Independent Auditor's Report

To the Plan Administrator of the
Roth Capital Partners, LLC 401(k) Plan

I was engaged to audit the statements of net assets available for benefits of the Roth Capital Partners, LLC 401(k) Plan as of June 30, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended June 30, 2010, and the supplemental schedule of assets (held at end of year) as of and for the year ended June 30, 2010. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by the First Mercantile Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of June 30, 2010 and 2009 and for the year ended June 30, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ROTH CAPITAL PARTNERS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010 AND 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Roth Capital Partners, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan for the eligible employees of Roth Capital Partners, LLC (the "Company"). The Plan has a pre-tax salary reduction provision as defined under Section 401 of the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility - The Company's employees are eligible to participate in the Plan on the earliest of the semi-annual entry dates of January 1st and July 1st after they have attained the age of twenty-one and after they have completed six months of service.

Contributions - Participants may contribute a percentage of their pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified benefit plans. The Company chose to make a matching contribution for the year ended June 30, 2010 of 35% on compensation that an employee contributes to the Plan. Additional profit sharing contributions may be contributed at the option of the Company. Contributions are subject to certain limitations. Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions, (b) the Company's profit sharing contributions, and (c) Plan earnings. Allocations are based on participant earnings, participant contributions, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the portion of their account from the Company's contributions is based on years of continuous service. A participant is 100% vested after six years of credited service. In addition, participants will become 100% vested upon attaining the age of sixty-five, death or disability.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participants account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits - On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts - At June 30, 2010 and 2009, forfeited nonvested accounts totaled $36,802 and $53,292, respectively. These accounts will be used to reduce the Company's contributions. During the year ended June 30, 2010, there was $45,000 of forfeited nonvested accounts used to reduce the Company's contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review - Subsequent events were evaluated through January 22, 2010, which is the date the financial statements were available to be issued.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Testing for Employee and Employer Contributions - The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund some of the excess contributions. Excess contributions are recorded as a distribution in the Plan year that the refund is paid. At June 30, 2010 and 2009, there were no excess contributions.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Company is absorbing significant costs of the Plan's administration.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 inputs were available to the Plan. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements

The fair value of common/collective trusts is based on the net asset value (NAV) of each account calculated by the First Mercantile Trust Company (FMTC) and is based on the NAV of the underlying mutual fund, which is then adjusted to apply an expense factor.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans

Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	---
Purchases, sales, issuances, and settlements (net)	19,375
Ending balance	$ 197,900

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended June 30, 2010 are reported in Net appreciation in fair value of investments.

NOTE 4 - INVESTMENTS

The investment activities included on the statements of net assets available for benefits as of June 30, 2010 and 2009, the Statement of Changes in Net Assets Available for Benefits for the year ended June 30, 2010, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following table presents investments. Investments that represent 5% or more of the Plan's net assets are separately identified.

	$ 11,194,216	$ 9,110,502

During the year ended June 30, 2010, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $1,044,603 as follows:

Common/collective trusts	$ 1,044,603

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Plan has been notified by the Internal Revenue Service that it constitutes a qualified employee benefit plan under the Internal Revenue Code and as such is exempt from income taxes. The Plan has been amended since the notification; however, the Plan Administrator and the Advisory Committee do not anticipate that changes in the Plan after the date of the notification by the Internal Revenue Service will affect the qualified and tax-exempt status of the Plan.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of common/collective trusts managed by FMTC. FMTC is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
