INDEPENDENT AUDITOR'S REPORT

To The Trustees of
Total Sweeteners, Inc. Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of Total Sweeteners, Inc. Profit Sharing Plan as of October 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Total Sweeteners, Inc. Profit Sharing Plan as of October 31, 2010 and 2009, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information. Schedules 1 and 2 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. These supplementary schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TOTAL SWEETENERS, INC.
PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2010 AND 2009

DESCRIPTION OF PLAN

The following description of the Total Sweeteners, Inc. (the "Company") Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan covering all full-time employees of the Company who have completed one year of service and are twenty-one years of age or older. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

2. Contributions - The Company, at its discretion, may make contributions in amounts determined by the Board of Directors, which are invested in types of investments as directed by the trustees. Contributions are subject to certain maximum limitations imposed by the Internal Revenue Code. The Plan does not allow participant contributions or rollover contributions from other plans.

3. Participants' Accounts - Each active participant's account is credited with an allocation of (a) the Company's contribution (net of forfeitures of terminated participants' non-vested accounts) and (b) Plan earnings. Allocations are based on the participant's earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the amount in the participant's vested account.

4 Vesting - Vesting in the Company's discretionary contributions, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after six years of credited service.

5. Participant's Loans - Participants may borrow from their fund accounts the lesser of $50,000 less their highest outstanding loan balance during the past twelve (12) months or fifty (50%) percent of their vested account balance. Loans are issued only for those reasons outlined in the Plan document. Participant loans are deemed to be investments made solely for the benefit of the participants' accounts under the Plan. Loans provide for periodic repayment over a period of five years or less unless the loan is in connection with the participant's personal residence. The interest rates and types of collateral required are contained in the Plan document.

DESCRIPTION OF PLAN (Continued)

6. Payment of Benefits - Benefits are recorded when paid. Upon termination from the Plan, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. As of October 31, 2010 and 2009, the vested but unpaid balances of terminated participants amount to $2,592,002 and $560,202, respectively.

7. Forfeited Accounts – At October 31, 2010 and 2009, forfeited nonvested accounts amounted to $71,551 and $23,924, respectively. At the Plan administrator's discretion, forfeitures may be used to reduce the employer's contribution to the Plan. During 2010 and 2009, $23,924, and $66,561 were used to reduce employer contributions.

8. Administrative Expenses – Investment management services and expenses relating to the administration of the Plan are substantially paid by the Company.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash:

The Company maintains its cash account in what it believes is a high-quality financial institution. Nevertheless, there is exposure where balances exceed federally insured limits.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value, which generally are year-end quoted market prices.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participants notes receivable are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized gains or losses on those investments.

INVESTMENTS IN EXCESS OF 5%

The following table represents the fair value of individual investments that represent 5% or more of the Plan's net assets at October 31, 2010 and 2009:

Description of Investment	2010	2009
U. S. Treasury Strips and Note	$ 5,938,973	$ 2,781,557

FAIR VALUE MEASUREMENTS

Financial Accounting Standards ASC-820 ("ASC"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets
- Quoted prices for identical or similar assets in inactive markets
- Inputs other than quoted prices that are observable for the asset
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. See *Summary of Significant Accounting Policies* for description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2010 and 2009.

The valuation methods described in the *Summary of Significant Accounting Policies* may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of October 31, 2010:

	Level 1	Level 2	Level 3	Total

Balance, End of Year	$ 32,923	$ 39,686

BENEFITS PAID TO PARTICIPANTS

Benefits paid to participants for the years ended October 31, 2010 and 2009 are comprised of the following:

	2010	2009
Benefits Paid to Terminated Participants	$ 560,202	$ 257,611
Benefits Paid to Active Participants	0	200,000
TOTAL	$ 560,202	$ 457,611

RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2010 AND 2009

INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

PLAN AMENDMENT

On February 12, 2009, the Company adopted an amendment to the Plan to reflect the final regulations published by the Department of the Treasury governing limitations on benefits and contributions within qualified plans under Section 415 of the Internal Revenue Code.

SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 28, 2011, the date which the financial statements were available for issue.
