Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the benefit obligations and net assets available for benefits of the Toshiba America Electronic Components, Inc. Nationwide Short Term Disability Benefit Plan as of March 31, 2013 and 2012, and the changes in benefit obligations and net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Note 1. General Description of the Plan

The following description of the Toshiba America Electronic Components, Inc. Nationwide Short Term Disability Benefit Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

The Plan was adopted effective April 1, 1991 and, as amended, provides short-term and long-term disability benefits for the exclusive benefit of qualified employees ("Participants") of Toshiba America Electronic Components, Inc. ("TAEC" or the "Company"). Benefits under the Plan and administrative fees are paid solely from contributions from Participants of the Plan.

The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Expenses

All Plan expenses are generally paid by the Plan, as provided by the Plan document.

Benefit Obligations

Accrued claims payable represents management's estimate of benefit amounts to be paid subsequent to year end for participants eligible for benefits as of year end. As of March 31, 2013 and 2012 there were no accrued benefits payable.

Contributions

As defined by ERISA, the Plan is an employee welfare plan established to provide short-term and long-term disability benefits to eligible employees who participate in the Plan. Contributions to the Plan are made solely by participants, except in the event of Plan termination as described in Note 4.

Effective January 1, 2013 the Plan has a single provision contribution schedule. The contribution rate was 1.0% effective January 1, 2013 with a maximum wage limit for the contribution at $100,800.

Note 1. General Description of the Plan (continued)

Prior to January 1, 2013, the Plan offered two different options: a basic plan ("Plan A") and a supplemental plan ("Plan B") available to employees who elect to participate in the supplemental plan rather than the basic plan. The Plan contribution rates of Plan A were 1.0% and 1.2%, respectively, for the calendar years ending December 31, 2012 and 2011. The contribution rates of Plan B were 1.0% and 1.2%, respectively, for the calendar years ending December 31, 2012 and 2011. The maximum wages for both plans were $95,585 and $93,316, respectively, for the calendar years ending December 31, 2012 and 2011.

Eligibility and Participation

Regular full time or part time employees scheduled to work 30 hours or more per week for the Company are eligible to participate in the Plan.

Funding Policy

The Plan is funded by Participant contributions. Any deficiency in the Plan's assets will be funded by the Company.

Benefits

A Participant is eligible for benefits if unable to work due to a disability (as defined by the Plan). Effective January 1, 2013, the Plan has a single benefit provision. The weekly benefit will equal 60% of current base pay with a minimum benefit of $50 up to a maximum benefit of $2,000. Prior to January 1, 2013 the weekly benefit for Plan A equaled 55% of current base pay with a minimum benefit of $50 up to a maximum benefit of $1,011 and $987, respectively, for the calendar years ending December 31, 2012 and 2011. The weekly benefit for Plan B equaled 60% of current base pay with a minimum benefit of $50 up to a maximum benefit of $2,000. The maximum duration of benefits under the Plan is thirteen weeks of disability.

Note 2. Summary of Significant Accounting Policies

Cash

Cash is held in an account with Bank of America which is insured up to the limit designated by the Federal Deposit Insurance Company. The amount on deposit at March 31, 2013 exceeds the federally insured amount. The Company performs ongoing credit evaluations on the financial conditions of the financial institution with which the cash is being held. The Company does not believe there is any substantial credit risk associated with its cash being held by the financial institution.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") which present the benefit obligations and net assets available for benefits and the changes in those benefit obligations and net assets.

Note 2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Actual results could differ from those estimates.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan

Subsequent Events

Subsequent events have been evaluated through January 15, 2014, the date the financial statements were available for issuance.

Note 3. Income Tax Status

In September 1995, the Internal Revenue Service informed the Board of Trustees that, as of January 1, 1994, the Plan's trust was designed to be qualified under Section 501(c)(9) of the Internal Revenue Code, and Plan management believes it is being operated in accordance with applicable regulations and therefore, is exempt from federal income taxes and is exempt from state taxes under similar statutes. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of March 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note 4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to amend and terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan, the Company shall make provisions for the payment of benefits to each covered individual to whom benefits are payable on the date of termination and all expenses and charges payable, including all expenses incurred and to be incurred in the liquidation and distribution of the Plan assets.

Note 5. Related Party Transactions

Matrix Absence Management, Inc. ("Matrix") is the Plan's contract administrator. Accordingly, Matrix qualifies as a party-in-interest to the Plan, for which there is a statutory exemption. During the years ended March 31, 2013 and 2012, administrative fees paid to Matrix were $4,246 and $8,205, respectively.

Note 6. Transfer to Related Plan

The Company sponsors other qualified welfare benefit plans. During the years ended March 31, 2013 and 2012, the Plan transferred $205,761 and $137,630, respectively, to another Company sponsored welfare benefit plan to fund participant benefits in this other plan. The benefits funded covered only participants of the Toshiba America Electronic Components, Inc. Nationwide Short Term Disability Benefit Plan.
