LEWIS BRISBOIS BISGAARD & SMITH LLP
EMPLOYEES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012 AND 2011

1. Description of plan:

The following description of the Lewis Brisbois Bisgaard & Smith LLP Employees 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution 401(k) plan covering defined classes of partners and employees of Lewis Brisbois Bisgaard & Smith LLP (the "Firm") who have met the Plan's eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides automatic enrollment of participants. Each employee who does not submit a deferral election shall have automatic elective contributions in the amount of 3% of compensation.

Contributions:

Employees belonging to defined classes are eligible to participate after attaining the age of 21 and completing one hour of service. Plan entry dates are the first day of each calendar year quarter.

Participants may contribute up to 100% of their pre-tax annual compensation, subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Firm may contribute to the Plan in the form of matching contributions, profit sharing contributions or qualified non-elective contributions, as determined at its sole discretion.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of the firm’s contribution and Plan earnings, and charged with an allocation of administrative expenses. Participant accounts are charged directly for expenses such as loan processing or other disbursement-related fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan also allows for self-directed brokerage accounts.

Self-directed brokerage accounts are for individual participants who choose to direct their investments in other than the investment options provided by the Plan. John Hancock Life Insurance Company does not certify the account balances of self-directed brokerage accounts.

1. Description of plan (continued):

Vesting:

Participants are vested immediately in their 401(k) and the Firm's qualified non-elective contributions plus actual earnings thereon. Vesting in the Firm's non-elective contributions is based on a six-year graded vesting schedule. A participant is 100% vested after six years of credited service.

Payment of benefits:

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's stake in his or her account, or, if the vested account balance is greater than $5,000, in annual payments in the form of a joint and survivor annuity. For termination of service or for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may receive in-service distributions of their vested profit sharing contribution upon reaching normal retirement age, and may receive in-service distributions of their 401(k) deferrals upon attaining age 65. The Plan also allows in-service hardship withdrawals for medical, educational and other severe financial needs for which participants have no other funds available. All withdrawals are subject to the limits specified in the Plan and by the Internal Revenue Service ("IRS").

Forfeited accounts:

At December 31, 2012 and 2011, forfeited nonvested accounts totaled $48,450 and $47,152, respectively. These accounts can be used to reduce future employer contributions or to pay administrative expenses of the Plan.

Participant loans:

Participant may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of the participant's vested account balance in the Plan. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9%. Loan maturity is not to exceed five years, except in the case where the loan is used to acquire or construct the participant's principal residence, in which case the loan may be at extended terms of up to 30 years.

2. Summary of accounting policies:

Basis of accounting:

The accounting records of the Plan are maintained on the cash basis of accounting; however, these financial statements are presented on the accrual basis.

2. Summary of accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of management's review:

Subsequent events were evaluated through October 15, 2013, which is the date the financial statements were available to be issued.

Investment valuation and income recognition:

The Plan's investments are stated at fair value based on quoted market prices. Shares of mutual funds are valued at quoted prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participants have immediate access to their account information via internet access at all times.

Expenses of the plan:

The Firm is responsible for certain costs and expenses incurred in the administration and maintenance of the Plan.

Payments of benefits:

Benefits are recorded when paid.

3. Plan termination:

Although it has not expressed any intent to do so, the Firm has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

4. Party in interest transactions:

The Plan investments are in participating units of mutual funds managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest. Fees paid by the Plan for the recordkeeping and information management amounted to $3,772 for the year ended December 31, 2012.

5. Fair value measurements:

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2012				
Mutual funds	$ 58,409,859	$ 58,409,859	$ -	$ -
Cash	48,450	48,450	-	-
Self-directed brokerage accounts	2,631,684	2,631,684	-	-
Total	$ 61,089,993	$ 61,089,993	$ -	$ -
December 31, 2011				
Mutual funds	$ 45,976,821	$ 45,976,821	$ -	$ -
Cash	47,152	47,152	-	-
Self-directed brokerage accounts	2,222,684	2,222,684	-	-
Total	$ 48,246,657	$ 48,246,657	$ -	$ -

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted market prices for identical assets, and Level 3 inputs have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

5. Fair value measurements (continued):

Level 1 fair value measurements:
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities contained in self-directed brokerage accounts are based on quoted market prices.

6. Information prepared and certified by the custodian:

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that was prepared and certified to be complete and accurate by the Custodian as of December 31, 2012 and December 31, 2011:

	2012	2011
Investments, at fair value:

Schedule of assets (held at end of year) pages 12-13

The following table represents investments that are 5% or more of the Plan's net assets and have been certified by the Custodian. The investments are stated at fair value.

500 Index Fund	$ 4,094,466	$ 3,148,998
Mid-Cap Index Fund	$ 5,026,587	$ 4,436,793

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $6,509,588.

7. Tax status of the plan:

The Plan has not obtained a determination letter from the IRS. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

8. Risk and uncertainties:

The Plan invests in a number of investment securities. Investment securities are exposed to various risks such an interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent participant contributions:
