Independent Auditors' Report

We were engaged to audit the accompanying statements of net assets available for benefits of NSB Group 401(k) Plan as of January 22, 2009 and December 31, 2008 and the related statement of changes in net assets available for benefits for the period ended January 22, 2009. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of January 22, 2009 and December 31, 2008 and for the period ended January 22, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As further discussed in Notes G and L to the financial statements, the Board of Directors of the Epicor Software Corporation voted on September 4, 2008 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2008 financial statements to the liquidation basis used in presenting the 2009 financial statements.

NSB Group 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the NSB Group (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who have six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 80 percent of the participant's salary deferral up to the first 3.25 percent of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their contributions and matching employer contributions into any of the 23 investment options offered by the Plan. Participants may change their investment options upon notice to the American United Life Insurance Company.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants at all times are fully vested in their contributions plus actual earnings thereon. In addition, participants are immediately vested in the Company's matching contribution portion of their accounts.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.50% to 8.00%, which are commensurate with local prevailing rates as determined periodically by the Plan administrator. Loan terms may not exceed five years. Principal and interest is paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a certain period. In addition, a participant may withdraw any part of his or her vested account in the event of undue financial hardship.

Forfeited Accounts

There are no forfeited accounts as participants are immediately vested in their contributions and the Company matching contributions.

Plan Merger

On September 4, 2008, the Board of Directors of Epicor Software Corporation, approved the merger of this Plan into the Epicor Software Savings 401(k) Savings Plan ("Savings Plan"), effective January 1, 2009. As a result of this merger, net Plan assets were transferred from the Plan into the Savings Plan on January 12, 2009. See Note L for discussion of Plan merger.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Because contract value approximates fair value, there is no adjustment of the fully benefit-responsive investment contract from fair value to contract value on the Statements of Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Payment of Benefits

Benefits are recorded when paid.

NOTE E – FAIR VALUE MEASUREMENTS

The Plan applies generally accepted accounting principles (GAAP) for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual Funds

Investments in mutual funds are public vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

NOTE E – FAIR VALUE MEASUREMENTS – CONTINUED

Investment Contract

This investment is made by the Plan in an unallocated Group Annuity Contract which is invested in a guaranteed account with American United Life who guarantees a fixed interest rate. The investment contract is classified within level 3 of the valuation hierarchy.

Participant Loans

Participant loans are reported at unpaid balances which approximates fair value. There is no existing external market for these loans as all transactions are restricted to participants and the Company. These loans cannot be assumed or sold to outside parties. There is no credit risk involved with these loans as any participant defaults are deemed taxable distributions to the participant. The participant loans are classified within level 3 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value

NOTE F – GROUP ANNUITY CONTRACT

The Plan has a group annuity contract with American United Life (American). American maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statement at contract value, which approximates fair value, as reported by American. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Because the contract value approximates fair value, no adjustment of the fully benefit-responsive investment contract from fair value to contract value is required. The average yield and crediting interest rate of the group annuity contract was 4.55% for 2009 and 2008. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates are reviewed on a quarterly basis.

NOTE G – PLAN TERMINATION

As discussed in Note L and subsequent to the Plan merger, the Board of Directors approved the termination of the Plan.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE H – TAX STATUS

The Company adopted a Prototype Standardized Profit Sharing Plan with cash or deferred arrangement which received a favorable opinion letter from the Internal Revenue Service on April 17, 2002. The letter stated that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE I – PLAN ADMINISTRATION

Employees of the Company perform certain administrative functions. No such employee receives compensation from the Plan. A general administration expense charge, rendered by American United Life Insurance Company, is applied in a uniform manner to all accounts.

NOTE J – TRANSACTIONS WITH PARTIES IN INTEREST

The Plan's custodian, American United Life Insurance Company, manages the Plan's assets at the direction of the participants. Fees paid by the Plan for the services amounted to \$60 for the period ended January 22, 2009. These fees were reimbursed by the Company and were included in employer contributions.

NOTE K – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE L – PLAN MERGER

On February 6, 2008, Epicor Software Corporation acquired the outstanding stock of NSB Retail Systems. On September 4, 2008, the Board of Directors of Epicor Software Corporation approved the merger of this Plan, effective January 1, 2009, into an existing plan sponsored by Epicor Software Savings 401(k) Plan and discontinued contributions to the Plan subject to the provisions of ERISA. As a result of this merger, net Plan assets were transferred from NSB Group 401(k) Plan into Epicor Software 401(k) Savings Plan on January 12, 2009. Subsequent to the transfer of Plan assets, the Plan was terminated.

NOTE L – PLAN MERGER - CONTINUED

As a result of the Plan merger, Plan assets transferred to the new custodian were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a “Black Out” period. During this period, funds could not be applied to the employee selected funds with the custodian or withdrawn from the Plan until the custodian had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited and held in a guaranteed account until the completion of the Black Out period. At the end of the Black Out period, these funds were transferred to the new custodian and invested in funds as requested by each participant. In order to restore the participant balances for losses incurred on the conversion date, Epicor Software Corporation paid \$13,527 which was allocated among participant accounts.

DELINQUENT FILING – REASONABLE CAUSE

Facts

NSB U.S. Sales, Inc., an affiliate of NSB Retail Systems, was the plan sponsor for the NSB Group 401(k) Plan (Plan). On February 6, 2008, Epicor Software Corporation (Epicor) acquired the outstanding stock of NSB Retail systems. On September 4, 2008, the Board of Directors of Epicor approved the merger of the Plan, effective January 1, 2009, into an existing qualified retirement plan sponsored by Epicor. As a result of this merger, the Plan's net assets were transferred into the Epicor Software 401(k) Savings Plan on January 12, 2009. An additional contribution was made on January 22, 2009 to restore the participant balances for losses incurred on the conversion date, thus all Plan assets were distributed/transferred as of January 22, 2009.

Since the Plan still had assets at January 1, 2009 that had yet to be distributed, a Form 5500 was required to be filed for the short plan year. The Plan's third party administrator had prepared a draft copy of the short year Form 5500, but had not finalized the Form 5500, nor had they notified the Plan sponsor of the Form's incomplete status. In addition, the third party administrator did not inform the Plan sponsor that the Plan had a short plan year and they also did not inform the Plan sponsor of the filing due date.

During February of 2010, Epicor's Benefits Manager discovered that the Form 5500 had not been filed. She then contacted the third party administrator to confirm that the Form still needed to be filed. In her discussions with the third party administrator, the Benefits Manager was notified by the third party administrator that the Plan had 100 active participants at January 1, 2009, thus was in need of an accountant's report. This was unexpected, as all of the Plan reports that had been received from the third party administrator showed the participant count at 95, which would not require an accountant's report. As soon as the Benefits Manager learned of all of the facts, she immediately made arrangements to have the Plan audited and the Form 5500 prepared.

Request for Form 5500 to be considered as timely filed

As the facts have indicated, the delinquent filing was an inadvertent and honest oversight. The Plan was not willfully neglecting or disregarding the filing requirements. In addition, the Plan sponsor was not getting the proper advice from the third party administrator. The Plan has made timely filings of all previous Form 5500's.

In as much as the Plan has demonstrated reasonable cause, the Plan respectfully requests that the Form 5500 be accepted as timely filed.
