Independent Auditors' Report

To the Trustees and Participants
EAGLE Golf 401(k) Plan
Dallas, Texas

We were engaged to audit the financial statements and supplemental schedules of the EAGLE Golf 401(k) Plan as of December 31, 2008 and for the year then ended, as listed in the accompanying contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wachovia Retirement Services, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2008 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2008

1. Description of the Plan

The following description of the EAGLE Golf 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time employees of Evergreen Alliance Golf Limited, L.P. and related companies (collectively referred to as the "Company") as determined by the provisions of the plan agreement. The Plan is subject to the provisions of ERISA.

Eligibility

All employees of the Company become eligible to participate in the Plan after completing at least one year of service (1,000 hours) and attaining age 21.

Contributions

The Plan is funded through participant and Company contributions. Employees who elect to enroll in the Plan may elect to have up to 90 percent of their pre-tax gross pay contributed to their account each pay period. This deduction may not exceed the maximum amount allowed under the Internal Revenue Code of $15,500 in 2008, with a catch-up contribution of $5,000 for participants 50 years old or older. The employer may make matching contributions equal to 25 percent of employee contributions of up to 5 percent of employees' compensation. Pre-tax contributions will be automatically interrupted when they reach the limit in any calendar year. All contributions are invested according to the fund allocation percentage specified by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on a rate of 20% for each year of service, until five years of service when they become 100% vested.

Participant Loans

Participants are eligible to borrow from their vested accounts in accordance with the Plan's provisions. The minimum amount that may be borrowed is $500. The maximum amount which may be borrowed is 50% of the participant's vested account balance or $50,000, whichever is less. A maximum of two loans per participant may be requested for any reason and will be repaid through payroll deductions. Loans are available for a term up to 60 months in duration, unless such loan is for the purchase of the participants' primary residence, which will qualify for a term up to 30 years. All loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator based on prevailing interest rates. Interest rates in 2008 ranged between 4.25% and 9.25%.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

NOTES TO FINANCIAL STATEMENTS
December 31, 2008

1. Description of the Plan (continued)

Forfeitures
The Plan provides that amounts credited to a participant's account in which the participant does not have a vested interest will be forfeited to the Plan upon termination. These forfeitures, as defined by the Plan, are used to reduce future company contributions. During the year ended December 31, 2008, forfeitures in the amount of $13,995 were used to reduce the Company's contributions. There were no forfeited non-vested accounts at December 31, 2008.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Expenses of maintaining the Plan are paid by either the Plan or the Company.

Subsequent Events
The Plan has evaluated subsequent events through October 21, 2010, the date the financial statements were available to be issued.

3. Information Certified by the Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

3. Information Certified by the Plan Trustee (continued)

As of December 31,	2008
Mutual funds	$ 1,531,223
Common/collective trusts	1,474,577
Participant loans	114,308

For the year ended December 31,	2008
Interest and dividend income	$ 5,447
Net depreciation in fair value of investments	(875,835)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets.

December 31,	2008
Wachovia Bank, N.A. Diversified Stable Value Fund	$ 1,246,437
Wachovia Bank, N.A. Enhanced Stock Market Fund	225,497
Evergreen Equity TR Disciplined Value Fund	349,474
Evergreen International Equity Fund	157,317
Thornburg Core Growth Fund	162,425

During 2008 the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) depreciated in value by $(875,835) as follows:

Mutual funds	$(801,491)
Common/collective trusts	(74,344)
	$(875,835)

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2008.

Mutual funds and common/collective trusts: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008.

	Assets at Fair Value As of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Mutual funds	$1,531,223	$ —	$ —	$1,531,223
Common/collective trusts	1,474,577	—	—	1,474,577
Participant loans	—	114,308	—	114,308
Total assets at fair value	$3,005,800	$114,308	$ —	$3,120,108

6. Related Party Transactions

Certain plan investments are shares of mutual funds and common/collective trusts managed by Wachovia Bank, N.A. Wachovia Bank, N.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $28,932 for the year ended December 31, 2008.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

8. Tax Status

The Plan itself has not filed for a specific Internal Revenue Service determination letter. However, a letter dated September 28, 2004 has been received from the Internal Revenue Service stating that the form of the prototype plan adopted by the Company is acceptable under Internal Revenue Code (the "IRC"). The letter, in effect, states that an employer who adopts their plans will be considered to sponsor a qualified plan under IRC Section 401(a) provided all terms of the plan are followed and the plan does not discriminate in favor of key or highly compensated employees. The plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Prohibited Transactions

During the Plan year ended December 31, 2008, total participant contributions in the amount of $77,000 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company computed the lost earnings and subsequently remitted those earnings to the Plan.

11. Transfer of Assets and Name Change

At the beginning of 2008, the Plan received a transfer of the net assets of the Premier Golf Management, Inc. 401(k) Plan in the amount of $1,081,809. At the same time, the name of the Plan was changed from the Evergreen Alliance 401(k) Plan to the EAGLE Golf 401(k) Plan.

12. Reconciliation of Financial Statements to 5500
