable provisions of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administration and Expenses

The Principal Life Insurance Company ("Principal") serves as custodian of Plan assets and maintains the records of participant data under a group annuity contract that provides for operating expenses and management fees to be charged directly to investment funds. Such fees are factored into each fund as a reduction in investment return. Participant loan fees and other administrative costs are charged directly to participants.

C. Eligibility

Substantially all employees of the Company who are 21 or older are eligible to participate in the Plan after completion of one year of service. Plan entry is the first day of the month following attainment of eligibility.

D. Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax compensation, as defined in the Plan, up to the amount allowable under the Plan document and current income tax regulations. Participants of age 50 and older may contribute an additional $5,500 in catch-up contributions in 2009. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation.

Newly eligible employees who do not make an affirmative election to defer compensation to the Plan, including an election not to defer, are auto-enrolled in the Plan at a deferral rate of 2% of compensation. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's investment directions.

E. Employer Contributions

The Company is allowed to make discretionary matching contributions, as defined in the Plan, and as approved by the Board of Directors. A participant must complete a minimum of 1,000 hours of service during the Plan year be eligible for an annual matching contribution. For the year ended December 31, 2009, the Company matched 50% of each participant's contributions up to a maximum of $850.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Company contributions and an allocation of Plan earnings or losses. Plan assets are invested based solely on instructions received from participants.

The contributions of participants who decline to make an investment election are invested in the Principal Lifetime Account appropriate for the individual's age and projected date of retirement. Each of the Principal Lifetime Accounts offered under the Plan consists of a portfolio of pooled separate accounts chosen to meet an investment strategy appropriate for a participant who will reach retirement age at a specified date in the future.

G. Vesting

Participants are immediately 100% vested in their entire accounts under the Plan.

H. Payment of Benefits

Upon termination of service, including termination due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account. Normal retirement age is 55. Hardship distributions are permitted under certain limited circumstances, as defined in the Plan. Benefits are recorded when paid. Benefit claims are recorded as withdrawals when they have been paid by the Plan.

I. Participant Loans

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's account balance, bears interest a fixed rate based on available market financing rates at loan inception and must be repaid to the Plan within a five-year period, unless a loan is used for the purchase of a principal residence in which case the maximum repayment period may be extended. Participant loans outstanding at December 31, 2008 carried interest rates ranging from 5.25% to 10.25%.

J. Subsequent Events

Management has evaluated subsequent events through July 9, 2010, the date on which the financial statements were available to be issued. There are no subsequent events that require recognition or additional disclosure in the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Benefit responsive investment contracts held by a defined contribution plan are required to be reported at fair value. The Plan's investments in Principal Guaranteed Interest Accounts meet the definition of a fully benefit responsive contracts. Contract and fair value of these accounts are approximately equal at December 31, 2009 and 2008.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 7).

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Risks and Uncertainties

Plan investments include a variety of securities that are exposed to various investment risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - RELATED PARTY TRANSACTIONS

Principal serves as custodian and Plan record keeper. Plan investments in pooled separate accounts and guaranteed interest accounts are provided by Principal. Purchases and sales of Principal funds are considered party-in-interest transactions under ERISA regulations, but such transactions are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - INCOME TAX STATUS

The Company adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Company believes the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and the Plan, is exempt from Federal income and state franchise taxes.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of the participants affected by a partial or complete termination of the Plan are nonforfeitable and will be determined as of the termination date, which will be treated as the valuation date.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN

In accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Principal Life Insurance Company, the custodian of the Plan, certified the current value of assets held at December 31, 2009 and 2008 and investment activity for the year ended December 31, 2009, that were used in the preparation of the accompanying financial statements and supplemental schedule. The following table presents the fair values of investments and investment funds that include 5% or more of the Plan's net assets available for benefits at December 31:

	2009	2008
Certified:		
Principal Life Insurance Company:		
Money Market Account	$ 2,476,826	$ 2,542,216

Uncertified:		
Participant Loans*	445,523	405,903
	$ 8,141,720	$ 6,552,371

*Fair value of participant loans is greater than 5% of net assets available for benefits at December 31, 2009 and 2008. Interest income for the year ended December 31, 2009 was as follows:

Certified Guaranteed Interest Accounts	$ 3,300
Uncertified Participant Loan Interest	29,080
	$ 32,380

Certified net appreciation in fair value of the Plan's pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) was $985,588 for the year ended December 31, 2009.

NOTE 7 - FAIR VALUE MEASUREMENTS

The Company adopted new accounting guidance on measuring fair value effective January 1, 2008. The new accounting guidance establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are based on quoted prices in an active market. Level 2 inputs are based on quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Units of pooled separate accounts are valued at the fair value per unit reported by Principal based on closing market prices of the accounts' underlying securities. The fair value of Principal Guaranteed Interest Accounts is an estimate made by Principal, the issuer of the contracts, of the

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

value participants would receive if they withdrew or transferred funds from accounts prior to maturity. The Plan administrator estimates the fair value of participant loans to be equal to their outstanding balances less amounts deemed uncollectible. The following tables summarize the Plan's investments at December 31 based on the inputs used to value them:

NOTE 8 - GUARANTEED INTEREST ACCOUNTS

Plan investments in the Principal Guaranteed Interest Accounts are maintained in a general account by Principal. The accounts are credited earnings on underlying investments and charged for participant withdrawals and administrative expenses. Contract value, as reported by Principal,

NOTE 8 - GUARANTEED INTEREST ACCOUNTS (Continued)

represents contributions made to these accounts, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investments in the accounts at contract value. The average yield on the accounts ranged from 1.75% to 4.75% in 2009. Certain restrictions may limit the Plan's ability to redeem its investment in these accounts at contract value, and market value adjustments and/or redemption charges may apply. Fair value was approximately equal to contract value of the accounts at December 31, 2009 and 2008. The Plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring.
