INDEPENDENT AUDITOR'S REPORT

Pension Trustee Committee
Community Care Physicians, P.C. Profit Sharing Plan
Latham, New York

We were engaged to audit the accompanying statements of net assets available for benefits of the Community Care Physicians, P.C. Profit Sharing Plan (Plan) as of September 30, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended, and the related supplemental Schedule H, Line 4i, schedule of assets (held at end of year) as of September 30, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company conducting business as Principal Trust Company (Custodians), the Custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodians hold the Plan's investment assets and execute investment transactions. As discussed in Note 3, the Plan Administrator has obtained certifications from the Custodians regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the Custodians as of and for the years ended September 30, 2010 and 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The Community Care Physicians, P.C. Profit Sharing Plan (Plan) was formed effective January 2, 1985. The Plan is sponsored by Community Care Physicians, P.C. (Company). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a Profit Sharing Plan with a 401(k) feature, covering all eligible full-time and part-time employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective in June 2009, in connection with its departure from the Company, approximately 15 participants from the Company's office at 1365 Washington Avenue, Albany, New York, rolled their account balances into another plan.

The Plan document was restated effective October 1, 2009, for compliance with the Economic Growth and Tax Relief Reconciliation Act 2011 (EGTRRA) and other legislative and regulatory changes.

Effective August 25, 2010, the Plan was amended to name Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, as Trustee of the Plan.

During the years ended September 30, 2010 and 2009, a portion of Plan assets was spun off from the Plan to the Oldendorf Medical Services, PLLC Savings Plus Plan. $43,212 and $666,326 of Plan assets were spun off during 2010 and 2009, respectively.

b. Contributions

Each year, participants may contribute a percentage of their annual wages on a pre-tax basis to the Plan. Contributions are subject to certain limitations as defined by the Plan. The maximum participant deferral for the years ended September 30, 2010 and 2009, was $16,500 and $15,500, respectively. Participants age 50 and over are also permitted to make additional "catch-up" contributions as defined by EGTRRA. In addition, participants may roll over amounts representing distributions from other qualified retirement plans.

Participants receive a profit sharing contribution from the Company based on a class allocation formula. Classes for the profit sharing contribution are currently as follows:

Class 1	Physicians who own 30 or more shares of Company stock
Class 2	Physicians who own at least one, but less than 30 shares of Company stock
Class 3	Non-owner physicians and top management
Class 4	Non-physician providers
Class 5	All other employees
Class 6	Physicians who own 30 or more shares of Company stock who would otherwise cause the employer contribution for the employee class to exceed 5%

Contributions allocated to each class are discretionary and determined annually by the Board of Directors. The contributions were determined to be nondiscriminatory under the Internal Revenue Code. Contributions allocated by class were as follows:

	Years Ended September 30,	
	2010	2009
Class 1	$ 25,150	$ 25,600
Class 2	7% (a)	7% (a)
Class 3	4% (a)	4% (a)
Class 4	2% (a)	2% (a)
Class 5	2% (a)	2% (a)
Class 6	$ 22,650	$ 21,100

(a) % is applied to participant salary, up to a maximum salary of $245,000 and $230,000 for the years ended September 30, 2010 and 2009, respectively.

NOTE 1 - DESCRIPTION OF PLAN - Continued

b. Contributions - Continued

The Company also makes a 3%, nonelective contribution, pursuant to a safe harbor election. The Company's nonelective contribution is based on the employees' compensation for the Plan year up to a maximum of $245,000 and $230,000 for the years ended September 30, 2010 and 2009, respectively. As defined, a nonelective safe harbor contribution is a minimum contribution made by the Company that allows the Plan to be exempt from nondiscrimination tests.

A participant directs their elective deferral amounts and Company contributions to any of several investment options, which are held and administered by The Principal Life Insurance Company and the Delaware Charter Guarantee & Trust Company conducting business as Principal Trust Company, the Custodians of the Plan.

For the years ended September 30, 2010 and 2009, certain participants unintentionally made contributions in excess of their maximum deferral amounts. As of September 30, 2010 and 2009, these excess annual additions totaled $17,997 and $8,292, respectively. This amount is reported as a Plan liability in these financial statements and will be refunded to these participants in subsequent periods.

c. Plan Eligibility

In general, employees are eligible to participate in the Plan after attaining age 21, completing 12 months of service, and having been credited with 1,000 hours of service during the eligibility computation period. The "eligibility computation period" is defined as the twelve-month period that begins with the date the employee was hired. If the employee does not meet the service requirements during the first year following the date of hire, the eligibility period becomes the Plan year. The requirements may then be met during the Plan year. Eligibility requirements are waived for full-time employees. A full-time employee is defined as having a regular work schedule of at least 30 hours per week. Full-time employees are eligible to participate after completion of one month of service. Terminated employees are eligible for employer contributions during the year of termination when credited with at least 500 hours of service during the period. The entry dates of the Plan are April 1 and October 1.

d. Participant Accounts

Each participant's account is credited with their own voluntary contribution plus the participant's allocable share of (a) the Company's profit sharing and non-elective safe harbor contributions; (b) forfeitures of terminated participants' nonvested accounts in excess of administrative expenses paid by the Plan; and (c) Plan earnings or losses, charged with an allocation of administrative expenses.

e. Vesting

Participants are immediately vested in their voluntary contributions, nonelective contributions, rollover amounts, and actual earnings thereon. Vesting in the profit sharing contribution portion of a participant's account is based on years of continuous service. A participant is 100% vested upon: (1) attaining six years of credited service; (2) disability; (3) death; (4) normal retirement at age 59½ and five years of service; or (5) termination of the Plan. If a participant's employment with the Company is terminated before age 59½ for any reason other than disability or death, the participant shall be entitled to an amount equal to the "vested percentage" of his or her account balance.

NOTE 1 - DESCRIPTION OF PLAN - Continued

e. Vesting - Continued

A participant shall have a vested and nonforfeitable interest in his or her account balance determined by the number of years of service as follows:

Years of Service	Vesting %
Less than 1	0
1 but less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

f. Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. Loan terms range from one to five years, are secured by the balance in the participant's account, and bear interest at a rate commensurate with rates of commercial lending institutions for loans which would be made under similar circumstances. The interest rates in effect during the years ended September 30, 2010 and 2009, ranged from 3.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

On September 30, 2010, the Plan adopted Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans.* ASU 2010-25 requires participant loans be classified as loans receivable from participants, which are segregated from plan investments and measured at their principal balance plus any accrued but unpaid interest.

g. Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account as a lump sum distribution, as an annuity, or in substantially equal installments.

h. Forfeitures

Forfeitures may be first used to pay administrative expenses under the Plan. Forfeitures not used to pay administrative expenses shall be added to any employer discretionary contribution. The Company used $33,704 and $50,273 of forfeitures to pay administrative expenses during the years ended September 30, 2010 and 2009, respectively. The remaining forfeitures as of September 30, 2010, will be allocated accordingly to the employer discretionary contribution in the subsequent year.

i. Administrative Costs

Administrative costs are paid by the Company for the Plan years ended September 30, 2010 and 2009, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

a. Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP), management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

b. Investment Valuation and Income Recognition

Fair value is defined as an exchange price that would be received for an asset or paid to transfer a liability (an "exit" price) in the principal or most advantageous market for the asset or liability between market participants on the measurement date.

Investments are reported at fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

c. Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balance plus accrued interest, if any.

d. Payment of Benefits

Benefits are recorded when paid.

e. Risk and Uncertainties

The Plan is comprised of investments in a combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

f Subsequent Events

In preparing the financial statements and notes thereto, the Plan has considered subsequent events through June 13, 2011, the date the financial statements were available to be issued.

g. Reclassifications

Certain 2009 amounts have been reclassified to conform to the 2010 presentation.

NOTE 3 - INFORMATION CERTIFIED AND PROVIDED BY CUSTODIAN (UNAUDITED)

The following is a summary of the investment information as of September 30, 2010 and 2009, and for the years then ended that is included throughout the Plan's financial statements and supplemental schedule and that was prepared by or derived from information provided by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, the Custodians of the Plan, for the year ended December 31, 2010 and 2009, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodians that information provided to the Plan Administrator by the Custodians as listed below is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures which appear throughout the financial statements and supplemental schedules related to the following:

	2010	2009
Investments, at fair value, end of year	$ 67,363,763	$ 56,563,300
Interest and dividends	26,206	31,730
Net appreciation (depreciation) in fair value of investments	5,581,500	(1,955,530)

Guaranteed Interest Contracts	1,217	5,017
	$ 5,581,500	$ (1,955,530)

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS - Continued

GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following three levels of inputs that may be used to measure fair value:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value at September 30, 2010. The determination of which of the three fair value levels is applicable to the various investment options available is based on guidelines provided by the Custodians and the judgment of management.

Pooled Separate Accounts: The pooled separate accounts invest in securities that have observable Level 2 pricing inputs, including quoted prices for similar assets in active or nonactive markets.

Pooled Separate Account - Real Estate: Invests in commercial real estate and includes mortgage loans which are backed by the associated properties. Valued at a rate level unit value determination based on the portfolio holdings.

Mutual Funds: Valued at the NAV of shares held by the Plan at year-end.

Common/Collective Trust Funds: The daily NAV is not traded in an active market or exchange. The investment is valued at a daily calculated unit value, which is an observable input.

Stable Value Funds: The fair value is at the NAV, which is based on the market value of the underlying investments. The fund contains synthetic investment contracts comprised of both underlying investment and contractual components, including quoted prices for similar assets in active or non-active markets.

Guaranteed Interest Contracts: Fair value is estimated based on the estimated amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is entered into a benefit-responsive investment contract with The Principal Life Insurance Company. The Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account and stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account and stable value fund. Contract value, as reported to the Plan by The Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than four percent. Such interest rates are viewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract with participants, is probable.

The stable value fund matured as scheduled during the year ended December 31, 2010.

The average yields earned on the stable value fund are as follows:

	Years Ended September 30,	
Average Yields	2010	2009
Based on actual earnings	2.15%	2.37%
Based on interest rate credited to participants	2.15%	2.37%

NOTE 6 - PLAN TERMINATION

In the event that the Plan terminates, participants will become 100% vested in their accounts, and the remaining net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. Upon termination of the Plan, the Custodians will continue to hold the Plan assets and will make distributions of the Plan benefits in accordance with the instructions of the Plan Administrator and the Plan provisions. The Company has no intentions of terminating the Plan at the present time.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has ruled that the Volume Submitter Profit Sharing Plan with CODA offered by the Plan Trustee and adopted by the Plan on September 30, 2010, constitutes a qualified plan under Section 401(a) of the IRC and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The volume submitter plan has received an opinion letter dated March 31, 2008, from the IRS as to the Plan's qualified status. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - ADMINISTRATION OF PLAN ASSETS

The Plan assets are held by The Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, the Custodians of the Plan.

Company contributions, participant elective deferrals, and participant accounts are held and administered by the Custodians, who invest cash received in accordance with participant instructions and make distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation for such functions from the Plan.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain accounts of the Form 5500 were reported on the cash basis of accounting for the years ended September 30, 2010 and 2009.

The following is a reconciliation of net assets available for benefits per the accompanying financial statements, which were prepared under GAAP, to Form 5500:

	September 30, 2010	September 30, 2009
Net asset available for benefits at fair value per financial statements	$ 72,705,629	$ 61,325,540
Plus: Excess participant deferrals payable	17,997	8,292
Net assets available for benefits per the Form 5500	$ 72,723,626	$ 61,333,832

The following is a reconciliation of participant contributions in the accompanying statements of changes in net assets available for benefits to the Form 5500:

	Years Ended September 30, 2010	Years Ended September 30, 2009
Participant contributions per the financial statements	$ 3,608,087	$ 3,443,986
Plus: Change in excess participant deferrals payable	9,705	1,803
Participant contributions per the Form 5500	$ 3,617,792	$ 3,445,789
Net appreciation (depreciation) on investments per the financial statements	$ 5,581,500	$ (1,955,530)
Plus: Change in adjustment from fair value to contract value	(25,415)	370,124
Net appreciation (depreciation) on investments per the Form 5500	$ 5,556,085	$ (1,585,406)

NOTE 10 - RELATED PARTY TRANSACTIONS

The Company's contributions to the Plan were $4,282,304 and $4,130,376 for the years ended September 30, 2010 and 2009, respectively, of which $4,270,530 and $4,130,376 were due to the Plan at September 30, 2010 and 2009, respectively.

NOTE 10 - RELATED PARTY TRANSACTIONS - Continued

Administrative costs of $39,974 and $49,759 were paid and absorbed by the Company for the Plan years ended September 30, 2010 and 2009, respectively.

The Plan had notes receivable from participants of $958,225 and $640,156 at September 30, 2010 and 2009, respectively.

Several of the Pooled Separate Accounts offered as investment options are managed by The Principal Life Insurance Company, a Custodian of the Plan.

NOTE 11 - SUBSEQUENT EVENT

Effective November 1, 2010, the Plan was amended to add OB/GYN Health Center Associates, LLP, with grandfathered hire dates for determining eligibility.

Pension Trustee Committee
Community Care Physicians, P.C. Profit Sharing Plan
Latham, New York

We were engaged to audit the accompanying statements of net assets available for benefits of the Community Care Physicians, P.C. Profit Sharing Plan (Plan) as of September 30, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended, and the related supplemental Schedule H, Line 4i, schedule of assets (held at end of year) as of September 30, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company conducting business as Principal Trust Company (Custodians), the Custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodians hold the Plan's investment assets and execute investment transactions. As discussed in Note 3, the Plan Administrator has obtained certifications from the Custodians regarding the completeness and accuracy of the investment information provided to the Plan Administrator by the Custodians as of and for the years ended September 30, 2010 and 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The Community Care Physicians, P.C. Profit Sharing Plan (Plan) was formed effective January 2, 1985. The Plan is sponsored by Community Care Physicians, P.C. (Company). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a Profit Sharing Plan with a 401(k) feature, covering all eligible full-time and part-time employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective in June 2009, in connection with its departure from the Company, approximately 15 participants from the Company's office at 1365 Washington Avenue, Albany, New York, rolled their account balances into another plan.

The Plan document was restated effective October 1, 2009, for compliance with the Economic Growth and Tax Relief Reconciliation Act 2011 (EGTRRA) and other legislative and regulatory changes.

Effective August 25, 2010, the Plan was amended to name Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, as Trustee of the Plan.

During the years ended September 30, 2010 and 2009, a portion of Plan assets was spun off from the Plan to the Oldendorf Medical Services, PLLC Savings Plus Plan. $43,212 and $666,326 of Plan assets were spun off during 2010 and 2009, respectively.

b. Contributions

Each year, participants may contribute a percentage of their annual wages on a pre-tax basis to the Plan. Contributions are subject to certain limitations as defined by the Plan. The maximum participant deferral for the years ended September 30, 2010 and 2009, was $16,500 and $15,500, respectively. Participants age 50 and over are also permitted to make additional "catch-up" contributions as defined by EGTRRA. In addition, participants may roll over amounts representing distributions from other qualified retirement plans.

Participants receive a profit sharing contribution from the Company based on a class allocation formula. Classes for the profit sharing contribution are currently as follows:

Class 1	Physicians who own 30 or more shares of Company stock
Class 2	Physicians who own at least one, but less than 30 shares of Company stock
Class 3	Non-owner physicians and top management
Class 4	Non-physician providers
Class 5	All other employees
Class 6	Physicians who own 30 or more shares of Company stock who would otherwise cause the employer contribution for the employee class to exceed 5%

Contributions allocated to each class are discretionary and determined annually by the Board of Directors. The contributions were determined to be nondiscriminatory under the Internal Revenue Code. Contributions allocated by class were as follows:

	Years Ended September 30,	
	2010	2009
Class 1	$ 25,150	$ 25,600
Class 2	7% (a)	7% (a)
Class 3	4% (a)	4% (a)
Class 4	2% (a)	2% (a)
Class 5	2% (a)	2% (a)
Class 6	$ 22,650	$ 21,100

(a) % is applied to participant salary, up to a maximum salary of $245,000 and $230,000 for the years ended September 30, 2010 and 2009, respectively.

NOTE 1 - DESCRIPTION OF PLAN - Continued

b. Contributions - Continued

The Company also makes a 3%, nonelective contribution, pursuant to a safe harbor election. The Company's nonelective contribution is based on the employees' compensation for the Plan year up to a maximum of $245,000 and $230,000 for the years ended September 30, 2010 and 2009, respectively. As defined, a nonelective safe harbor contribution is a minimum contribution made by the Company that allows the Plan to be exempt from nondiscrimination tests.

A participant directs their elective deferral amounts and Company contributions to any of several investment options, which are held and administered by The Principal Life Insurance Company and the Delaware Charter Guarantee & Trust Company conducting business as Principal Trust Company, the Custodians of the Plan.

For the years ended September 30, 2010 and 2009, certain participants unintentionally made contributions in excess of their maximum deferral amounts. As of September 30, 2010 and 2009, these excess annual additions totaled $17,997 and $8,292, respectively. This amount is reported as a Plan liability in these financial statements and will be refunded to these participants in subsequent periods.

c. Plan Eligibility

In general, employees are eligible to participate in the Plan after attaining age 21, completing 12 months of service, and having been credited with 1,000 hours of service during the eligibility computation period. The "eligibility computation period" is defined as the twelve-month period that begins with the date the employee was hired. If the employee does not meet the service requirements during the first year following the date of hire, the eligibility period becomes the Plan year. The requirements may then be met during the Plan year. Eligibility requirements are waived for full-time employees. A full-time employee is defined as having a regular work schedule of at least 30 hours per week. Full-time employees are eligible to participate after completion of one month of service. Terminated employees are eligible for employer contributions during the year of termination when credited with at least 500 hours of service during the period. The entry dates of the Plan are April 1 and October 1.

d. Participant Accounts

Each participant's account is credited with their own voluntary contribution plus the participant's allocable share of (a) the Company's profit sharing and non-elective safe harbor contributions; (b) forfeitures of terminated participants' nonvested accounts in excess of administrative expenses paid by the Plan; and (c) Plan earnings or losses, charged with an allocation of administrative expenses.

e. Vesting

Participants are immediately vested in their voluntary contributions, nonelective contributions, rollover amounts, and actual earnings thereon. Vesting in the profit sharing contribution portion of a participant's account is based on years of continuous service. A participant is 100% vested upon: (1) attaining six years of credited service; (2) disability; (3) death; (4) normal retirement at age 59½ and five years of service; or (5) termination of the Plan. If a participant's employment with the Company is terminated before age 59½ for any reason other than disability or death, the participant shall be entitled to an amount equal to the "vested percentage" of his or her account balance.

NOTE 1 - DESCRIPTION OF PLAN - Continued

e. Vesting - Continued

A participant shall have a vested and nonforfeitable interest in his or her account balance determined by the number of years of service as follows:

Years of Service	Vesting %
Less than 1	0
1 but less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

f. Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. Loan terms range from one to five years, are secured by the balance in the participant's account, and bear interest at a rate commensurate with rates of commercial lending institutions for loans which would be made under similar circumstances. The interest rates in effect during the years ended September 30, 2010 and 2009, ranged from 3.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

On September 30, 2010, the Plan adopted Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans.* ASU 2010-25 requires participant loans be classified as loans receivable from participants, which are segregated from plan investments and measured at their principal balance plus any accrued but unpaid interest.

g. Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account as a lump sum distribution, as an annuity, or in substantially equal installments.

h. Forfeitures

Forfeitures may be first used to pay administrative expenses under the Plan. Forfeitures not used to pay administrative expenses shall be added to any employer discretionary contribution. The Company used $33,704 and $50,273 of forfeitures to pay administrative expenses during the years ended September 30, 2010 and 2009, respectively. The remaining forfeitures as of September 30, 2010, will be allocated accordingly to the employer discretionary contribution in the subsequent year.

i. Administrative Costs

Administrative costs are paid by the Company for the Plan years ended September 30, 2010 and 2009, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

a. Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP), management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

b. Investment Valuation and Income Recognition

Fair value is defined as an exchange price that would be received for an asset or paid to transfer a liability (an "exit" price) in the principal or most advantageous market for the asset or liability between market participants on the measurement date.

Investments are reported at fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

c. Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balance plus accrued interest, if any.

d. Payment of Benefits

Benefits are recorded when paid.

e. Risk and Uncertainties

The Plan is comprised of investments in a combination of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

f Subsequent Events

In preparing the financial statements and notes thereto, the Plan has considered subsequent events through June 13, 2011, the date the financial statements were available to be issued.

g. Reclassifications

Certain 2009 amounts have been reclassified to conform to the 2010 presentation.

NOTE 3 - INFORMATION CERTIFIED AND PROVIDED BY CUSTODIAN (UNAUDITED)

The following is a summary of the investment information as of September 30, 2010 and 2009, and for the years then ended that is included throughout the Plan's financial statements and supplemental schedule and that was prepared by or derived from information provided by Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, the Custodians of the Plan, for the year ended December 31, 2010 and 2009, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodians that information provided to the Plan Administrator by the Custodians as listed below is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures which appear throughout the financial statements and supplemental schedules related to the following:

	2010	2009
Investments, at fair value, end of year	$ 67,363,763	$ 56,563,300
Interest and dividends	26,206	31,730
Net appreciation (depreciation) in fair value of investments	5,581,500	(1,955,530)

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The following table presents separately those assets that represent five percent or more of Plan's assets:

	September 30,

Vanguard Short-Term Treasury Fund	9,517,679	5,673,786
Common and Collective Trusts		
Principal Stable Value Fund	-	4,582,024

The Plan's investments, including gains and losses on investments bought and sold, as well as held during the year is as follows:

	September 30,	
	2010	2009
Pooled Separate Accounts	$ 3,274,469	$ (2,240,874)
Mutual Funds	2,276,402	131,018
Common and Collective Trusts	29,412	149,309
Guaranteed Interest Contracts	1,217	5,017
	$ 5,581,500	$ (1,955,530)

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS - Continued

GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following three levels of inputs that may be used to measure fair value:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value at September 30, 2010. The determination of which of the three fair value levels is applicable to the various investment options available is based on guidelines provided by the Custodians and the judgment of management.

Pooled Separate Accounts: The pooled separate accounts invest in securities that have observable Level 2 pricing inputs, including quoted prices for similar assets in active or nonactive markets.

Pooled Separate Account - Real Estate: Invests in commercial real estate and includes mortgage loans which are backed by the associated properties. Valued at a rate level unit value determination based on the portfolio holdings.

Mutual Funds: Valued at the NAV of shares held by the Plan at year-end.

Common/Collective Trust Funds: The daily NAV is not traded in an active market or exchange. The investment is valued at a daily calculated unit value, which is an observable input.

Stable Value Funds: The fair value is at the NAV, which is based on the market value of the underlying investments. The fund contains synthetic investment contracts comprised of both underlying investment and contractual components, including quoted prices for similar assets in active or non-active markets.

Guaranteed Interest Contracts: Fair value is estimated based on the estimated amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is entered into a benefit-responsive investment contract with The Principal Life Insurance Company. The Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account and stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account and stable value fund. Contract value, as reported to the Plan by The Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than four percent. Such interest rates are viewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract with participants, is probable.

The stable value fund matured as scheduled during the year ended December 31, 2010.

The average yields earned on the stable value fund are as follows:

	Years Ended September 30,	
Average Yields	2010	2009
Based on actual earnings	2.15%	2.37%
Based on interest rate credited to participants	2.15%	2.37%

NOTE 6 - PLAN TERMINATION

In the event that the Plan terminates, participants will become 100% vested in their accounts, and the remaining net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. Upon termination of the Plan, the Custodians will continue to hold the Plan assets and will make distributions of the Plan benefits in accordance with the instructions of the Plan Administrator and the Plan provisions. The Company has no intentions of terminating the Plan at the present time.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has ruled that the Volume Submitter Profit Sharing Plan with CODA offered by the Plan Trustee and adopted by the Plan on September 30, 2010, constitutes a qualified plan under Section 401(a) of the IRC and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The volume submitter plan has received an opinion letter dated March 31, 2008, from the IRS as to the Plan's qualified status. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - ADMINISTRATION OF PLAN ASSETS

The Plan assets are held by The Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, the Custodians of the Plan.

Company contributions, participant elective deferrals, and participant accounts are held and administered by the Custodians, who invest cash received in accordance with participant instructions and make distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation for such functions from the Plan.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain accounts of the Form 5500 were reported on the cash basis of accounting for the years ended September 30, 2010 and 2009.

The following is a reconciliation of net assets available for benefits per the accompanying financial statements, which were prepared under GAAP, to Form 5500:

	September 30, 2010	September 30, 2009
Net asset available for benefits at fair value per financial statements	$ 72,705,629	$ 61,325,540
Plus: Excess participant deferrals payable	17,997	8,292
Net assets available for benefits per the Form 5500	$ 72,723,626	$ 61,333,832

The following is a reconciliation of participant contributions in the accompanying statements of changes in net assets available for benefits to the Form 5500:

	Years Ended September 30, 2010	Years Ended September 30, 2009
Participant contributions per the financial statements	$ 3,608,087	$ 3,443,986
Plus: Change in excess participant deferrals payable	9,705	1,803
Participant contributions per the Form 5500	$ 3,617,792	$ 3,445,789
Net appreciation (depreciation) on investments per the financial statements	$ 5,581,500	$ (1,955,530)
Plus: Change in adjustment from fair value to contract value	(25,415)	370,124
Net appreciation (depreciation) on investments per the Form 5500	$ 5,556,085	$ (1,585,406)

NOTE 10 - RELATED PARTY TRANSACTIONS

The Company's contributions to the Plan were $4,282,304 and $4,130,376 for the years ended September 30, 2010 and 2009, respectively, of which $4,270,530 and $4,130,376 were due to the Plan at September 30, 2010 and 2009, respectively.

NOTE 10 - RELATED PARTY TRANSACTIONS - Continued

Administrative costs of $39,974 and $49,759 were paid and absorbed by the Company for the Plan years ended September 30, 2010 and 2009, respectively.

The Plan had notes receivable from participants of $958,225 and $640,156 at September 30, 2010 and 2009, respectively.

Several of the Pooled Separate Accounts offered as investment options are managed by The Principal Life Insurance Company, a Custodian of the Plan.

NOTE 11 - SUBSEQUENT EVENT

Effective November 1, 2010, the Plan was amended to add OB/GYN Health Center Associates, LLP, with grandfathered hire dates for determining eligibility.
