1. DESCRIPTION OF THE PLAN

The following description of Vanguard Resources, Inc. Employees 401(k) Retirement Plan (the "Plan") provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering certain classifications of employees of Vanguard Resources, Inc. (the "Company" or "Plan Sponsor") who have completed at least six consecutive months of service and are at least 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan assets are held in trust and administered by Transamerica Life Insurance Company (the "Trustee").

Contribution – An eligible Participant may authorize the Company to withhold from one percent up to twenty-five percent of their eligible compensation not to exceed the annual limit established by the Internal Revenue Service. Effective January 1, 2011, the Plan Sponsor adopted the safe-harbor provisions as promulgated by the Internal Revenue Service and the Department of Labor. Participants are matched 100% on all participant contributions up to 3% and 50% of all employee contributions up to 5%.

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon and employer contributions made under the Basic Safe Harbor matching effective January 1, 2011. Vesting in the employer contributions made prior to January 1, 2011, is based on years of credited service. Participants vest in employer contributions prior to January 1, 2011, on a graduated percentage per year over a period of one to six years as follows:

Years of Service	Vested Percentage
Less Than 1	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

1. **DESCRIPTION OF THE PLAN** (continued)

Plan Administrator – Vanguard Resources, Inc. is the Plan Sponsor and Plan Administrator and incurs Plan operating costs other than Trustee fees of the Plan.

Plan Expenses Paid by Participants – Annual plan expenses are charged to each participant and consist of both a base administration charge distributed pro-rata to each participant and an annual fee charged per participant. Additionally, each participant is charged a pro-rata amount of the monthly variable asset charge which is based on total plan assets. Fees associated with specific transactions (loans, distributions, etc.) are also charged to the participant as incurred. All fees are deducted from the participants account as the fees are assessed.

Payment of Benefits – Upon retirement age, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments. Upon termination, a Participant's vested balance may be rolled into a qualified plan or distributed in a lump sum payment. If a terminated participant has less than a $5,000 vested interest and does not elect a distribution method for the termination benefit, one of the following methods will be applied: (1) Participant's balance will be distributed as a single sum cash payment if the vested interest in the termination benefit does not exceed $1,000 (2) Participant's balance will automatically roll over to an individual retirement account if the vested interest in the termination benefit is greater than $1,000 and less than $5,000.

Withdrawals – Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A non-hardship withdrawal is available under certain circumstances, depending on the participant's age, length of Plan participation, and/or type of account or sub-account involved. A hardship withdrawal is available under limited circumstances, which the participant must document, and is paid in cash. Participants who take a financial hardship distribution shall not be permitted to make contributions during the 6 month period beginning on the date of such distribution.

Participant Loans – Participant's may borrow from their fund accounts, only in the event of a qualified hardship, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts – Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or to pay Plan expenses. At December 31, 2013 and 2012, forfeited nonvested accounts totaled **$2,493** and $15,346, respectively. During 2013, **$1,848** was forfeited by participants who withdrew from the plan. During the year ended December 31, 2013, the Company earned **$13** on income, used **$13,982** to offset employer contributions, and **$732** to offset expenses.

1. DESCRIPTION OF THE PLAN (continued)

Federal Income Taxes – The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions and actual earnings therein.

2. SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan.

Basis of Accounting – The Plan's financial statements are reported on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Risks and Uncertainties – Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounting Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

Funding Policy – It is the policy of the Plan's employer to deposit the participants' withheld contributions within the ERISA required time limit of 15 business days of the following month after each payroll period or earlier.

Withdrawing Participant Obligations – Amounts allocated to withdrawing participants are claims that have been processed and approved for payment prior to year-end, but not paid as of that date. These amounts were not deemed material at December 31, 2013 and 2012.

3. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Transamerica Life Insurance Company (Transamerica). Transamerica is the Record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to **$14,250** for the year ended December 31, 2013. Various indirect investment expenses were paid to Transamerica Life Insurance Company from the participant investment earnings as described in Form 5500 Schedule C. In 2013, all other plan administrative fees were paid directly by the Plan Sponsor.

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations, information prepared and certified by a bank or insurance company, which is regulated, supervised and subject to periodic examination by a state or federal agency, need not be audited. The Plan Sponsor has received certification from the Trustee of the market value of the Plan's portfolio as of December 31, 2013 and 2012, and on interest income, dividend income, contributions, and the cost and market value of the Plan transactions made during the period ended December 31, 2013. The Plan's financial statements and supplemental schedule have been prepared based upon this certified information. No auditing procedures were performed with respect to the information certified as complete and accurate, based on the records they maintain, by the Trustee.

The following table presents the fair values of investments as determined by the Trustee at December 31, 2013 and 2012.

5. RECONCILIATION TO FORM 5500

The net assets available for benefits per the financial statements agree to the Schedule H of Form 5500 at December 31, 2013 and 2012.

The changes in net assets available for benefits per the financial statements for the year ended December 31, 2013 agree to the Schedule H of Form 5500.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter in March 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and Trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

6. INCOME TAX STATUS (continued)

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. FIDELITY BOND

The Plan was covered by a fidelity bond for the years ended December 31, 2013 and 2012, which was within the prescribed limit as set forth by ERISA.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB Accounting Standards Codification 820 ("FASB ASC 820"), "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value for financial assets and liabilities. The Plan does not have any nonfinancial assets or liabilities. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the plan has the ability to access.

Level 2 Inputs – Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (for example, interest rates, volatilities, prepayment speeds, loss severities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs – Significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. There have been no changes in the methodologies used at December 31, 2013 and 2012. The Trustee determines fair value based on quoted market prices, where available. If quoted prices are not available, fair value is estimated based upon other observable inputs. The Trustee uses unobservable inputs when observable inputs are not available. Adjustments may be made to reflect the assumptions that market participants would use in pricing the asset or liability.

Pooled Separate Accounts – The Plan's investments in the Pooled Separate Accounts are either Level 1 or Level 2 instruments. The Level 1 assets are valued at closing price reported in the active market in which the investment is traded. The Level 2 asset's value is determined by the net asset value of the underlying securities of the fund, which consist mostly of Level 1 assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Money Markets	$ -	$ 39,182	$ -	$ 39,182
Pooled Separate Accounts:				
Blended funds	514,963	232,105	-	747,068

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
