401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ended June 30, 2010

NOTE 1 - PLAN DESCRIPTION

General

The following description of the Voorhees Pediatric Center Associates 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan, which was incepted on July 1, 1993, is classified as a defined contribution plan (profit-sharing plan), covering members of District 1199C National Union of Hospital and Health Care Employees, who are age 18 or older and are employees of ForKidCare, LLC (the Plan sponsor) and Voorhees Pediatric Rehabilitation Services, Inc. (a related entity) (collectively, the Employer). The primary purpose of the Plan is to provide covered employees with financial benefits upon retirement.

Contributions

Each year participants may elect to contribute up to 50 percent of their gross compensation, not to exceed IRS limits, through a salary reduction agreement. In accordance with the collective bargaining agreement, the Employer contributes supplemental contributions to each eligible employee based upon the number of hours of service rendered by such employee during the Plan year. Employee deferrals are not required in order to obtain an allocation of the Employer contribution to their accounts. For the Plan year ended June 30, 2010, the Employer contributed $1.75 per hour for all regularly scheduled hours up to a maximum of 2,080 hours per Plan year. For the Plan year ending June 30, 2011, the Employer will contribute $1.75 per hour for all regularly scheduled hours up to a maximum of 2,080 hours per Plan year.

Participant Accounts

Under the Plan, a separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, employer contributions and allocations of Plan earnings and charged with an allocation of administrative expenses, if any. Participant contributions and employer matching contributions are allocated, at the participant's election, to investment funds held at Orchard Trust Company, LLC (the "Plan Custodian"). Plan earnings are allocated based on the actual earnings of the respective participant's investments.

NOTE 1 - PLAN DESCRIPTION *(Continued)*

Vesting

The entire amount in each participant's salary reduction account and employer contribution account are fully vested at all times and are not subject to forfeiture.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions and their related employer contributions to be invested in one or more of the investment options available to the Plan.

Payment of Benefits

Distribution of benefits may be made in a lump-sum cash payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at market value and are invested in registered investment company fund vehicles. Investments are valued at quoted market prices or are valued at net asset values calculated daily by the fund administrator, based upon the quoted market prices of the underlying securities held by the fund less accrued expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Realized gains and losses are calculated on a historical moving average cost basis.

In accordance with the Plan's policy of stating marketable securities at fair value, the net appreciation or appreciation for the year is reflected in the Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Corrective Distributions

Corrective distributions may be required in the event that employee contributions exceed contribution limitations of the Plan. These amounts are recorded as a liability as of the plan's year end and reflected on the statement of changes in net assets available for benefits as an offset to contributions.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative and Other Costs

During 2010, the Plan sponsor paid administrative expenses of approximately $14,500 for the Plan. Certain other investment related fees, commissions and reporting expenses are included in net appreciation of fair value of investments.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles and with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Income Tax Status

The original plan is a prototype plan prepared and maintained by a third party. The prototype plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The adopted Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. As of June 30, 2010, with few exceptions, the tax status of the Plan is no longer subject to examination by the federal tax authorities for any tax years before 2007.

Reclassifications

Certain reclassifications have been made to the 2009 financial statements to conform to the 2010 presentation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Subsequent Events

The Organization has evaluated subsequent events for potential reporting and disclosure through January 26, 2011 which is the date the financial statements were available to be issued.

Total	**$ 8,399,247**		$ 7,128,546	

* Investment fair value is 5% or more than the Plan's net assets available for benefits

NOTE 4 - FAIR VALUE MEASUREMENTS

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritize the inputs of valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities the Plan has ability to access.

NOTE 4 - FAIR VALUE MEASUREMENTS *(Continued)*

Level 2 Inputs other than quoted prices in active markets within Level 1 that are either directly or indirectly observable.

Level 3 Significant unobservable inputs for the asset or liability in which little or no market data exists.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of:

NOTE 5 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employment Retirement Security Act of 1974 (ERISA). In the event of the termination of the Plan, participants will become 100 percent vested in their accounts and the Plan assets shall be distributed in proportion to participants' respective account balances as of the date of termination.

NOTE 6 - INVESTMENT RISKS

The Plan's investments are not insured and are subject to credit and market risk. Financial information relating to those investments is included in these financial statements based on information provided by the Custodian.

NOTE 6 - INVESTMENT RISKS *(Continued)*

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and due to recent market volatility and recent economic recession that have affected the financial services industry, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - PLAN CERTIFICATION

The Plan Custodian holds the Plan's investments and executes all investment transactions. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at June 30, 2010 and 2009, net appreciation in fair value of investments and dividends and interest for the year ended June 30, 2010 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan Custodian.
