Report on the Financial Statements

We were engaged to audit the accompanying statements of HUNT ENTERPRISES INC. 401(k) PROFIT SHARING PLAN, which comprise the statement net assets available for benefits as at December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment assets held by Union Central Life Insurance Company (Union Central) and Transamerica Financial Life Insurance Company (Transamerica), which were certified by them, as the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Transamerica held the plan's investment assets and executed investment transactions from August 23, 2013 to December 31, 2013 and that Union Central held the Plan's investment assets and executed investment transactions as of December 31, 2012 and for the period January 1, 2012 to August 23, 2013. The plan administrator has obtained certifications from the custodians as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by custodians is complete and accurate.

HUNT ENTERPRISES INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of Plan

General

The Plan was established effective January 1, 2006, as a defined contribution 401(k) plan that provides retirement benefits for all eligible employees of Hunt Enterprises Inc. and certain affiliated entities which are under common control ("Hunt") who have attained twenty-one years of age and have completed one year of service (1,000 hours as defined) prior to the entry dates of January 1, or July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to the maximum allowable under the Internal Revenue Code. Annual employer profit sharing contributions to the Plan are discretionary and determined by Hunt. Hunt has elected to make a safe harbor matching contribution to automatically satisfy certain nondiscrimination tests required by the Internal Revenue Service. This contribution was made for each participant who made an elective deferral at any time during the Plan year. Hunt contributed a safe harbor match for each participant equal to the first 3% of the deferred percentage elected by them and 50% of the next 2% of the deferred percentage elected by them, applied to their respective compensation, limited to the actual participant deferrals. Hunt's safe harbor matching contributions are allocated to each participant based on the amount of their salary reduction contribution to the Plan. Hunt authorized and accrued a safe harbor matching contribution of $174,639 and $169,590 for the years ended December 31, 2013 and 2012, respectively.

Operating Expenses

Certain expenses of maintaining the Plan have been paid by the Company. Loan administration fees as well as certain other recordkeeping expenses are charged directly to the participant's account and are included in administrative expenses on the statement of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Hunts' contribution and earnings thereon. The statement of net assets available for benefits includes approximately $391,000 and $186,000 at December 31, 2013 and 2012, respectively, of accounts of vested participants who have terminated service or are no longer actively contributing to the Plan.

Vesting

Participants are immediately 100% vested in their voluntary contributions, Hunt's contributions, and the earnings thereon.

NOTE A - Description of Plan (Continued)

Investment Options

All contributions to the Plan are participant directed. The Plan currently provides for investments in an investment contract and in certain mutual funds, which are offered by Transamerica Financial Life Insurance Co., AllianceBernstein LP, American Century Inv Mgt Inc, BlackRock Institutional Trust Company NA, Capital Research and Management Company, Dimensional Fund Advisors LP, Invesco Advisers, Inc, Ivy Investment Management Inc, Janus Investment Management LLC, Loomis Sayles & Company LP, Neuberger Berman Management LLC, OFI Global Institutions Inc, Pioneer Investment Management Inc, State Street Global Advisors Ltd, and Vanguard Group , Inc. These investments offered through the Plan are held by and certified as to completeness and accuracy by Transamerica, the custodian of the Plan as at December 31, 2013.

Expense Budget Account

The Expense Budget Account (EBA) offered by Transamerica are established for the purpose of paying plan expenses, and are considered a plan holding. The amount recorded as administrative expenses on the statement of changes in net assets available for benefits is the net of the administrative expenses and the EBA credits.

Participant Loans

Participants may borrow from their account a minimum of $1,000 up to an amount equal to one-half the vested value of their account balance to a maximum of $50,000. Loan terms generally range from 1-5 years; however, if the loan is for the purchase of a principal residence a longer repayment term may be permitted. The loans are secured by the balance of the participant's account and bear interest at a rate of prime plus one percent, fixed at the commencement of the loan. Participant loans are carried at their unpaid principal balance plus any accrued but unpaid interest. Participant loans receivable as of December 31, 2013 bear interest at rates from 4.25%-7% with maturity dates through 2020.

Payments of Benefits

On termination of service due to death, disability or retirement, if the participant's account is greater than an amount specified by the U.S. Department of Labor (DOL) (currently $5,000), the participant may elect to receive payment of his vested account balance in either a lump sum or an annuity contract payable over a specified number of years. For vested account balances less than the amount specified by the DOL but above $1,000, the plan administrator is required to roll those amounts into an individual retirement account (IRA) designated by the plan administrator if not elected to be distributed directly to the participant or rolled into an eligible retirement plan of their choice.

NOTE A - Description of Plan (Continued)

Withdrawals

Withdrawals of all vested amounts may be made after a participant attains 59 ½ years of age.

Termination of Plan

In the event of the termination of the Plan, after payment of administrative expenses, if any, the Plan's assets shall be used for the exclusive benefit of members and their beneficiaries and for no other purpose.

NOTE B - Summary of Significant Accounting Policies

Valuation of Investments

The investments in custodian's pooled separate accounts are valued at the market value of the Plan's participants' share of the several underlying investment options available to them. Shares of mutual funds are valued by the custodians of the Plan at the net asset value of shares held by the Plan at year end. Such value is subject to increase or decrease due to changes in investment income and market value. The investment in the Union Central deposit account at December 31, 2012 was stated at market value that was immaterially different from the contract value. Fair value for this account was determined as the present value of future guaranteed account values and participant benefit withdrawals (see Note G). The investment in the Transamerica stable value core account is stated at market value which equals its contract value at December 31, 2013 (see Note G). The increase or decrease in the total value of these investments during the fiscal year is included in the statement of changes in net assets available for benefits.

Tax Status

The Internal Revenue Service, ("IRS") has determined and informed the Plan sponsor that the Plan meets the requirements of Section 401(a) of the Internal Revenue Service Code qualifying for tax-exempt status. Therefore, a specific determination letter for the Plan has not been applied for or obtained. Although the Plan has been amended since receiving the determination from the IRS, the Plan sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE B - Summary of Significant Accounting Policies (Continued)

Use of Estimates and Subsequent Events

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. The Plan has considered subsequent events occurring through October 7, 2014, the date the financial statements were available for issuance, in evaluating its estimates and in the preparation of its financial statements.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE C - Investments

The following presents investments that represent 5% or more of the Plan's net assets available for benefits as of the end of the plan year, as certified by the custodian of the Plan:

NOTE D - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The Financial Accounting Standards Board standard on "Fair Value Measurements" (ASC 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels.

Level 1 is unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 is observable information for similar items in active or inactive markets and Level 3 is unobservable inputs to be used in situations where markets don't exist or are illiquid. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Level 1 Fair Value Measurements

Pooled separate accounts investing in mutual funds or domestic equity securities are measured using quoted prices in active markets for identical assets.

Level 2 Fair Value Measurements

Pooled separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

The stable value investment contract with Transamerica Life Insurance Company is considered fairly valued at the amount payable on demand at the reporting date. This amount is equal to the contract value at December 31, 2013. The Plan considers the contract's market value provision at contract termination as at the reporting date to be an observable input. As such, the investment is classified as Level 2.

Level 3 Fair Value Measurements

The guaranteed investment contracts with Union Central Life Insurance Company were valued at fair value provided by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note G). Since the participants transact at contract value, fair value was determined annually for financial statement reporting purposes only. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date).

NOTE E - Certification by the Custodians

Union Central Life Insurance Company (Union Central) has certified as to the completeness and accuracy of the investments of the Plan as of December 31, 2012 and August 23, 2013 and for the period January 1, 2012 to August 23, 2013. Transamerica Financial Life Insurance Company (Transamerica) has certified as to the completeness and accuracy of the investments of the Plan as of December 31, 2013 and for the period August 23, 2013 to December 31, 2013.

The certifications cover the related investment income, including interest, and the appreciation or depreciation in the quoted market value of investments.

NOTE F - Party-In-Interest Transactions

Certain Plan investments were or are managed by Union Central and Transamerica, the Plan's investment custodians. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan for investment management services are netted against net appreciation in fair value of investments and as reported by Union Central and Transamerica, totaled $2,644 and $1,096, respectively, for the year ended December 31, 2013.

NOTE G - Investment in Fully Benefit-Responsive Investment Contracts

Transamerica

The Transamerica stable value core account is a fully benefit-responsive investment contract. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective (January 1 and July 1). The guaranteed rate of interest shall not change during the six month period for which it is effective. Interest is credited on a daily basis, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. Contract charges may reduce this return. There is no stated minimum or maximum interest rate for the stable value core account that is why it is not considered a Guaranteed Interest Contract (GIC). In accordance with the pronouncements of the Financial Accounting Standards Board, this type of investment is considered fairly valued at contract value.

The stable value core account is backed by the general account of Transamerica and any guarantees are subject to the claims paying ability of the Transamerica Insurance Company. This stable value core account is not guaranteed by the FDIC or any other government agency. Although plan participants generally may withdraw assets from the stable value core account without restrictions, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

(Continued)

NOTE G - Investment in Fully Benefit-Responsive Investment Contracts (Continued)

Since contract value is fair value according to FASB standards, the average yield earned by the Plan reflects the actual interest rate credited to plan participants and was 0.8% in 2013.

Union Central

The Union Central deposit account is a fully benefit-responsive guaranteed investment contract dedicated exclusively to the active management of the assets of the Plan. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The investment included in the 2012 statement of assets available for benefits was at fair value which was immaterially different from its contract value. Fair value for the Union Central deposit account was determined as the present value of future guaranteed account values and participant benefit withdrawals, assuming an annual benefit withdrawal rate of 9%. Benefit withdrawals were assumed to occur on the contract anniversary date. Present values were derived by discounting future guaranteed account values and benefit withdrawals by the appropriate market interest rates. Market interest rates are deemed to be the same rates to be credited to new issues of the same contract with like guarantees issued as of the date of the fair value determination. The contract value of funds held in the Union Central deposit account generally represents principal plus accrued interest.

The Union Central deposit account earned a declared interest rate for new deposits in each calendar quarter. Subsequent to the initial guaranteed period, a renewal guarantee was applied for deposits made in the calendar quarter in all prior years. The guaranteed deposit rates in 2013 ranged from 1.9% to 2.3%.
