Note 1: Plan Description

The following description of Kitchen Pride Mushroom Farms, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: Kitchen Pride Mushroom Farms Inc. (the Company) adopted the Plan effective January 1, 1998, and amended and restated the Plan effective January 1, 2005. The Plan is a defined contribution 401(k) savings plan covering substantially all employees of the Company. The Plan has entered into a group annuity plan with John Hancock Life Insurance Company from January 1, 2008 until December 31, 2012. The contract is intended to provide financial services designated to receive and accumulate funds for the prospective purchases of annuities and payment of benefits according to the terms of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was last amended August 31, 2006.

Contributions and Allocations: Participants may contribute to the plan on a pre-tax basis. The contributions, known as elective deferrals, are a minimum 1% of compensation; up to an annual maximum deferral limit of $22,500 in 2012. The Company's contribution is a discretionary matching contribution of 50% of employee salary deferral up to a maximum of 4%, and is allocated to the participant's accounts based on the participants' eligible compensation.

Individual Accounts: Individual accounts are maintained for each participant. Each participant's account is increased by participant's contributions, allocations of the Company's contributions, and investment income earned and decreased by withdrawals, investment losses and administrative expenses. The retirement benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective deferral plus actual earnings thereon. Participant vesting in any Company matching contribution is based on continuous service. A participant is 100 percent vested after 6 years of credited service as follows:

Years of vesting service	Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more	100%

Investment Options: Participants may direct and redirect how their contributions are invested among any of those offered by the Plan.

Participant Loans: Participants may apply to obtain a loan from the Plan. Upon approval of the Plan Administrator, the loan may not exceed the lesser of $50,000 or 50% of the participant's vested account. All loans must be amortized for repayment over a period not to exceed 5 years with the exception of loan to purchase a personal residence which can be amortized for up to 15 years. Principal and interest is paid ratably through monthly deductions. Participants must wait three months from the time they payoff one loan until they can request another loan.

Distributions and Withdrawals: Subject to various conditions and requirements, the participant's vested balance is available at retirement; in case of a financial hardship; upon termination of employment; at age

59½ while still employed; and upon death or total disability. Benefits available for distribution and withdrawal under some of the above situations have specific requirements and are determined under provisions of the Plan. At year end 2012, accounts of separated participants with deferred vested benefits amounted to $209,592.

Forfeitures: Forfeitures, which occur pursuant to the Plan, will be applied to offset expenses and employer contributions as such obligations accrue. At year end unapplied forfeitures were $10,446.

Administrative Expenses of the Plan: The plan sponsor at its discretion may charge all or a portion of the Plan's administrative expense against the trust or may pay these fees directly. During the Plan year 2012, $5,550 of administrative expenses was offset by forfeitures. All administrative expenses were asset management fees assessed to participants based on a percentage of participant assets owned, fees for participant loans, or plan testing and tax compliance fees.

Plan Administration: The Plan Administrator is the Company. The Plan administrator has entered into an administrative services agreement with Scholz, Klein and Friends to perform certain trustee duties including installation of the Plan, record keeping, compliance testing, tax filings and other administration services as needed. The Plan administrator also has a contract with Investacorp, Inc to provide brokerage services and plan enrollment.

*Plan Termin*ations: The Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA.

Tax Status: The Plan obtained its latest determination letter dated December 5, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their outstanding balance. Delinquent loans are treated as in-service distributions based on the term of the Plan documents; however, the note will not be charged against the participants vested account until he or she terminates service, retires, dies, becomes disabled, or reaches the earliest date distributions is permitted under the Plan.

Payment of Benefits – Benefits are reported when paid, except for those payments made within 2½ months after year end. Such payments are considered paid in the prior year.

Risk and Uncertainties – The Plan provides investment options that are exposed to various risks, such as interest rate, credit and overall market volatility risk. Changes in the risks could affect the value of the investment options and such changes could affect the amounts reported in the statement of net assets available for benefits.

Note 3: Contracts with Insurance Company

The Plan contracts with John Hancock Life Insurance Company to maintain the contributions in a pooled separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statement at contract value as reported to the Plan by John Hancock. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5: Investments

The Plans investments are reported at fair value in the accompanying statement of net assets available for benefits.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements

According to the Plan Custodian, the pooled separate accounts are invested in investments such as stock, mutual funds, short-term investments, bonds, etc. John Hancock life insurance owns the underlying investments in the separate accounts. The underlying measurement for the separate accounts have observable (Level 1 or level 2) inputs, including quoted prices for similar assets in active or non-active markets. While the underlying asset values are quoted prices, the NAV (net asset value) of a separate account is not publically quoted: accordingly the fair value of the referenced accounts are reported at Level 2

Level 3 Fair Value Measurements

Participant loans are not actively traded and significant other observable inputs are not available. Participant loans are reported at unpaid balances which approximates fair value. There is no existing exit market for these loans as all transactions are restricted to participants and the Plan sponsor.

		Fair Value Measurement Using:	
	Fair Value	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2012			
Pooled separate accounts	$ 2,391,590	$ 2,391,590	$ -
Particpant loans	84,278	-	84,278
	2,475,868	2,391,590	84,278

Particpant loans	96,314	-	96,314
	2,166,536	2,070,222	96,314

The effect of Level 3 inputs on net assets for the year ended December 31, 2012 is as follows:

December 31, 2012 Investment category	Beginning Balance	Purchases, Issuances,	Repayments Deemed Distributions	Ending Balance
Particpant loans	$ 96,314	$ 57,830	$ 69,866	$ 84,278
	$ 96,314	$ 57,830	$ 69,866	$ 84,278
December 31, 2011 Investment category				
Particpant loans	$ 118,206	$ 46,665	$ 68,557	$ 96,314
	$ 118,206	$ 46,665	$ 68,557	$ 96,314

Note 6: Refund of Excess Contributions

Contributions received from participants for 2012 are net of payments of $19,431 made in March 2013 to certain active participants to return to them the excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2012.

Note 7: Related Party Transactions

Certain plan investments are shares of mutual funds managed by John Hancock Life Insurance. John Hancock Life Insurance is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $11,618 for the year ended December 31, 2012.
