Blue Shield uses the following allocation methodologies in reporting 5500 data:

Compensation Received by Blue Shield

A. Pharmacy Manufacturer Retained Rebate (self-funded groups): Every quarter Blue Shield reconciles the pharmacy rebate payments received from manufacturers, and remits a portion of the payments (reimbursement amount as specified in contracts) back to self-funded groups either via a check or credit to claims reimbursement billing. An estimate of the remaining portion (retention amount) is used by Blue Shield to reduce administrative fees. This estimate is based on Blue Shield's self-funded book of business pharmacy rebate.

   The payments received from manufacturers are distributed at the employer group level based on the calculated reimbursement amounts. The reimbursement amount is calculated based on payments received at the rebate claim level.

Reportable Compensation Paid to Third Parties

A. Pharmacy Administration Fee (compensation to key vendors – self-funded groups): Blue Shield calculates a monthly per paid claim value based on invoice data; each employer group's portion is based on paid claim volumes for the months during the policy/contract timeframe.

B. Broker Bonus Override (monetary item): Blue Shield calculates a per member per month (pmpm) value per broker; each employer group's portion is calculated based on member months (mmos) for the policy/contract timeframe.

   - Bonus Override pmpm values for 2008 are calculated based on the 2008 year-end accrual amounts.

     2008 Example: $50,000 override year-end 2008 accrual for Broker A / 150,000 mmos for Broker A's book of business in 2008 x 3,000 mmos for Employer Group A for policy/contract year = $1,000 reported for plan year 2008.

   - Bonus Override pmpm values for 2009 will be based on the actual payments received in May 2010 and the type of bonus program.

     2009 Example: $45,510 Tier One override paid in 2010 for Broker A / 150,000 mmos for Broker A's book of business in 2009 x 3,000 mmos for Employer Group A = $910 reported for policy/contract year containing May 2010.

C. Marketing Allowances (monetary or non-monetary items): In cases where the allowances cannot be attributed to a specific group, Blue Shield calculates a pmpm value per broker per calendar year; each employer group's portion is based on member months for the policy/contract year.

   Example: $1,800 marketing allowance for Broker A / 150,000 mmos for Broker A's book of business x 3,000 mmos for Employer Group A = $36.

D. Producer Rewards Club (non-monetary item): Blue Shield calculates a pmpm value per broker based on the calendar-year redeemed value; each employer group's portion is based on member months for the policy/contract timeframe.

Example: $550 redeemed value for Broker A / 150,000 mmos for Broker A's book of business x 3,000 mmos for Customer A = $11.

E. MVP (non-monetary item): Blue Shield calculates a pmpm value for broker attendees based on membership for the year the award was earned; each employer group's portion is based on earned-year December membership and reported for the policy/contract timeframe containing the month the award was paid (June or July subsequent to the earned year).

Example: $4,800 MVP cost / 15,000 members for Broker A's x 250 members for Employer Group A = $80.

F. Miscellaneous Gifts, Meals and Expenses (non-monetary item):

- For mid/large accounts (51 to 3,000 eligible subscribers): Blue Shield sums the miscellaneous gifts, meals, and entertainment expenses excluding the portion (based on a sampling) of the costs related to clients and Blue Shield personnel. The net expenses are divided by the entire mid/large book of business member months for the calendar year to derive one overall per member per month (pmpm) value; each customer's portion is based on member months for the policy/contract timeframe. ***Note***: The amount reflected on the report does not reflect actual amounts (if any) received by an employer group's brokers/consultants.

- For Labor, Public, and Strategic (3,000+ eligible subscribers) accounts: Blue Shield allocates the broker/consultant portion of the expenses either to the specific employer groups involved or across the broker/consultant's entire book of business when a specific employer group cannot be identified.
