Independent Auditors' Report

To the Trustees
Manor Park, Inc. 401(k) Plan
Midland, Texas

We have audited the accompanying statements of net assets available for plan benefits of Manor Park, Inc. 401(k) Plan (the "Plan") as of May 31, 2010, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of May 31, 2009 were audited by other auditors whose report dated February 17, 2010, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above of Manor Park, Inc. 401(k) Plan as of May 31, 2010, and for the year then ended present fairly, in all material respects, the net assets available for plan benefits of Manor Park, Inc. 401(k) Plan as of May 31, 2010, and changes in net assets available for plan benefits for the year then ended in conformity with accounting principles generally accepted in the United States.

Independent Auditors' Report, continued

Our audit of the Plan's financial statements as of and for the year ended May 31, 2010, was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended May 31, 2010, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANOR PARK, INC. 401(k) PLAN

Notes to Financial Statements

May 31, 2010 and 2009

(1) DESCRIPTION OF PLAN

The following description of the Manor Park, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan which was established under the provisions of the Internal Revenue Code Section 401(a). The Plan provides employees eligible to participate an opportunity to accumulate funds for retirement, death, and disability benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA")

The Plan was amended and restated effective February 1, 1997, to change the Plan from a profit-sharing plan allowing only employer contributions to a 401(k) Plan, which accepts employee contributions. Other major changes include discontinuing hardship withdrawals, allowing participant loans, and allowing participants to choose their investment options.

Eligibility to Participate

The Plan covers all employees who have completed one-half year of service and are age twenty-one or older. Enrollment dates for the Plan are December 1 and June 1. The employee is eligible to enroll in the Plan on the first enrollment date subsequent to completing the requirements. To be eligible, generally a participant must be employed on the last day of the year and have completed 1,000 hours in the Plan year.

A one-time exception to participation eligibility was approved by corporate resolution. This resolution provided that all employees who were employed on February 1, 1997 were eligible to enter the Plan as of that date regardless of age or service requirements.

(1) DESCRIPTION OF PLAN (continued)

Contributions

Prior to February 1, 1997, all contributions were employer discretionary ("Nonelective"). After February 1, 1997, individual participants may elect to contribute a percentage of total compensation up to a maximum allowable amount and may change the percentage at the Plan's entry dates. The Board of Directors may also, at their discretion, contribute to the Plan any amount that the employer may deem advisable.

Allocations

Allocation of employer discretionary contributions and forfeitures are based on a two-tiered formula. First, the employer will allocate the employer contributions (and Participant forfeitures) in the same ratio that each Participant's compensation plus Excess Compensation for the Plan year bears to the total Compensation plus Excess Compensation of all Participants for the Plan Year. The allocation under this paragraph, as a percentage of each Participant's compensation plus Excess Compensation, must not exceed the applicable percentage listed under the Maximum Disparity Table. The remaining contributions and forfeitures will be allocated based on the Participant's compensation for the Plan Year.

The company may also make matching contributions equal to a discretionary percentage of the Participants' salary reductions.

(1) DESCRIPTION OF PLAN (continued)

Vesting

A Participant's account balance becomes 20% vested after two years of service with a 20% increase in vestiture in each of the next four years, becoming fully vested after six years. Participant contributions plus actual earnings thereon are immediately vested.

A Participant's accrued benefit becomes 100% vested upon the later of the date the Participant attains sixty-five years of age or the fifth anniversary of the first day to the Plan Year in which the Participant commenced participation in the Plan or if employment terminates as a result of death or disability.

Investment Options

Beginning January 1, 1997, upon enrollment in the Plan, a participant may direct both employee contributions and the participant's share of employer contributions in any of seven investment options;

Equity Mutual Funds:
- Euro Pacific Growth Fund
- Fundamental Investor Incorporated
- Growth Fund of America Incorporated
- Investment Company of America

Fixed Income Mutual Funds:
- The Bond Fund of America Incorporated

Balanced Mutual Funds:
- American Balance Fund Incorporated

Money Market Funds:
- American Funds Money Market Fund

(1) DESCRIPTION OF PLAN (continued)

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their nonforfeitable account balance, but not to exceed $50,000. Loan transactions are considered a directed investment from the account of the participant. Loan terms range from 1 - 5 years, except that a longer period is allowed when the loan is to be used for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through semi-monthly payroll deductions.

Forfeited Accounts

Forfeitures of contributions other than matching contributions shall be allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the year bears to the compensation of all participants for the year. Forfeitures of matching contributions shall be used to reduce the employer's matching contribution.

Payment of Benefits

An account is established for each Participant into which contributions and any related earnings and forfeitures thereon are credited. The amount of benefit payable to the Participant is the vested portion of the contributions, earnings, and forfeitures as of the date of the Participant's retirement, death, disability, or other termination. Payments of benefits are made as soon as administratively practicable, in a lump-sum, and may be in the form of either cash or property.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Shares in mutual funds were valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participant notes are recorded at cost which approximates fair value.

Payment of Benefits

Benefits are recorded when paid. Vested benefits payable to terminated participants at May 31, 2010 and 2009 totaled $268,474 and $254,311, respectively.

(3) INVESTMENTS

The Plan's investments at May 31, 2010 and 2009 were held by the retirement subsidiary of a major mutual fund company. The following table presents investments at May 31, 2010 and 2009. Investments that represent 5% or more of the Plan's net assets are separately identified.

	$2,722,175	2,163,211

*Items represent more than 5% of net assets available for benefits.

(4) ADMINISTRATIVE EXPENSES

During 2010 and 2009, administrative fees were absorbed by the Plan sponsor, except for individual loan fees that were charged to participant accounts.

(5) PLAN TERMINATION

Although it has not expressed any intent to do so, Manor Park, Inc. has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

(6) INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 23, 1995, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

(7) FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

(7) FAIR VALUE MEASUREMENTS, continued

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2010 and 2009.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

(7) FAIR VALUE MEASUREMENTS, continued

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of May 31, 2010 and 2009:

	Assets at Fair Value as of May 31, 2010			
	Level 1	Level 2	Level 3	Total

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended May 31, 2010:

	Level 3 Assets Year Ended May 31, 2010
	Participant Loans
Balance, beginning of year	$ 107,894
Realized gains/(losses)	-
Unrealized gains/(losses) relating to instruments held at the reporting date	-
Purchases, sales, issuances, and settlements (net)	(1,863)
Balance, end of year	$ 106,031

(8) DEPARTMENT OF LABOR REQUIRED DISCLOSURES

During the years ended May 31, 2010 and 2009, deposits to the Plan of all employee deferrals (contributions) were made timely in accordance with Department of Labor regulations.

(9) SUBSEQUENT EVENTS

The Plan has adopted the application of ASC 855-10, *Subsequent Events,* which establishes general standards of accounting for and disclosures of events that occur after the balance sheet date, but before the financial statements are issued or available to be issued. ASC 855-10 requires disclosures of the date through which the Plan has evaluated subsequent events and the basis for that date. For Manor Park, Inc. 401(k) Plan’s purposes, subsequent events are evaluated up to and through March 1, 2011.
