1. DESCRIPTION OF THE PLAN

The following summary description of Independent Options, Inc. Profit Sharing 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a salary deferral arrangement qualified under appropriate provisions of the Internal Revenue Code (the "Code") and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan trustees are employees of the Company.

Administration

Executive Benefits, Inc. is the third-party administrator of the Plan.

Eligible Participants

Under the Plan, eligible employees (as defined) who have completed six months of service may become participants of the Plan.

Contributions

Participants are permitted to make salary deferral contributions up to a maximum 100% of pre-tax compensation not to exceed $17,500, and an additional catch-up deferral of $5,500 is available to the participants with age of 50 or older and subject to certain limitations under the Code. In addition, the Plan permits participants to make certain tax-free transfers (rollovers) received from other tax-qualified plans, subject to Code regulations.

The Company may make matching contributions at the sole discretion of the Company's Board of Directors. During the year ended June 30, 2013, the Company did not elect to make matching contributions or discretionary contributions to the Plan.

Participant Accounts

A participant's account is comprised of a salary deferral account, an employer matching and an employer discretionary account and, where applicable, a rollover account. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **DESCRIPTION OF THE PLAN (continued)**

Vesting

Participants immediately vest in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based upon years of service as follows:

Years of Service	Vested Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

On termination of service, a vested participant may elect to receive either a lump sum distribution equal to the value of his or her account or annual installments over a period not exceeding the life expectancy of the participant or the joint life expectancy of the participant and their designated beneficiary.

Forfeited Accounts

Forfeited non-vested accounts are used to pay administrative expenses of the Plan or to reduce future employer contributions. As of June 30, 2013, the balance in the forfeiture account was $2,189. The Plan sponsor pays for plan expenses that exceed available cash balances of the Plan and does not seek subsequent disbursement from the Plan.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Presentation

The Plan's financial statements have been prepared using the accrual method of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by quoted market prices. Purchases and sales of investments are recorded on a trade-date basis.

Realized gains and losses on investments sold and unrealized appreciation and depreciation of investments held are reported on an average cost basis. Average cost is calculated using the stated fair value of an investment as of the end of the prior reporting period or acquisition cost if acquired during the year.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are observable either directly or indirectly and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 2 inputs because they generally provide fair values of the pooled separate accounts that are observable either directly or indirectly.

3. **FAIR VALUE MEASUREMENTS (continued)**

No Level 1 inputs were available to the Plan. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements

The majority of the Plan's assets are in pooled separate accounts, the investment options offered by John Hancock Life Insurance Company, the custodian of the Plan. These pooled separate accounts use level 2 inputs for fair value measurements. The value of a separate account is its market value less operating expenses accrued but not deducted, if any. If there is no readily available market, its value is the fair value of the underlying investments held in such separate account as determined by John Hancock using generally accepted accounting practices and applicable law. The operating expenses deductible from a separate account include, but are not limited to, custodial fees, transfer taxes, brokerage fees, processing fees and other taxes and fees associated with the operation of the separate account.

Level 3 Fair Value Measurements

The guaranteed interest contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2013 and 2012:

		Fair Value Measurements Using:	
June 30, 2013	Fair Value	Inputs that are Observable Either Directly or Indirectly (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled accounts	$ 2,418,810	$ 2,418,810	$ -
Guaranteed interest accounts	$ 65,382	-	65,382
Total	$ 2,484,192	$ 2,418,810	$ 65,382

3. FAIR VALUE MEASUREMENTS (continued)

June 30, 2012	Fair Value	Fair Value Measurements Using: Inputs that are Observable Either Directly or Indirectly (Level 2)	Fair Value Measurements Using: Significant Unobservable Inputs (Level 3)
Pooled accounts	$ 2,301,269	$ 2,301,269	$ -
Guaranteed interest accounts	$ 63,597	-	63,597
Total	$ 2,364,866	$ 2,301,269	$ 63,597

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable (Level 3) of the investment contract with insurance company for the year ended June 30, 2013:

At fair value	June 30, 2013
Beginning balance	$ 63,597
Contributions	5,392
Interest	334
Withdrawals	(3,900)
Fees	(249)
Change in fair value	208
Net change	1,785
Ending balance	$ 65,382

Fair value of guaranteed investment contract as of June 30, 2013 and 2012 approximates contract value as reported on the accompanying statement of net assets available for benefits.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a group annuity contract with John Hancock Life Insurance Company (JH). JH maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value, which approximates fair value as of June 30, 2013 and 2012.

Contract value, as reported to the Plan by JH, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is established on the first day of each month and applies to all ongoing contributions to the guaranteed account. There is no minimum interest rate under JH contracts.

5. INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The plan administrator obtained certification from John Hancock Life Insurance Company (Plan custodian) that the following Plan information furnished by them and included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as of June 30, 2013 and 2012
- Investment transactions, investment income and related transactions for the year ended June 30, 2013.

6. 5% INVESTMENTS

The following table presents fair value of investments measured on a recurring basis. Investments that represent 5% or more of the Plan's net assets as of June 30 are as follows:

	2013	2012
Pooled Accounts		
Lifestyle Conservative	$ 306,834	$ 297,484
Lifestyle Balanced	385,689	345,662
Lifestyle Growth	290,163	268,068
Money Market Fund	268,969	342,975

During the year ended June 30, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $278,236. All appreciation was related to pooled accounts.

7. INCOME TAX STATUS

The Internal Revenue Service has issued a determination letter that the Plan, as amended, constitutes a qualified plan under Section 401(a) of the Internal Revenue Code and that the Trust is exempt from Federal income taxes under the provisions of Section 501(a). The plan administrator believes that the Plan will continue to qualify under applicable provisions of the Internal Revenue Code and will thereby continue to be exempt from Federal income taxes. The Plan's tax year ended June 30, 2010 and subsequent remain subject to examination by the Internal Revenue Service.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend, modify, suspend or terminate the Plan at any time by the adoption or execution of appropriate resolutions, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

9. PLAN AMENDMENT

There was no plan amendment during the year ended June 30, 2013.

10. SEPARATED PARTICIPANTS WITH VESTED BALANCES

Upon termination of employment from the Company, Plan participants are entitled to withdraw or roll over their vested amounts from the Plan. The vested portion of accounts of separated participants held within the Plan at June 30, 2013 and 2012 amounted to $231,259 and $228,633, respectively.

11. RELATED PARTIES-IN-INTEREST

Certain Plan investments are units of pooled accounts managed by John Hancock Life Insurance Company (JH). JH is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Asset charges paid by the Plan to JH for investment services amounted to $9,701 for the year ended June 30, 2013.

Related parties-in-interest also include the plan's third-party administrator, and Independent Options, Inc. (the sponsor). During the year ended June 30, 2013, the plan sponsor paid the third-party administrator $10,090 in administrative fees.

12. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

13. DATE OF MANAGEMENT'S REVIEW

Subsequent events were evaluated through January 6, 2014, which is the date the financial statements were available to be issued.
