INDEPENDENT AUDITORS' REPORT

To the Trustees
AFSI Employee Retirement Plan
Champaign, Illinois

We were engaged to audit the financial statements of AFSI Employee Retirement Plan as of December 31, 2009 and 2008 and for the year ended December 31, 2009 and the supplemental schedule as of December 31, 2009 as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock USA and TD Ameritrade, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that TD Ameritrade held the Plan's investment assets and executed investment transactions from October 6, 2009 to December 31, 2009, and that John Hancock USA held the Plan's investment assets and executed investment transactions as of December 31, 2008 and for the period from January 01, 2009 to October 6, 2009. The plan administrator has obtained certification from the custodians as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AFSI EMPLOYEE RETIREMENT PLAN

Notes to Financial Statements

December 31, 2009

1. Description of Plan

The following description of the AFSI Employee Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Advanced Filtration Systems, Inc (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may elect to defer compensation as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations. Participants direct the investment of these contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, money market funds, and a common collective trust fund as investment options.

The Company may make matching contributions at the discretion of the Company's management. For the year ended December 31, 2009, the Company made matching contributions of 100 percent of the employee's salary deferral amounts up to 5 percent of employee's compensations. The Company may also contribute a profit sharing contribution at the discretion of the Company's Board of Directors. For the year ended December 31, 2009, the employer did not elect to make an additional profit sharing contribution.

Participant Accounts - Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the participant earnings, account balances, or participant events as defined. The benefit to which a participant is entitled is provided from the participant's vested account.

Vesting - Participants are vested immediately in all contributions plus actual earnings thereon.

Payment of Benefits - On termination of service for any reason, an employee will receive a lump-sum amount equal to the value of his account. The Plan provides for an automatic lump sum distribution of account balances of $5,000 or less. The Plan also allows for

financial hardship withdrawals of all or part of the participant's deferral contributions if the participant can prove financial hardship and is unable to meet their financial needs another way. The Plan allows for in-service distributions from the participant's post-tax deferrals and from employer contributions if the participant is age 65 or older.

Participant Loans - The Plan document includes provisions authorizing loans from the Plan to active eligible participants. The participant can only have one outstanding loan at a time. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's contributed vested account balance. All loans are secured by the balance in the participant's account and are repayable over a period not to exceed five years (except for loans for the purchase of principal residence) through payroll withholdings unless the participant is paying the loan in full. The loan bears interest at rates that range from 4.25 percent to 9.25 percent, which are commensurate with local prevailing rates at loan inception as determined by the plan administrator.

2. Summary of Significant Accounting Policies

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

As described in Financial Accounting Standards Board Accounting Standards Codification 946-210, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the ASC 946-210, the Statement of Net Assets Available for Benefits presents the fair value of the investments contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. No adjustment to contract value is reported at December 31, 2009 and 2008 due to contract value approximating fair market value. Accordingly, the Statement of Changes in Net Assets Available for Benefits is prepared on a contract basis.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds:* Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end
- *Participant Loans:* Valued at amortized cost, which approximates fair value
- *Money Market Fund:* Valued at deposits plus interest
- *Common Collective Trust*: Valued based on information regarding the value of the underlying assets as reported by the investment advisor.

Payment of Benefits - Benefit payments are recorded when paid.

Uncertain Tax Positions - The financial statements for the year ended December 31, 2009 include no interest or penalties related to taxes. The Plan is not aware of any tax position for which a significant change is reasonably possible within the next year. As of December 31, 2009, the Plan's federal tax filings for fiscal years 2006, 2007, and 2008 remain open for review by tax authorities.

Subsequent Events - The Plan has evaluated subsequent events through May 21, 2010, the date on which the financial statements were available to be issued.

3. Information Certified by the Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no auditing procedures were performed on the following information certified by John Hancock Life Insurance Company and TD Ameritrade, the investment custodians of the Plan, as complete and accurate except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplemental schedule:

	2009	2008
Investments at Fair Value	$ 7,413,109	$ 5,872,020
Appreciation in Fair Value of Investments	$ 1,516,935	
Interest and Dividends	$ 170,111	
Administrative Expenses	$ 36,464	

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820-10 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. A description of the valuation techniques used for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2009.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2009			
	Level 1	Level 2	Level 3	Level 4
Mutual Funds	$ 7,234,732	$ -	$ -	$ 7,234,732
Money Market Fund	53,628	-	-	53,628
Common Collective Trust	-	-	124,749	124,749
Participant Loans	-	-	147,470	147,470
Total Investments	$ 7,288,360	$ -	$ 272,219	$ 7,560,579

	2008			
Pooled Separate Accounts	$ -	$ 5,694,234	$ -	$ 5,694,234
Guaranteed Interest Accounts	-	31,833	-	31,833
Participant Loans	-	-	145,953	145,953
Total Investments	$ -	$ 5,726,067	$ 145,953	$ 5,872,020

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

Balance, Beginning of Year	$ 145,953
Appreciation in Fair Value of Investments	719
Net Additions/(Withdrawals)	125,547
Balance, End of Year	$ 272,219

5. Investments

All investments are participant directed. The following individual plan investments represent 5 percent or more of the Plan's net assets as of December 31:

	2009	2008

* - Investment did not represent 5 percent or more of Plan's net assets in year presented.
JH - John Hancock

6. Administrative Expenses and Party-In-Interest Transactions

Administrative fees are paid to the investment custodian, advisors, and service providers whom are parties-in-interest. A transaction with a party who performs services has a fiduciary responsibility to the Plan or is a participant of the Plan qualifies as a party-in-interest transaction. Except for those noted below, expenses incurred in the administration of the Plan were paid by the plan sponsor:

- Fees for investment management totaling $30,494 are included in administrative expenses on Exhibit B. Fees paid by the Plan to RiverNorth for the investment management services are 1.53 percent of the investments.

- Fees for third party administration totaling $5,241, included in administrative expenses on Exhibit B

- Investment transaction fees totaling $729, included in administrative expenses on Exhibit B

- Asset management fee of .87 to 1.04 basis points netted with earnings. From these fees the investment advisor and the third party administrator receive additional compensation.

- Certain plan investments are shares of mutual funds managed by RiverNorth. RiverNorth is the plan investment advisor. Therefore, these transactions qualify as party-in-interest.

- Certain Plan investments are money market accounts managed by TD Bank, a related entity to the investment custodian and therefore, are party-in-interest transactions.

The following transactions are considered to be both party-in-interest and related-party transactions:

- Participant loans totaled $147,470 at December 31, 2009.

7. Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Plan Amendments

Effective January 1, 2009, the employer matching contribution was changed to a discretionary matching contribution.
