NOTE 1 – Description of the Plan

The following description of the Butler Pappas Weihmuller Katz Craig LLP Retirement Savings Plan (the Plan), f/k/a Butler Pappas Retirement Savings Plan, provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Butler Pappas Weihmuller Katz Craig LLP (the Partnership) f/k/a Butler Pappas who have three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to the annual limit in the Internal Revenue Code Section 402(g). Participants may also contribute amounts representing distributions from other retirement plans. In its sole discretion, the Partnership may make a contribution as a percentage of the employees' compensation as the Partnership may determine. For the year ended December 31, 2012, the Partnership contributed $247,113, including forfeitures, as an additional profit sharing contribution. For the year ended December 31, 2012, the Partnership's non-elective contribution was equal to 3% of compensation in the amount of $788,141 representing a safe harbor contribution under the Plan. No additional matching contributions were made to the Plan for the year ended December 31, 2012.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of the Partnership's contribution and Plan earnings. Each participant's account is charged with an allocation of administrative expenses. Contributions are allocated based on a participant's earnings. Plan earnings and administrative expenses are allocated based on account balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Partnership non-elective contributions and Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested 100% in their contributions plus actual earnings thereon. Vesting in the Partnership's non-elective contribution portion of their accounts plus actual earnings thereon is based on a top heavy six year graded vesting schedule and the employee's years of continuous service in accordance with the following schedule:

NOTE 1 – Description of the Plan (continued)

Service	Percentage
< 1	0
1	0
2	20
3	40
4	60
5	80
6	100

In the event of Plan termination, all participants become 100% vested in their entire account balance.

Investment options. Upon enrollment in the Plan, the employee may direct employee and Partnership contributions into a specified group of investment vehicles selected by the Plan trustee and maintained by the plan custodian, Principal Life Insurance Company. The employee may change their investment options at any time. The investment vehicles available to the participants are:

Principal General Account – An account providing a guaranteed interest rate for a specified period of time. The general account is invested mostly in private placement bonds, commercial mortgages, and residential mortgages. The account is not benefit responsive because of possible market value adjustments when participants make withdrawals.

Principal Money Market Separate Account – A pooled investment account that invests in money market instruments.

Principal Bond & Mortgage Separate Account – A pooled investment account invested in intermediate-term fixed-income loans.

Principal Government Securities Separate Account – A pooled investment account invested in obligations issued or guaranteed by the U.S. Government or its agencies.

Principal Bond Emphasis Balanced Separate Account – A pooled investment account invested in other separate accounts of Principal Life Insurance Company, weighted toward fixed income accounts.

NOTE 1 – Description of the Plan (continued)

Principal Large Cap Stock Index Separate Account – A pooled investment account invested in 500 of the nation's largest companies – the same ones found in the Standard & Poor's 500 Stock Index.

Principal Large Company Blend Separate Account – A pooled investment account invested in stocks of larger companies whose earnings and dividends are expected to be above average.

Principal Medium Company Value Separate Account – A pooled investment account invested in common stocks of medium-sized companies that are undervalued at the time of purchase and whose earnings are expected to grow at above average rates.

Principal Real Estate Separate Account – A pooled investment account invested in commercial property.

Principal Stock Emphasis Balanced Separate Account – A pooled investment account invested in other separate accounts of Principal Life Insurance Company, weighted toward equity accounts.

Principal Medium Company Blend Separate Account – A pooled investment account invested in common stocks of medium-sized companies that generate long-term capital growth.

Principal Small Company Blend Separate Account – A pooled investment account invested in common stocks of small companies whose long-term earnings are expected to grow at above average rates.

Principal International Stock Separate Account – A pooled investment account invested primarily in common stocks of corporations located outside the United States.

Principal Financial Group, Inc. Stock Separate Account – A pooled investment account invested in the stock of the Principal Financial Group.

The above investment options are not exclusive investments to the Plan; the Principal Group may provide additional investment opportunities with registered investment companies to the Plan, as well.

NOTE 1 – Description of the Plan (continued)

Payment of benefits. If a participant's vested account balance on termination of service due to death, disability or retirement is greater than $5,000, a participant may elect to receive either:

A lump-sum amount equal to the value of the participant's vested interest in his or her account or

Monthly installments for life or over a period not to exceed the greater of a member or surviving spouse's life or a predetermined contract period.

If a participant's vested account balance on termination of service due to other reasons is greater than $5,000, a participant may elect to either:

Leave the value of the vested interest in his or her account as an investment until the participant retires or dies;

Receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or

Receive monthly installments for life or over a period not to exceed the greater of a member or surviving spouse's life or a predetermined contract period.

If a participant's vested account balance on termination of service for any reason is less than $5,000, the participant's vested account balance will be paid in a lump sum.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as provided by the Plan's custodian. Income is recognized as provided by the Plan's custodian.

Payment of Benefits

Benefits are recorded when paid.
