Independent Auditor's Report

To the Plan Administrator of the
Thermadyne 401(k) Retirement Plan:

We were engaged to audit the accompanying financial statements and supplemental schedule of the Thermadyne 401(k) Retirement Plan (the "Plan") as of December 31, 2009 and 2008 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, as of and for the years ended December 31, 2009 and 2008, which was certified by State Street Bank & Trust Company and Massachusetts Fidelity Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustees hold the plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of December 31, 2009 and 2008 and for the years then ended that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to and do not express an opinion on the plan's financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THERMADYNE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The following description of the Thermadyne 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the plan's provisions.

General

The Plan is a defined contribution plan covering employees of Thermadyne Holdings Corporation (the "Company") who meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may contribute up to 50% of their annual compensation to the Plan, not to exceed certain dollar limits established by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan currently offers various mutual funds and a common collective trust fund as investment options for participants. The Company may make discretionary matching and profit sharing contributions. Effective April 1, 2009, the Company suspended its matching contributions.

Participant's Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 25% after one year of eligible service and an additional 25% for each of the next three years of service.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates based upon prevailing market rates for loans of similar purpose and duration as determined by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to retirement (on or after attainment of age 65), a participant may receive a lump-sum distribution equal to the full current value of his account. For termination of service for any other reason, a participant may receive the value of the vested interest in his account as a lump-sum distribution.

Forfeited Accounts

Benefits forfeited by participants are used to reduce future Company contributions to the Plan. At December 31, 2009 and 2008, forfeited non-vested accounts totaled \$46,416 and \$126,604, respectively.

2. SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements of the plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Any unrealized gains and losses are included in changes in net assets for the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may vary from reported amounts.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the plan are paid by the company.

Subsequent Events

The Plan has evaluated subsequent events through July 1, 2010, the date the financial statements were available to be issued.

3. INVESTMENTS

At December 31, 2009, the plan's investments are held by State Street Bank and Trust Company and Massachusetts Fidelity Trust Company, the trustees of the Plan. Financial information relating to investments is included in the accompanying financial statements and supplemental schedule based on information provided by the trustees. That information, which includes the following, has been prepared and certified to as complete and accurate.

The following investments represent 5% or more of the plan's net assets as of December 31:

	2009
Diversified Common Collective Trust Fund	\$ 9,633,315
Davis NY Venture A Fund	8,556,779
American Funds Income Fund of America R4	5,304,909
Pimco Total Return Admin Fund	4,223,683
EuroPacific Gr R3	2,499,471
Vanguard Inflation-Protected Secs Fund	2,367,698

	2008
Diversified Common Collective Trust Fund	\$ 9,743,753
Davis NY Venture A Fund	7,970,458
Pimco Total Return Admin Fund	4,191,228
American Funds Income Fund of America R4	2,700,181
International Equity Fund	2,180,187

During 2009, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$6,967,980 as follows:

Mutual Funds	\$ 6,698,097
Common Collective Trusts	269,883
	<u>\$ 6,967,980</u>

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 – inputs to the valuation methodology include other observable inputs, including quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common collective trusts: Valued at daily calculated unit value, which is an observable input.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009.

Description	Assets at Fair Value as of December 31, 2009			
	Total	Level 1	Level 2	Level 3
Cash and Money Market Funds	\$ 154,301	\$ 154,301	\$ -	\$ -

The following table includes a roll forward of the fair value of level 3 investments for the year ended December 31, 2008:

	Participant Loans
Beginning Balance	\$ 2,202,037
New Loans	874,815
Repayments	(922,044)
Net Loan Activity	(179,384)
Ending Balance	<u>\$ 1,975,424</u>

5. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds and collective trust accounts managed by State Street Bank and Trust Company ("SSBT") and Massachusetts Fidelity Trust Company ("MFTC"), respectively. SSBT and MFTC are the trustees as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services amounted to \$12,000 and \$8,091 for the years ended December 31, 2009 and 2008, respectively.

6. PLAN TERMINATION

While the Company has not expressed any interest to terminate the Plan or discontinue operations, it is free to do so any time, subject to the provisions set forth in ERISA. Upon a complete or partial termination of the Plan, any participant who is then an employee would become 100% vested in all Company matching and discretionary contributions and the income thereon without regard to years of service.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a determination letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2009	2008
