THORPE SPECIALTY SERVICES CORPORATION
PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

1. PLAN DESCRIPTION

The following description of the Thorpe Specialty Services Corporation Profit Sharing Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Effective January 1, 2012, the participants of Thorpe Specialty Services Corporation and its subsidiaries were spun-off from the Thorpe Corporate Profit Sharing Plan and became participants of the Thorpe Specialty Services Corporation Profit Sharing Plan established on January 1, 2012, inception date. The new plan was established as a mirror plan to the Thorpe Corporation Profit Sharing Plan and was approved by the Board of Directors of Thorpe Specialty Services Corporation. During the year ended December 31, 2012, net assets totaling $18,643,870 were transferred from the Thorpe Corporation Profit Sharing Plan to the Plan.

General – The Plan is a trusteed, defined contribution plan covering all employees of Thorpe Specialty Services Corporation and its subsidiaries, JT Thorpe Company, and Thorpe-Sunbelt, Inc. (collectively, the "Company" or "Employer"), who are not covered by a collective bargaining agreement and who have completed one year of service, providing they worked at least 1,000 hours during the year and are age 18 or older. Entry dates into the Plan are on January 1 and July 1 of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors performance and reports to the Plan Administrator.

The Plan is comprised of a profit sharing plan ("PSP") and a 401(k) plan ("401(k)").

Trustee and Administration − The Investment Committee and the Company ("Plan Administrator") control and manage the operation and administration of the Plan. The Trustee of the Plan is Charles Schwab Bank, formerly Charles Schwab Trust Company ("Schwab" or "Trustee"). The recordkeeper of the Plan for the year ended December 31, 2013 and the period from January 1, 2012, Inception Date, to December 31, 2012 was Retirement Horizons, Inc. ("RHI").

1. PLAN DESCRIPTION (continued)

Contributions – 401(k) participants may elect to make pre-tax contributions to the Plan in the amount of up to 12% of their pretax annual compensation, which is regular base salary and wages, commissions, overtime payments, and bonuses excluding expense allowances. Annual statutory contribution limits by individual employees were $17,500 for 2013. Participants who are aged 50 before December 31, 2013 are eligible to make catch-up contributions of up to $5,500 for the 2013 plan year.

The Plan allows for a discretionary employer matching contribution to participants who are employed at the end of the year in an amount equal to 100% of participant's contributions for the first 2% of compensation and 25% of the employee's contribution for the next 4% of compensation. For the year ended December 31, 2013, the Company elected to contribute $196,525 in discretionary employer matching contributions.

Participants do not make contributions to the PSP. Employer contributions to the PSP are at the discretion of the Board of Directors of the Company. Allocation of Company's profit sharing contribution, if any, will typically be based on the proportion of individual participant's total compensation for the full plan year to the total compensation for all plan members for the full plan year. For the year ended December 31, 2013, the Company elected to make no contributions to the PSP.

The Company also adopted the "safe harbor" provision of the Internal Revenue Code ("IRC"). As a result, the Company also elected to provide a safe harbor contribution of 3% of eligible wages to qualified participants for the year ended December 31, 2013. For the year ended December 31, 2013, the Company elected to contribute $400,998 in safe harbor contributions.

Rollovers from other qualified retirement plans are allowed for both PSP and 401(k).

Participant Accounts – Each participant's account is credited with the participant's contribution, allocation of Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. PLAN DESCRIPTION (continued)

Vesting – Participants are immediately vested in their elective contributions and their Company's safe harbor contributions plus actual earnings or losses thereon. A participant is vested in the Company's profit sharing contributions and related earnings or losses thereon as follows:

FULL YEARS OF SERVICE	VESTED PERCENTAGE
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more	100%

A participant can also become fully vested in the Company's contribution upon death, disability, at normal retirement age or upon termination of the Plan.

Notes Receivable From Participants – Participants may borrow from both PSP and 401(k) accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Transactions are treated as a transfer between the investment fund and the participant loan fund. The term shall not exceed 5 years except for loans for the purchase of a participant's primary residence in which note terms are not to exceed 30 years. PSP loans are approved by the Plan Administrator based on special circumstances. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Interest rates on 401(k) loans outstanding at December 31, 2013 were 12.00 percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits and Distributions – Upon termination of service, a participant may elect to either receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in a series of equal payments over a period elected by the participant. If the balance is less than $5,000, the Plan reserves the right to require the participant to take a lump-sum distribution.

Forfeitures – Forfeitures of non-vested account balances are allocated among the remaining participants in a manner similar to employer contributions. At December 31, 2013, there was a balance of $6,923 in forfeited non-vested accounts. During 2013, forfeitures totaling $2,400 were used to offset administrative expenses of the Plan.

1. PLAN DESCRIPTION (continued)

Non-participant Directed Investments – Funds contributed to the PSP accounts are non-participant directed. Such funds are placed in a trust fund administered by the designated Trustee. The Investment Committee will direct the investment of PSP contribution. See Note 5 for additional information.

2. PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties – The Plan provides for investment options in several mutual funds which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

2. PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value. The mutual funds are valued at their quoted market price. The investments in the Morley Stable Value Fund (the "Stable Value Fund") are valued based upon the quoted market values of the underlying assets. The estimated fair value of the investment in the Stable Value Fund is then adjusted to contract value in the adjustment from fair value to contract value for fully benefit responsive investment contracts line item as described below. As of December 31, 2013, the contract value of the investment contract was $22,413 less than fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded as earned. Net investment gain (loss) from mutual funds and the Stable Value Fund includes interest, dividends, realized gains (losses) on sale of investments and unrealized appreciation (depreciation) in fair value of investments. See Note 6 for discussion of fair value measurements.

Stable Value Fund – The Stable Value Fund, which is provided as an investment option to participants in the Plan, holds fully benefit-responsive guaranteed investment contracts. The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

2. PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average interest rate credited to participants on these accounts, which approximated the average effective yield, was approximately 1.39 percent and 1.65 percent for the years ended December 31, 2013 and 2012, respectively.

3. INVESTMENTS

The following table presents investments of fair value that represent 5% or more of the Plan's net assets at December 31, 2013 and/or 2012:

4. INFORMATION CERTIFIED BY CHARLES SCHWAB BANK

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan. The contract value of the guaranteed investment contract was certified by the Trustee.

5. NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments as of December 31, 2013 and 2012 and for year ended December 31, 2013 is as follows:

	DECEMBER 31,	
	2013	2012
Mutual funds	$ 3,189,322	$ 3,178,925

	YEAR ENDED DECEMBER 31, 2013
Dividends	$ 155,649
Net appreciation	354,861
Benefits paid to participants	(494,006)
Administrative expenses	(6,107)
Change in net assets	$ 10,397

6. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). An asset of liability's classification within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

6. FAIR VALUE MEASUREMENTS (continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Stable Value Fund: Valued at contract value, which approximates fair value.

6. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2013 and 2012:

DECEMBER 31, 2013	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	$ 13,502,496	$ –	$ –	$ 13,502,496
Cash	6,944	–	–	6,944
Stable value fund	–	3,795,836	–	3,795,836
Total investments at fair value	$ 13,509,440	$ 3,795,836	$ –	$ 17,305,276

DECEMBER 31, 2012	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	$ 11,903,490	$ –	$ –	$ 11,903,490
Cash	18,880	–	–	18,880
Stable value fund	–	3,291,621	–	3,291,621
Total investments at fair value	$ 11,922,370	$ 3,291,621	$ –	$ 15,213,991

7. RELATED PARTY TRANSACTIONS

The Plan records notes from participants as receivables on the statement of net assets available for benefits. These transactions qualify as party-in-interest transactions as defined by ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan invests in mutual funds and common/collective trusts managed by Charles Schwab Bank, the Plan's custodian and Trustee. Transactions in such investments qualify as party-in-interest transactions which are exempt from ERISA's prohibited transaction rules. These transactions are identified in a supplemental schedule.

8. TAX STATUS

The Plan was established effective January 1, 2012 as a mirror profit sharing plan of the Thorpe Corporation Profit Sharing Plan (Note 1). The Thorpe Corporation Profit Sharing Plan received a favorable determination letter from the Internal Revenue Service ("IRS") on December 29, 2009. As the Plan mirrors the Thorpe Corporation Profit Sharing Plan, the Company believes the favorable determination letter dated December 29, 2009 is sufficient for the Plan. The Plan has been amended since the 2009 determination letter. The Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt as of December 31, 2013. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Since the Plan was established in 2012, all tax years are open to examination.

9. SUBSEQUENT EVENTS

Subsequent to year end, the Plan Administrator elected to change Trustees. Effective January 1, 2014, Massachusetts Mutual Life Insurance Company became the Trustee of the Plan.

The Plan sponsor evaluated subsequent events through October 14, 2014, the date which these financial statements were available to be issued.
