Jensen's Complete Shopping 401(k) Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Jensen's Complete Shopping 401(k) Retirement Savings Plan (the Plan) provides only general information. A more complete description of the Plan's provisions may be found in the Plan's document.

General

The Plan is a defined contribution plan providing benefits to all employees of Jensen's Complete Shopping, Inc. d/b/a Jensen's Finest Foods (the Company) who have been employed by the Company at least one year and have a minimum of 1,000 service hours and are age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Certain administrative costs are paid by the Company. John Hancock Life Insurance Company (U.S.A) served as the asset custodian of the Plan.

Contributions

Under the provisions of the Plan, each active participant may enter into a written salary deferral agreement with the Company, deferring a maximum of 100 percent of compensation for the contribution period, up to the maximum allowable amount as determined yearly by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The matching contribution to the Plan for a particular plan year is determined by the Company's board of directors at its sole discretion. As of January 5, 2009 the Company elected to indefinitely suspend the discretionary matching contribution.

Participant Account

An account is maintained for each participant. The participant's account is credited with the participant's contribution, Company's matching contribution, and participant's Plan earnings and losses.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's matching contribution plus actual earnings thereon is based on years of continuous service. After two years of service, a participant becomes 20 percent vested. Each service year thereafter will increase the participant's vesting by 20 percent, with 100 percent vesting after six years.

Investment Options

Participants direct employee and employer contributions to their accounts in guaranteed investment accounts or in a number of pooled separate accounts. Guaranteed investment accounts are offered in three-, five-, and ten-year terms and earn guaranteed interest at specified rates. Contributions to these accounts are invested in general funds of John Hancock Life Insurance Company (U.S.A) (John Hancock USA). Pooled separate accounts are advised and managed by both internal and external investment advisors and are invested in the John Hancock Series and external mutual fund companies. Such pooled accounts are maintained separately from the general assets of John Hancock USA.

Notes to Financial Statements

1. Description of the Plan (Continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. At any time, a participant may only have one loan outstanding. The loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined periodically by the Plan's administrator. Interest rates range from 5.25 percent to 8.25 percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly installments for the duration of the lesser of the available account balance or the participant's life expectancy. Participants who terminate employment shall receive the value of the vested interest in their accounts as lump-sum distributions.

Forfeited Accounts

A participant's unvested portion of Company contributions is forfeited upon termination of employment for reasons other than retirement, death, or permanent disability. Forfeitures are maintained in a separate account and are applied to reduce the Company's contribution, as defined by the Plan. Forfeitures in the amount of $11,698 were used to pay plan expenses in 2009. There were no unused forfeitures as of December 31, 2009.

2. Summary of Accounting Policies

The preparation of these financial statements requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets, liabilities, revenues, and expenses, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Management has considered events occurring through September 28, 2010 in its evaluation of the conditions on which estimates were based or for changes in conditions subsequent to the balance sheet date which should be disclosed. The financial statements were available to be issued at this date. Management also determines the accounting principles to be used in the preparation of financial statements. A description of the significant accounting policies employed in the preparation of these financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value for guaranteed investment accounts is calculated by projecting the future cash flow for the contract at the contractual crediting rate, and then discounting it by a rate that approximates the current market rate for a contract of equal credit quality and duration. Contract and fair value are not materially different. Investments in the pooled separate accounts are stated at fair value as determined by the asset custodian, based on quoted market prices of the underlying assets. Loans are valued based on their outstanding balances.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

4. Fair-Value Measurements

Accounting Standards Codification Topic 820 for Fair Value Measurements and Disclosures (ASC Topic 820) establishes a framework for measuring fair value. The framework provides a fair-value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair-value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair-value measurement level within the fair-value hierarchy is based on the lowest level of any input that is significant to the fair-value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Pooled separate accounts:* These investments are valued using the net asset value (NAV) of units held by the Plan at year end as provided by John Hancock. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee. The investment management fee is deducted prior to setting the daily unit value.

- *Guaranteed investment accounts:* Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

- *Participant loans*: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair-value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair-value measurement at the reporting date.

4. Fair-Value Measurements (Continued)

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total

Balance, December 31, 2009	$ 691	$ 402,603

5. Party-in-Interest Transactions

The Plan has not considered Company contributions to the Plan, or benefits accrued or paid by the Plan for participants, as party-in-interest transactions.

Employer provides certain services, such as accounting and auditing, to the Plan without compensation.

Plan investments are advised by John Hancock Investment Management Services, LLC, which is affiliated with John Hancock USA. John Hancock USA is the custodian of the Plan's assets, and therefore these transactions qualify as party-in-interest. Fees paid by the Plan for contract administration amounted to $42,075 for the year ended December 31, 2009.

6. Tax Status

The Company adopted a Prototype Profit Sharing Plan, with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan's trustees and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.
