Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in NOTE 6, which was certified by John Hancock Life Insurance Company, the custodian of the participant-directed portion of the Plan's assets, SEI Trust Company and Sun America Life Annuity and Insurance Company, the custodians of the non-participant directed portion of the Plan's assets (collectively the "custodians"), except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Assets (Held at End of Year) and Reportable Transactions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

1. DESCRIPTION OF PLAN

The R.L. Schreiber, Inc. 401(k) Profit Sharing Plan, formerly the R.L. Schreiber, Inc. 401(k) Plan, (the "Plan") was established effective January 1, 2005, for the exclusive benefit of the eligible employees of R.L. Schreiber, Inc., located in Pompano Beach, Florida.

The R.L. Schreiber, Inc. Profit Sharing Plan and Trust, established in March, 1977, was merged into the R.L. Schreiber, Inc. 401(k) Profit Sharing Plan effective December 31, 2006. Effective January 1, 2007, certain changes were made to the Plan provisions as the Plan was restated which changed eligibility and other Plan provisions. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participants can invest their salary deferrals in various investment products offered by the custodian, John Hancock Retirement Plan Services. From January 1, 2011 to June 11, 2012 non-participant directed assets were held as follows: the custodian of the registered investment company and bonds was SEl and the variable annuity contracts were held by AIG -SunAmerica. As of December 31, 2012, all plan assets are participant directed and held at John Hancock Life Insurance Company.

General

The Plan is a defined contribution plan covering all full-time employees of R.L. Schreiber, Inc. (the "Company"). Employees need to complete three months of service and work a minimum of 1 hour prior to the first day of the subsequent quarterly entrance date to be eligible for the plan. There is no age requirement. For eligibility into the profit sharing provisions for employer discretionary profit sharing contributions, employees need to complete one year of service, work a minimum of 1000 hours, and be age 20 or older. For eligibility for a top-heavy contribution, the non-key employee must satisfy either eligibility requirement and be an employee on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Under a provision of the Plan, the employer may impose a minimum elective deferral percentage of 1% as an administrative procedure applied on a uniform and consistent basis to all participants. Additionally, if a participant fails to make an affirmative deferral election, then the participant is deemed to have made a pre-tax deferral election of 3% of compensation per payroll period.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined and limited in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may contribute a match of the employee deferral; no match was provided for 2012 or 2011. The matching Company contribution is invested in the same funds as the participants' contributions. Employee contributions are subject to certain limitations, and are funded after each payroll.

Each year, Plan participants may receive profit sharing contributions at the discretion of the Company's board of directors. Contributions are subject to certain limitations, and are funded on an annual basis. No such profit sharing contributions were made for the year ended December 31, 2012 and 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company’s contribution, plan earnings, and are charged with specific administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Investments from the 401(k) eligibility provisions are participant-directed and investments from the profit sharing eligibility provisions are not participant-directed.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participants may not borrow from their fund accounts.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant with a vested individual account balance may only elect to receive a lump-sum distribution amount equal to the value of the participant's vested interest. See the Plan document for minimum distribution requirements and involuntary cash-outs provisions.

Forfeited Accounts

At December 31, 2012 and 2011, forfeited non-vested accounts totaled $572 and $988, respectively. These amounts will be used to reduce future employer contributions or pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Valuation of Investments and Income Recognition

Investment contracts held by defined-contribution plans are required to be reported at fair value. Purchases and sales of securities are recorded on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The investments are not guaranteed nor insured by any bank or governmental agency.

Payment of Benefits

Payments to participants are recorded upon distribution. If benefit payment checks have not been cashed, a liability is recorded for the amount of the stale checks.

Administrative Expenses

In 2012 and 2011, the plan incurred investment advisory and management fees, professional fees, contract and other administrator fees which were paid directly by the Plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan Trustees have evaluated subsequent events through September 11, 2013, the date the financial statements were available for issuance.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts and the investment in the Insurance Company General Account: Recorded at values reported by the insurance company. These values are based upon quoted market prices of the underlying investments. Therefore, the Plan administrator has determined that the reported value approximates fair value.

Variable annuities: Valued at contract value as reported by SunAmerica, consistent with the reporting in the annual Form 5500. No reduction has been made for any fees that could be charged for early liquidation of the annuities. The Plan administrator believes that annuities should be reported at contract value consistent with fully-benefit responsive contracts since it is the Plan and not the participant who initiates transactions and the available liquidity of the annuities without penalty is sufficient for Plan purposes. The Plan administrator further believes that contract value is materially consistent with fair value and has, therefore, not recorded any difference between contract value and fair value in the accompanying financial statements.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011.

4. CONTRACT WITH INSURANCE COMPANY

In 2001, the R.L. Schreiber Profit Sharing Plan and Trust entered into four variable annuity investment contracts with the Anchor National Life Insurance Company which became a subsidiary of SunAmerica, Inc. In July 2009, a name change was made from AIG SunAmerica Life Assurance Company to SunAmerica Annuity and Life Assurance Company. These companies are members of American International Group, Inc. ("AIG"). AIG maintains the contributions in pooled portfolio accounts as directed by the Plan (the available funds include moderate growth strategy, large cap growth, large cap variable, focus growth and income, or cash management portfolios). At the direction of the Plan's administrator, a single premium to buy an annuity for a retiring employee can be withdrawn by AIG from the unallocated fund. Such purchased annuities are contracts under which AIG is obligated to pay benefits to named employees or their beneficiaries, and would not be included in these financial statements. One of these four contracts was liquidated in 2010; two were liquidated in prior years. The final contract was liquidated in June 2012.

5. INVESTMENTS

6. CERTIFICATION OF PLAN CUSTODIANS

Accordingly, the following information was certified by John Hancock Life Insurance Company (USA), SEI Trust Services and Sun America Annuity and Life Insurance Company, the custodians as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations under ERISA as complete and accurate.

8. TAX STATUS

The Internal Revenue Service has determined and informed the designers of the plan document (Sungard Corbel LLC) by a letter dated March 31, 2008, that the prototype profit-sharing plan with CODA is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the issuance of the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become fully vested in their accounts.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. These securities are not insured. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
