INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Gensler Profit Sharing Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Gensler Profit Sharing Plan (the Plan) as of March 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended March 31, 2010, and the supplemental schedules as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified by Wells Fargo Trust Operations, and by New York Life Trust Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the plan administrator that New York Life Trust Company held the Plan's investment assets and executed investment transactions from July 28, 2009 to March 31, 2010, and that Wells Fargo Trust Operations held the Plan's investment assets and executed investment transactions as of March 31, 2009 and for the period April 1, 2009 to July 27, 2009. The plan administrator has obtained certifications from the trustees as of March 31, 2010 and 2009 and for the year ended March 31, 2010, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The accompanying notes are an integral part of these financial statements.

1. Description of Plan

The following description of the Gensler Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under Section 401(a) of the Internal Revenue Code. M. Arthur Gensler, Jr. & Associates, Inc. (the Company or Employer) originally established the Plan in 1968 to provide retirement, death, and disability benefits for eligible employees (Participants). The Plan was restated effective April 1, 1994. All employees of the Company shall become a Participant in the Plan on the first day of the month following his/her completion of 90 days of consecutive service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC). The Plan Administrator is New York Life Retirement Plan Services and the sponsor is the Company.

Plan Administration

An Administrative Committee (the Committee) consisting of one or more individuals appointed by the Board of Directors of the Company administers the Plan. In June 2005, an outside advisor, Beacon Pointe, was hired by the Board of Directors on the recommendation from the Committee to assist in setting investment guidelines. During Plan year 2009, the Committee selected Nollenberger Capital Partners as the Plan's new investment manager and Plan advisor. The advisor also assists with the selection of, and the monitoring of, funds and fund managers and investment fees. In addition, the Company uses a third-party administrator to assist with recordkeeping and administration of the Plan. All Plan assets were held in trust by Wells Fargo Trust Operations at March 31, 2009. During the Plan year ended March 31, 2010, the Plan transferred the third party administrator and recordkeeping services to New York Life Retirement Plan Services and trustee responsibilities to New York Life Trust Company (the Trustee). All Plan assets are held in a trust by New York Life Trust Company at March 31, 2010.

Contributions

The Company may make discretionary contributions to the Plan. The Board of Directors of the Company determines the Company's annual contribution. Contributions are limited under Section 415(c) of the Internal Revenue Code. Contributions to this plan, the Gensler 401(k) Plan, and the Gensler Employee Stock Ownership Plan are combined for purposes of the limitation test. In the event there are excess contributions, the 401(k) deferrals will be returned to the Participants through the Gensler 401(k) Plan as a taxable distribution to the extent needed to pass the limitation test. For the year ended March 31, 2010, the Company made a profit-sharing contribution of $1,100,000.

The limitation on annual additions changed during the Plan year ended March 31, 2009. The annual additions are the total of the employer contributions, forfeitures (including any income attributable to forfeitures) and voluntary contributions allocated to the accounts of a participant for the Plan year, plus the employer contributions and forfeitures allocated to the participant under the Profit Sharing Plan for the plan year. The annual additions may not exceed 100% of their statutory compensation for the year, or $49,000 as may be increased pursuant to section 415(c)(1)(A) of the code.

Contributions, continued

Subject to such terms and conditions as may be established from time to time by the Committee, any employee may make a rollover contribution to the Trust from an appropriate individual retirement account or portion thereof or from another plan which meets the requirements of Section 401(a) of the Code. For the year ended March 31, 2010, there was $272,872 in employee rollovers.

Effective April 1, 2007, the Plan year is defined as the 12-month period ending on each Anniversary Date and coinciding with each fiscal year of the Company.

Employer contributions for each Plan year shall be paid to the Trustee not later than the due date (including extensions) for filing the Company's Federal income tax return for that Plan year. Employer contributions may be paid in cash and/or in other forms of property, as determined by the Board of Directors. The amount of any Employer contributions that are paid in a form of property other than cash shall be based upon its fair market value (as determined by the Board of Directors) on the date of its contribution to the Trust.

Participant Accounts

Each Participant's account is credited with the allocation of:

(1) the Company's contribution,
(2) Plan earnings,
(3) rollovers, and
(4) forfeitures of terminated Participants' nonvested accounts.

Company discretionary profit-sharing contributions and forfeitures are allocated based on each Participant's eligible compensation. Participants must be employed on the last day of the Plan year to receive the Company's contribution. Plan earnings are allocated based upon each Participant's account balance, reduced by the amount of any distributions or outstanding Participant loans, in the ratio that the balance of an account on the preceding Valuation Date bears to the sum of such account balances for all Participants as of that date. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

In the event of termination of a Participant's service on or after attaining the normal retirement age or by reason of death or disability, the full value of the Participant's account shall become vested and nonforfeitable. In the event of termination of a Participant's service prior to attaining normal retirement age, or for any reason other than death or disability, the percentage of the value of the account shall become vested and nonforfeitable as follows for each year in which the Participant is credited with at least 1,000 hours of service.

Vesting, continued

The Plan was amended on April 1, 2007, participants who are terminated before April 1, 2007 shall become vested in accordance with the following vesting schedule:

Credited Service Under Section 10	Vesting Percentage
Less than one year	0%
1	10%
2	20%
3	30%
4	40%
5	60%
6	80%
7 or more	100%

The interest of each Participant who is credited with an Hour of Service on or after April 1, 2007, in his Profit Sharing Account shall become vested and nonforfeitable in accordance with the following schedule:

Credited Service Under Section 10	Vesting Percentage
Less than one year	0%
1	10%
2	25%
3	50%
4	75%

Participant Loans

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the value of their vested account balance. Only one loan per Participant may be outstanding at any time. Loan terms are established for five years and shall be granted only in the case of a financial hardship due to purchase, refinance, or major renovations of the Participant's principal residence; tuition and related educational fees for the Participant, Participant's spouse, or any of the Participant's dependents; expenses for medical care that would be deductible under Section 213(d) of the Code, funeral or burial expenses for the Participant's deceased parent, spouse, children or dependents; or repair damage to the Participant's principal residence that would qualify for a casualty loss deduction under Section 165 of the Code. The loans are secured by the balances in the Participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originates. Interest rates on loans outstanding at March 31, 2010 ranged from 4.25% to 12% per annum. If a Participant terminates employment while any loan balance is outstanding, the unpaid balance, and any interest due thereon, shall become due and payable in accordance with the terms of the underlying promissory note. If such amount is not paid to the Plan, it shall be charged against the amounts that are otherwise payable to the Participant or the Participant's Beneficiary under the provisions of the Plan. The repayment of any loan must be made in at least quarterly installments of principal and interest.

Payment of Benefits

When Participants leave the Employer, upon retirement or for any other reason, those Participants (or their beneficiaries) may receive the full value of their vested account balance determined as of the Valuation Date immediately preceding the date of distribution.

Participants may elect to receive the value of their accumulated Plan benefits in accordance with the provisions of the Plan in a lump-sum distribution. However, in the event of a mandatory distribution to a Participant whose vested account is greater than $1,000, if the Participant does not elect to have such an automatic distribution paid directly to an eligible retirement plan specified by the Participant or to receive the distribution directly, then the Plan Administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator. In the event that a Participant dies before retirement, the beneficiary will receive the value of the Participant's account balance in a lump-sum distribution. If the value of a Participant's capital accumulation exceeds $5,000, no portion may be distributed to the Participant before he or she attains age 65 without the Participant's written consent.

Effective March 27, 2005, the Plan was amended to restrict involuntary distributions to amounts of $1,000 or less in order for the Plan to be exempt from the automatic rollover requirement imposed by Section 401(a) (31) (B) of the Internal Revenue Code.

1. Description of Plan, continued

Payment of Benefits, continued

The Plan was amended, and effective January 1, 2007, an employee who has completed 5 years of Vesting Service shall be eligible to make a withdrawal of a portion of his Profit Sharing Account once during each Plan Year in accordance with the following schedule:

Attainment of Age	Percentage of Account Available for Withdrawal
62	25%
63	50%
64	75%
65	100%

A Participant who makes an election must withdraw a minimum of at least 5% of their profit sharing account, and the amount of the withdrawal must be in whole percentages or a stated dollar amount. The withdrawal disbursement shall occur as soon as practicable following completion and processing of all administration related to the March 31 valuation date.

Effective April 1, 2007, a Participant who is an employee may request a hardship distribution not to exceed the lesser of the vested value of the Participant's Account or the amount necessary to satisfy the financial hardship. Hardship distributions shall be deemed to be the result of an immediate and heavy financial need if such distribution is to: pay expenses for (or to obtain) medical care that would be deductible under Section 213(d) of the Code; purchase the principal residence of the Participant (excluding mortgage payments); pay tuition and related educational fees for the next twelve months of post-secondary education for the Participant, Participant's spouse, or any of the Participant's dependents; prevent the eviction of the Participant from his principal residence or foreclosure on the Participant's principal residence; pay funeral or burial expenses for the Participant's deceased parent, spouse, children or dependents; repair damage to the Participant's principal residence that would qualify for a casualty loss deduction under Section 165 of the Code; or pay expenses associated with the permanent incapacity of the Participant by reason of physical or mental illness that results in his inability to perform his usual duties for the Employer.

In order to receive distributions, Participants (or their beneficiaries) may be required to file the appropriate forms and furnish such proof as may be deemed necessary or appropriate by the Employer, Administrator, and/or Trustee.

Forfeitures

If Participants terminate employment for any reason other than retirement, death, or disability, they will be entitled to a distribution of the vested value of their account and will forfeit the value of their nonvested employer account upon distribution or as of the last day of the Plan year in which termination of employment from the Employer occurs, if they do not receive a distribution sooner. Forfeited amounts will be allocated among the remaining eligible Participants' accounts. If a Participant is reemployed prior to the occurrence of a five-consecutive-year break in service, the portion of his account that was forfeited shall be restored as if there had been no forfeiture. Such restoration shall be made out of forfeitures occurring in the Plan year of re-employment.

2. Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are recorded at fair value based upon active market values determined by investment advisors as required under ERISA regulations. Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation (depreciation) for the year is reflected in the statement of changes in net assets available for benefits. Participant notes receivable are valued at cost, which approximates fair value.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

For the year ended March 31, 2010, approximately $250,000 of Plan administrative expenses were paid by the Company and will not be reimbursed by the Plan. These expenses include fees paid to the Trustees, investment manager, and also include the audit fee. At its discretion, the Company may pay all or any portion of such expenses directly and payment of expenses by the Company shall not be deemed to be employer contributions. Administrative expenses of $23,000 were paid by the Plan for the year ended March 31, 2010.

Recognition of Benefit Payments

Benefits are recorded when paid.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board issued Accounting Standards Update 2010-06 which expanded the required disclosures about fair value measurements. In particular, this guidance requires 1) separate disclosure of the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements along with the reasons for such transfers, 2) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level 3 fair value measurements, 3) fair value measurement disclosures for each class of assets and liabilities and, 4) disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either Level 2 or Level 3. This guidance is effective for annual reporting periods beginning after December 15, 2009 except for 2) above which is effective for fiscal years beginning after December 15, 2010. The Company is currently evaluating the impact that this guidance will have on the Plan's financial statement disclosures.

3. Fair Value Measurements

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1–inputs to the valuation methodology are unadjusted quoted process for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2–inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3–inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued

3. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund: Valued at fair value

Common stocks, preferred stocks, corporate bonds and mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market Participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2010:

The Plan maintains its cash and cash equivalents in money market and mutual fund accounts. Cash maintained in the various accounts are not insured by FDIC or guaranteed by the U.S. Government.

The Plan's investments, including investments bought, sold, and held during the year, appreciated in value by $28,207,656 in 2010 as follows:

Investments at fair value determined by quoted market price:	
Common and preferred stock and mutual funds	$ 26,264,392
Corporate bonds	1,943,264
Net appreciation in fair value of investments	$ 28,207,656

** Balances differ from the financial statements because the plan assets were transferred out of the Wells Fargo Trust on July 24, 2009 and into the New York Life Trust on July 27, 2009. This three day lag caused a difference in values as earnings are calculated on a daily basis, which resulted in conversion adjustments.

6. Transfer from Employee Stock Ownership Plan

For the year ended March 31, 2010, $9,243,504 has been transferred from the Gensler Employee Stock Ownership Plan in accordance with the Plan provisions. The amount represents the vested ESOP account balances of Participants who terminated during the Plan year and elected not to have their balances disbursed.

7. Forfeitures and Withdrawals

During the year ended March 31, 2010, 661 Participants received distributions and/or forfeited nonvested money, and/or terminated from their participation in the Plan. Forfeitures in the amount of $291,506 and $700,851 are in the suspense account at March 31, 2010 and 2009, respectively. Forfeitures in the amount of $20,908 have been restored to 7 re-employed Participants. The amount allocated to withdrawn, terminated, or inactive Participants who were not paid by March 31, 2010 was approximately $21,940,000.

8. Party-in-Interest

Certain Plan investments in a short-term fund were managed by New York Life Trust Company and Wells Fargo Trust Operations, the trustees of the Plan for the years ended March 31, 2010 and 2009, respectively. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. Tax Status

The Plan obtained its latest determination letter effective September 7, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision has been made for federal or state income taxes.

10. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to Participants as described in the Plan agreement.

Continued

11. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds, common and preferred stock, corporate bonds and debentures and government obligations offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

12. Partial Plan Termination

Under Section 411(d)(3) of the Code, if the turnover rate is at least 20%, there is a presumption that a partial plan termination has occurred. In the current year, the Company's turnover rate exceeded 20%. As a result, participating employees with an employer-initiated severance from employment during the applicable period became fully vested in their account balances as of March 31, 2010. The partial plan termination affects employees who were terminated during the Plan year ended March 31, 2010 and through the current year.

13. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through December 14, 2010, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since March 31, 2010 that requires recognition or disclosure in such financial statements.
