INDEPENDENT AUDITOR'S REPORT

To the Participants and the Plan Administrator of the
ABC Pest Pool & Lawn Services 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ABC Pest Pool & Lawn Services 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by John Hancock Life Insurance Company (U.S.A), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee held the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from John the trustee as of December 31, 2012 and 2011 and for the years then ended that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE A. DESCRIPTION OF PLAN

The following description of the ABC Pest Control of Houston, Inc. DBA ABC Pest Pool & Lawn Services ("Company") 401 (k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:
The Plan is a salary deferral defined contribution plan covering all full-time employees of the Company who have 6 months of service and have attained age 20.5. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective June 1, 1992.

John Hancock Life Insurance Company (U.S.A) ("John Hancock" or "the trustee") serves as the trustee for the Plan and provides participant recordkeeping services to the Plan. UBS Financial Services, Inc. serves the trustee as a custodian of Plan assets.

Contributions:
Each year, participants may contribute up to the maximum allowable dollar limit, as defined in the Internal Revenue Code. Participants may also transfer or rollover amounts representing distributions from other qualified defined benefit or contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contribution rates may be modified by a participant effective as of the first day of each month. The Company contributes 25% of the first 6% of eligible compensation that a participant contributes to the Plan. The matching Company contribution is invested in the various pooled separate fund accounts in the same proportion as the employee contributions. Participant and Company matching contributions are funded into the Plan each pay period. Annual profit sharing contributions may be made at the sole discretion of the Company. The Company elected to make no discretionary contributions for 2011.

Participant Accounts:
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:
Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the Company's contribution on a graded scale based on their years of service, with 20% credit given for each year of service after 2 years of service. A participant is 100% vested after six years of credited service. Participants also become fully vested upon reaching normal retirement age.

Participant's Loans:
Loans to participants from the plan are available. The maximum amount of the loan will be the lesser of one-half of the participant's nonforfeitable account balance (50%) or $50,000. The maximum term of a loan may not exceed 5 years, unless it is for the purpose of buying, building or rehabilitating a

personal residence which may not exceed 15 years. Collateral for a loan will include no more than 50% of the participant's nonforfeitable account balance.

The loans will bear interest at a rate that is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. The interest rate is fixed at the then current prevailing interest rate at the time the loan is made.

Payments of Benefits: Following termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also withdraw certain vested balances upon reaching age 59 ½ while still employed or upon incurring certain financial hardships as outlined in the Plan Agreement.

Forfeitures: When certain terminations of participation in the plan occur, the non-vested portion of the participant's account, as defined by the plan, represents a forfeiture. Forfeitures may be utilized to pay Plan administrative expenses and to reduce company matching contributions for the plan year. At December 31, 2012, $2,467 of forfeitures were available to be utilized by the Plan.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Method:
The accounts of the plan are maintained, and the accompanying financial statements have been prepared, on the accrual basis in conformity with accounting principles generally accepted in the United States of America.

The Plan Administrator has reviewed and evaluated events subsequent to December 31, 2012 through September 23, 2013, the date the financial statements were available to be issued, for their impact on amounts recorded, and related disclosures, in these financial statements, and incorporated the related effects as appropriate.

Investment Valuation and Income Recognition:
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Pooled separate accounts held by the Plan are valued at the net asset value ("NAV") established by the fund sponsor on the valuation date, based on the aggregate fair value of the assets and liabilities underlying the funds reduced by any related fees, divided by the number of shares outstanding for the fund. The fair value of the substantial majority of the assets underlying the funds are determined based on the market prices quoted on national exchanges for the related mutual funds or other securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded for the investment funds on the accrual basis. Dividends are recorded by the investment funds on the ex-dividend date.

The net appreciation or depreciation in the fair value of the investments as presented by the Plan in the statement of changes in net assets available for plan benefits consists of the realized gains or losses and the net unrealized appreciation or depreciation of the investments held. Investment management and advisory fees are incurred by plan participants indirectly as such fees serve to reduce the carrying value of investments (and therefore are a component of net appreciation in the fair value of investments).

Contributions are recognized in the period withheld from participants.

Notes Receivable from Participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based on the terms of the plan document. No allowance for doubtful accounts was necessary at December 31, 2012 or 2011. Related interest income is recognized under the accrual method.

Payment of Benefits:

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative Expenses:
Administrative service fees have been paid by the plan and totaled $9,755 for 2012.

Estimates:
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C. INVESTMENTS (Unaudited)

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2012 and 2011, and net appreciation in fair value of pooled separate accounts and interest and dividends for the years ended December 31, 2012 and 2011, was obtained or derived from information supplied to the Plan Administrators and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the trustee. The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such amounts to the statements and supplemental schedule.

The 2012 and 2011 Plan's investments are held in John Hancock Pooled Separate Fund Accounts by UBS Financial Services Inc, Custodian. The investments that represent 5 percent or more of the Plan's net assets as of December 31 are as follows:

	December 31	
	2012	2011
John Hancock Pooled Separate Accounts		
JH Lifestyle Moderate	$ 103,551	$ 81,302
JH Lifestyle Balanced	$ 720,864	$565,129

* Did not exceed 5% of total assets at this date

NOTE D. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts: Valued at the net asset value ("NAV") established by the fund sponsor on the valuation date, based on the aggregate fair value of the assets and liabilities underlying the funds reduced by any related fees, divided by the number of shares outstanding for the fund. The fair values of underlying assets held by the funds are generally determined by available quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets (all Pooled Separate Accounts) at fair value as of December 31, 2012 and 2011:

Assets at Fair Value as of December 31, 2012				
	Level 1	**Level 2**	**Level 3**	**Total**
Equity funds		$ 802,109 A		$ 802,109

Stable value funds		43,215 B		43,215
Total, at fair value		$1,397,621		$1,397,621

A Valued using market approach B Valued using income approach

The Plan held no Level 3 assets during 2012. There were no transfers between levels during 2012

The Pooled Separate Accounts can generally be separated into three categories:

1) John Hancock (JH) Lifestyle Funds – with names that generally represent the investment profile. These funds hold a collection of various funds with a mix designed to meet the related investment objective profile.
2) John Hancock Retirement Living Target Date funds – with names that indicate the related anticipated retirement target date for the holders. Generally the closer the stated retirement date in the fund, the more conservative the investments and investment mix held by the fund, with a greater concentration of fixed income and less volatile investments. The larger the stated retirement date of the fund, the more aggressive and equity based the investments will be that are held by the fund.
3) John Hancock funds whose names mirror the vast majority of the investment held by the fund. For most of these funds, the participant can look to the underlying mutual fund descriptions and investment objectives to understand the profile of the related John Hancock fund bearing its name.

A description of the most significant funds held by the participants in the Plan are as follows:

JH Lifestyle Balanced ($720,884 and $565,129 at December 31, 2012 and 2011, respectively) - seeks a balance between a high level of current income and growth of capital, with a greater emphasis on growth of capital. Normally invests approximately 60% of its assets in underlying funds that invest primarily in equity securities and 40% in underlying funds that invest primarily in fixed income securities.

JH Lifestyle Growth ($424,274 and $349,246 at December 31, 2012 and 2011, respectively) - seeks long-term growth of capital, with current income as a secondary consideration. Normally invests approximately 20% of its assets in underlying funds that invest primarily in fixed income securities and approximately 80% in underlying funds that invest in equity securities. These percentages may vary by 10%. Investments cover a broad range of company sizes, industries and geographies.

JH Lifestyle Aggressive ($255,864 and $204,356 at December 31, 2012 and 2011, respectively) – seeks long-term growth of capital, current income is not a consideration. Invests 100% of its assets in underlying funds that invest primarily in equity securities. Investments cover a wide range of asset classes and investment styles.

JH Lifestyle Moderate ($103,551 and $81,302 at December 31, 2012 and 2011, respectively) – seeks long-term growth of capital, with current income also a consideration. Normally invests approximately 40% of its assets in underlying funds that invest primarily in equity securities and 60% in underlying funds that invest in fixed income securities. Investments cover a wide range of asset classes and investment styles.

There are no redemption restrictions on any of the Plan's investments in Pooled Separate Accounts, other than the JH Stable Value Fund ($43,224 at December 31, 2012 and $43,215 at December 31, 2011), and there are no future funding commitments required of the Plan or its participants related to these investments. The trustee of the JH Stable Value Fund may delay participant-initiated withdrawals for up to 30 days if it determines that immediate withdrawal may have an adverse impact on the trust, and the trustee can delay withdrawal for up to 12 months in the event all or a substantial portion of the related funds are to be withdrawn, or the trustee may impose a related price adjustment on such withdrawals.

NOTE E. RELATED PARTIES AND PARTIES-IN-INTEREST

The Trustee (and its affiliates), participants in the Plan and the Company are parties-in-interest as defined by ERISA.

The Plan's investments are in units of pooled separate accounts managed by affiliates of the trustee. During the period of time that the trustee has served the Plan, transactions with them qualify as party-in-interest transactions. These transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Loans to participants are party-in-interest transactions, and are exempt from the prohibition of party-in-interest transactions by ERISA.

The Company is a party-in-interest and provides certain administrative services for and to the Plan with no reimbursement.

NOTE F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 1, 1992 and updated August 7, 2001 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the initial determination letter, the Plan administrator and the Plan's trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012 there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.
