INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
LSA Associates, Inc. Profit Sharing and Savings Plan and Trust
Irvine, California

We were engaged to audit the financial statements and the supplemental schedule of LSA Associates, Inc. Profit Sharing and Savings Plan and Trust (the Plan) as of May 31, 2010 and 2009 and for the year ended May 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Wilmington Trust Retirement and Institutional Services Company the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of May 31, 2010 and 2009 and for the year ended May 31, 2010, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Summary of Plan

The following description of the LSA Associates, Inc. (Company) Profit Sharing & Savings Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who meet the requirements. Employees may begin to make payroll contributions to the 401(k) Plan as of the first pay period after employment and delivery of the employee's Salary Reduction Agreement. To receive an allocation of the Company's profit sharing contribution, the Plan requires that the employee work 1,000 hours during the Plan year, there are no required dates of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Administrative Committee has retained Wilmington Trust Retirement and Institutional Services Company to serve as the Plan's Trustee. The Committee has also retained a third party administrator to assist in the administration of the Plan. Investment options are provided by The Savant Group, an independent advisor to the Plan. Profit Sharing funds are self-directed, in the same manner as 401(k) funds. The Company pays certain expenses incurred in administering the Plan.

Contributions

Under the 401(k) section of the Plan, eligible employees may defer an amount equal to a percentage of the contributing participant's compensation not to exceed the limits imposed by Section 401(k), 402(g), 404 and 415 of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 100% of the first 4% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **Summary of Plan,** continued

Vesting

Participants are immediately vested in their contributions as well as the Company's matching contribution plus actual earnings thereon. Vesting in the Company's contribution portion and employees of their accounts is based on years of eligibility in the Plan. Vesting begins at hire date; however, a minimum of 1,000 hours of service must be completed in any given Plan year to receive a contribution and increase vesting. Vesting is accrued at the rate of 10% after the completion of eligibility in the plan year (1,000 hours), an additional 10% for a total of 20% after the completion of two years of service, 20% per vesting year through years three, four, five and six, with 100% vesting occurring after six years of eligibility.

Participant Loans

Participants may borrow from their fund accounts an amount equal to the lesser of $50,000 or 50% of their account balance. Loans are to be paid back within five years or within a reasonable time (determined at the time the loan is made) when used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%, as reported in the Wall Street Journal on the date the loan request was received. Interest rates range from 4% to 9.25%. Principal and interest are paid routinely through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or normal retirement, a participant may elect to receive either a lump-sum payment or in annual periodic installments, not exceeding fifteen years. If a participant is terminated for any reason other than death, total disability, or normal retirement, the vested portion of the participant's account balance becomes payable at the earliest administratively feasible date following separation from service. If the participant's vested balance is less than $5,000, the balance may be distributed in one payment without the participant's consent; otherwise the balance may be distributed in annual installments over a period not to exceed five years.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds and a money market fund offered by the Plan. Participants may change their investment options at any time.

Forfeited Accounts

Forfeited nonvested amounts are allocated to remaining participants in the same ratio as Company contributions. Forfeited nonvested amounts reallocated to remaining participants during the year ended May 31, 2010 were $141,996. There were no forfeited nonvested account balances at May 31, 2010 and 2009.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions affecting the reported amounts of assets and liabilities, and changes in net assets available for benefits. Actual results may differ from those estimates.

Information Certified by the Trustee

Wilmington Trust Retirement and Institutional Services Company has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, net realized and unrealized income on investments and dividends and interest income, which was used to prepare the accompanying financial statements and supplemental schedule.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Recognition of Benefit Payments

Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1–Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Continued

3. **Fair Value Measurements**, continued

Level 2–Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3–Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Wilmington Trust Retirement and Institutional Services Company.

	2010	2009
Investments in mutual funds	$ 27,542,439	$ 20,843,291
Cash in money market fund	$ 1,267,744	$ 1,905,336
Participant loans	$ 467,506	$ 587,647
Net appreciation in fair value of investments	$ 3,650,047	N/A
Dividends and interest	$ 658,969	N/A

7. Party-in-Interest Transactions

Certain Plan investments in mutual funds and money market accounts are managed by Wilmington Trust Retirement and Institutional Services Company, the Trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Investment contract with Trust Company

The Plan has a contract with the Trustee to invest the participants' and Company contributions and provide record keeping services. The Trustee's requirements under the investment portion of its contract are to accumulate and invest participants' contributions in any of twenty one investment funds, as instructed by Plan participants and to pay participant benefits as provided by the Plan when they become due.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, if the Plan is not replaced by a comparable plan, participants would become 100% vested in their accounts and Plan benefits will generally be distributed promptly after they are completed.

Continued

10. Tax Status

The Plan obtained its latest determination letter on December 2, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and Plan's legal counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan filed a request for a new determination letter in September 2009.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through February 24, 2011, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since May 31, 2010 that required recognition or disclosure in such financial statements.
