WALDEN SAVINGS BANK 401 (K) PLAN
MONTGOMERY, NEW YORK
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN.

The following description of the Walden Savings Bank 401 (k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan covers substantially all full-time employees of Walden Savings Bank. (Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Eligibility for Plan Participation and Benefits

Each eligible employee will become a participant in the Plan on the entry date which coincides with or next follows his/her hire, provided the employee has attained the minimum participation age of 21 as of such entry date. The Plan entry dates are the first day of each month. If an employee terminates employment and is later re-hired by the Company, he will resume participation in the Plan upon date of hire.

C. Contributions and Vesting

Each year, participants may contribute up to the dollar amount specified by the Internal Revenue Service, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. The limitation was $17,500 for 2013, for participants under the age of 50. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. All participant contributions and earnings thereon are 100% vested. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans. The Company contributes a match of 50 percent for the first 6 percent of base compensation that a participant contributes to the Plan up to a maximum of 3 percent of a participant's compensation. Matching contributions begin after a participant has completed one year of service. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

D. Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of Plan earnings and charged with withdrawals, and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF PLAN. (Continued)

E. Investment Options

The Plan's custodian is Great - West Trust Company, LLC, and is also responsible for the record keeping with respect to individual participant accounts.

All contributions to the Plan in 2013 were directed by the participants of the Plan into the following investment options based upon each individual's investment elections:

F. Notes Receivable from Participants

Participants may borrow, subject to approval, from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans may be repaid during fixed terms not to exceed five years except for loans used for the purchase of a principal residence which may be repaid over a maximum of fifteen years. The loans are secured by the balance in the participant's account and carry interest at 1% over prime. Once the rate is established, it remains fixed over the life of the loan. Principal and interest are paid ratably through bi-weekly payroll deductions. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

G. Payment of Benefits

A participant's account will be distributed upon termination of employment, disability, retirement or death. In the event of such separation prior to age 65, the terminated participant may elect to defer the distribution until the participant reaches age 65 or to an earlier date, provided that the participant's eligible distribution exceeds $1,000. However, a participant must begin receiving benefits no later than April 1 of the calendar year following the year the participant reaches age 70-1/2. The participant may elect to withdraw part of the participant's 401(k) deferrals or the vested part of their account attributable to matching contributions for the following reasons: satisfying a financial hardship, attainment of age 59-1/2, or attainment of the Plan's normal retirement date (latter of age 65 or 5 years of participation).

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES.

Basis of Accounting
The financial statements of the Walden Savings Bank 401(k) Plan are prepared under the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES. (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Notes Receivable From Participants

Notes Receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses

Except for loan origination fees associated with notes receivable from participants, all administrative expenses of maintaining the plan are paid by the company.

NOTE 3. SIGNIFICANT INVESTMENTS.

The following investments represent 5% or more of the Plan's net assets.

	December 31, 2013	December 31, 2012
American Funds Growth Fund of America	$ 704,498	$ 540,464
Davis NY Venture A	-	214,620

Artisan International	282,400	208,318
Guaranteed Investment Fund - Great-West Portfolio Fund	909,740	930,962

During 2013, the plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $529,492.

NOTE 4. PLAN TERMINATION.

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 5. FAIR VALUE MEASUREMENTS.

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs include observable quoted prices for identical assets or liabilities in active markets.

Level 2 inputs include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in markets that are not active; and inputs other than quoted prices.

Level 3 inputs are unobservable and significant to the fair value measurement.

NOTE 5. FAIR VALUE MEASUREMENTS. (Continued)

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the quoted net asset value of shares of exchange traded mutual funds held by the plan at year end.

Guaranteed investment fund: Valued at contract values.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2013 and 2012:

NOTE 7. RELATED PARTY TRANSACTIONS.

Certain plan investments are shares of mutual funds managed by Great - West Trust Company, LLC. Great - West Trust Company, LLC is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 8. RISKS AND UNCERTAINTIES.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9. AMOUNTS ALLOCATED TO WITHDRAWING PARTICIPANTS

Net assets available for benefits at December 31, 2013, include $174,116 allocated to the accounts of persons who as of or prior to that date had withdrawn from participating in the earnings and operations of the plan.

NOTE 10. UNCERTAIN TAX POSITIONS.

The Company has adopted the provisions of FASB ASC 740-10. This standard requires all taxpayers to analyze all material positions they have taken or plan to take in all tax returns that have been filed or should have been filed with all taxing authorities for all years still subject to challenge by those taxing authorities. If the position taken is more-likely-than-not" to be sustained by the taxing authority on its technical merits and if there is more than a 50% likelihood that the position would be sustained if challenged and considered by the highest court in the relevant jurisdiction, the tax consequences of that position should be reflected in the taxpayer's GAAP financial statements. Using that guidance, the Company has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements as of December 31, 2013.

The company's Federal tax returns for the years December 31, 2010 through December 31, 2012 are subject to examination by applicable taxing and regulating authorities.

NOTE 11. INCOME TAX STATUS.

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). Subsequent to this determination by the IRS, the Plan has been amended. The Company and Plan management believe the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 12. SUBSEQUENT EVENTS.

Management has evaluated subsequent events through July 8, 2014, the date that the financial statements were available to be issued. No significant subsequent events have been identified that would require adjustment of or disclosure in the accompanying consolidated financial statements.
