Note 1: Description of the Plan

The following description of the Presidio Components, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Presidio Components, Inc. (the Company). All Company employees are eligible to participate in the Plan if they meet the requirements of being at least 21 years of age and have completed a six month eligibility compensation period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 7, 2009, the Plan adopted and converted to a new Fidelity Prototype Plan.

Contributions

Each year, participants may contribute up to 60% of pre-tax annual compensation or the federal maximum, whichever is less, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may elect to make a discretionary matching employer contribution. The Company matched employee contributions up to 15% of their contribution amounts, with a maximum of $300, for a total of $21,925 for the year ended December 31, 2009.

The Company may make non-elective employer contributions each year under the "*safe harbor*" provision of the Plan documents. The Company may elect to make a non-elective employer contribution for each active participant of an amount equal to a percentage (between 3% and 25%) of the active participant's annual compensation. The Company elected to make a contribution of 3% of active participant compensation, which resulted in an aggregate contribution of $217,045 for the year ended December 31, 2009.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of the Plan, Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, as well as employer contributions made under the "*safe harbor*" provisions. Participants vest in the Company's discretionary contributions that are not made under the "*safe harbor*" provision based on years of continuous service. A participant is 100% vested in Company contributions after six years of credited service.

Investment Options

The Plan provides participants with several mutual funds investment options. Plan participants may direct the change of their investment options.

Participant Loans

Participants may borrow from their fund accounts a minimum equal to $1,000 and a maximum equal to the lesser of $50,000 or 50% of the vested interest in their account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. Loan terms range from one to five years or more for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is paid ratably through payroll deductions. An outstanding loan can be paid in full, at any time and must be repaid before a new loan can be made.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or deferment over a period not exceeding the participant's age of 59 ½. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½.

Forfeitures

Forfeitures are made available to pay administrative expenses and reduce employer contributions under the Plan. During the year ended December 31, 2009, there was $958 of forfeitures used to pay administrative expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Participant loans are valued at the unpaid principal amount of the loan which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Administrative expenses are paid by the Company. Certain administrative processing fees are charged to the participants and therefore, are reflected in the accompanying statement of changes in net assets available for benefits as administrative expenses.

New Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued a standard which stipulated the FASB *Accounting Standards Codification* is the source of authoritative U.S. GAAP recognized by the FASB to be applied by nongovernmental entities. This standard is effective for financial statements issued for interim and annual periods ended after September 15, 2009. The implementation of this standard did not have a material impact on the Plan's statements of net assets available for benefits or statement of changes in net assets available for benefits.

Note 3: Investments Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (FMTC), the trustee:

	December 31, 2009	2008
Fidelity Management Trust Company	$ 6,334,268	$ 4,588,405

The accompanying statement of changes in net assets available for benefits reflects changes to the investments certified by the trustee during the year ended December 31, 2009.

Each of the following investment funds represents at least 5% or more of the net assets available for benefits:

	December 31, 2009	2008
Spartan U.S. Equity Index	$ 1,089,643	782,838
Fidelity Dividend Growth	854,210	539,647
Fidelity Retirement Money Market	798,872	819,981
Fidelity Blue Chip Growth	724,349	460,248
Fidelity Government Income	435,550	435,651
Fidelity Diversified International	340,606	266,772

Note 4: Fair Value Measurement

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

The following is a description of the valuation methodologies used for the investments measured at fair value, including general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds - These investments are valued at quoted market prices in an exchange and active market, which represents the net asset values of the shares held by the Plan at year end and the Plan has concluded that these investments should be classified as Level 1.

Note 4: Fair Value Measurement, Continued

Participant loans - Participant loans are recorded at their outstanding balances based on an amortization, which represents their fair values. Since the outstanding balance of a participant loan is not adjusted for the net realizable value there isn't an observable input, thus the Plan has concluded that participant loans should be classified as Level 3.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A summary of Plan investments measured at fair value is as follows:

		Fair Value Measurement Using:	
December 31, 2009	Fair Value	Quoted Market Price (Level 1)	Significant Unobservable Inputs (Level 3)
Cash - money market	$ 798,872	$ 798,872	$ -
Mutual funds	5,139,042	5,139,042	-
Participant loans	396,354	-	396,354
Total	$ 6,334,268	$ 5,937,914	$ 396,354
December 31, 2008			
Cash - money market	$ 819,980	$ 819,980	$ -
Mutual funds	3,501,396	3,501,396	-
Participant loans	267,029	-	267,029
Total	$ 4,588,405	$ 4,321,376	$ 267,029

Fair value measurement using significant unobservable inputs (Level 3):

December 31, 2009	Participant Loans
Beginning balance at January 1, 2009	$ 267,029
Loans to participants	274,374
Loan repayments, net	(145,049)
Ending balance at December 31, 2009	$ 396,354

Note 5: Related Party Transactions

Certain Plan investments are managed by FMTC. FMTC is the trustee as defined by the Plan and is a party-in-interest. The Plan incurred certain FMTC administrative fees of $9,225 for the year ended December 31, 2009.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all their employer contributions.

Note 7: Tax Status

During 2009, the Plan adopted a FMTC Prototype 401(k) Plan that the Internal Revenue Service approved by a letter dated March 31, 2008. Previously, the Plan was approved by a FMTC Prototype 401(k) Plan that the Internal Revenue Service approved by a letter dated October 9, 2003.

The Plan has been amended since receiving the last determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Schedule H of Form 5500
