INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
TAG Electric Company Profit Sharing Plan
Houston, Texas

I was engaged to audit the financial statements of TAG Electric Company Profit Sharing Plan as of December 31, 2013 and 2012, and for the year ended December 31, 2013, and the supplemental schedules as of and for the year ended December 31, 2013 as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the TAG Electric Company Profit sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan covering substantially all employees of TAG Electric Company, L.P., TAG Electric of Houston, L.P., and TAG Electric of Austin, L.P., and TAG Communications, L.P. (the Companies"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent related amendments and revisions. The original Plan was adopted on October 1, 1993 and was amended effective January 25, 2002.

An employee may participate in the Plan upon the first day of the Plan quarter (either January 1, April 1, July 1 or October 1) coincident with or immediately following the date such employee has completed one (1) year of service during which at least one thousand (1,000) hours of service have been completed and such employee has attained twenty-one (21) years of age.

Contributions

All eligible participants may elect to contribute up to 25% of their eligible compensation during any Plan year subject to the maximum deferral allowed by the Internal Revenue Code, which was $ 17,000 and $ 16,500 for 2013 and 2012 respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, which was $ 5,500 $ 5,000 for 2013 and 2012. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. The Companies may make discretionary matching and non-matching contributions to the Plan on behalf of all eligible participants. Participants must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to receive non-matching contributions. For the Plan year ended December 31, 2013, no discretionary non-matching contributions were made to the Plan. The discretionary matching contribution for Plan year ended December 31, 2013 was an amount equal to the lesser of (a) 50% of the sum of contributions made by each participant during the period or (b) 3% of a participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Companies' contributions, (b) Plan earnings and (c) forfeitures of terminated participant's non-vested accounts. Allocations are based on participant compensations or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately fully vested in their contributions and distributions from other qualified plans rolled over into the Plan plus actual earnings thereon. For matching Companies' contributions and related earnings, participants are vested 20 percent after two years and an additional 20 percent for each year thereafter. Participants are vested 20 percent in non-matching Companies' contributions after three years of service and are fully vested at year seven. A year of vesting for Companies' contributions is based on 1,000 hours of service. Participants that retire, become disabled or die while employed by the Companies automatically become 100 percent vested in the value of the Companies' contributions.

Participants Loans

Participants are allowed to borrow a minimum of $1,000 up to the maximum equal to the lesser of (a) $50,000 (reduced by Participant's highest outstanding loan balance during the 12 months prior to the date the loan is made) or (b) 50 percent of the fair market value of a participant's vested account balance. Participants are allowed to obtain only one loan during a Plan year and not allowed a new loan if an outstanding loan balance exists. Loans are secured by the balance in the participant's account. Participant account balances pledged to collateralize loans may not be withdrawn from the Plan. Interest is charged at the prevailing rate, with scheduled payments to be made not less frequently than quarterly, and for the loan to be amortized over a period not to exceed five years. If the loan is used for the purchase of a residence, then the loan may be repaid over 10 years.

Payment of Benefits

The payment of benefits from an account may occur upon retirement, death, disability, or termination of employment. Benefits are paid in lump sum, annuity, or installments equal to the vested value in the participant's account. Participants terminating employment prior to retirement are entitled to receive a lump sum distribution equal to the vested balance in his/her account or directly roll over the vested account balance into another qualified savings plan or IRA. Financial hardship withdrawals are permitted as defined in the Plan.

Forfeitures

Participants who terminate prior to vesting in the Companies' contributions forfeit the right to receive that portion of their account attributable to such contributions. The Plan allows forfeitures to be reallocated to those participants completing 1,000 hours of service during the Plan year and employed the last day of the Plan year. The employer elected to use the forfeitures accumulated throughout the year for a portion of their matching contributions. For the year ended December 31, 2013, $ 0 of forfeitures was reallocated to participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Date of Management's Review

Management completed its review of subsequent events on October 9, 2013 which is the date the statements were available to be issued.

Investments

All investments are held by the custodian, Transamerica Life and Insurance and Annuity Company (the "Custodian" or Transamerica), pursuant to group pension contracts. The plan for self-directed investment programs for individual participants as provided by the custodian.

The Plan's investments are stated at fair value. Certain investments are held in the form of units of participation in a pooled separate account and are generally subject to the volatility of the major stock markets in which the underlying investments are held. The units are valued based on the market value of the underlying investments of their related funds and are credited with the actual earnings on the underlying investments and charged for distribution and fund transfer expenses. Units are purchased and sold at their unit value on the date of the transaction.

The change in the current value of investments (including investments bought and sold) during the year ended December 31, 2013 is reflected in the statement of changes in net assets available for benefits as net appreciation in fair value of investments. Net appreciation includes realized gains and losses on investments that were both bought and sold during the period.

Payment of Benefits

Benefit claims are recorded as a reduction to net assets for benefits when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator and management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 3 – INFORMATION CERTIFIED BY CUSTODIAN (Unaudited)

As permitted by the rules and regulations of the Department of Labor with respect to reporting and disclosure under ERISA, the custodian, Transamerica, has certified to the Plan's administrator that the listing of investments (stated at cost and fair value), together with all other transactions which affect Plan investments, are complete and accurate as of and for the year ended December 31, 2013 and 2012.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN (continued)

Individual investments that represent 5 percent or more of net assets available for benefits are as follows:

	2013	2012
Transamerica Equity - WMC Quality Growth Equity	$ 274,231	$ 197,073
Transamerica Equity Fund - SSgA S&P 500 Index	$ 168,123	$ 123,782
Transamerica Bond - AEGON Bond	$ 283,144	$ 703,837
Transamerica /Aegon Cash Management	$ 189,982	$ 188,801
Transamerica Aggressive Growth - Morgan Stanley Growth	$ 193,585	$ 139,679
Transamerica Growth Opp - Morgan Stanley Growth Opp		$ 121,427
Transamerica AA Moderate Growth	$ 498,889	
Transamerica High Yield Bond		$ 355,998

For the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by $251,452 from investments in mutual funds.

NOTE 4 - INCOME TAX STATUS

The Plan is a Regional Prototype Standardized 401(k) Profit Sharing Plan and Trust. Although the Plan has not requested or received a determination letter, the Regional Prototype Plan has received an opinion letter from the Internal Revenue Service which states that the form of Plan and the related trust are acceptable under Sections 401(a) and 501(a) of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants become fully vested in their account balances.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment

securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no difference between the financial statements and the Form 5500 Schedule H for the year ended December 31, 2013.

Note 8 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
  - Quoted prices for similar assets or liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in inactive markets
  - Inputs other tan quoted prices that are observable for the asset or liability
  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Note 8 – FAIR VALUE MEASUREMENTS (Continued)

- *Common Stocks, corporate bonds, and U.S. government securities.* Valued at the closing price reported on the active market on which the individual securities are traded.
- *Mutual funds.* Valued at the net asset value of shares held by the plan at year-end.
- *Participant loans.* Valued at amortized cost, which approximates fair value.
- *Guaranteed investment contract.* Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the creditworthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the plan's assets at fair value as of December 31, 2013 and 2012.

Assets at Fair Value as of December 31, 2013

	Level 1	Level 2	Level 3	Total

Dear Ms. McCauley,

This letter transmits a written statement for failure to file on a timely basis the 2013 Form 5500 Annual Return/Report of Employee Benefit Plan for TAG Electric Company, Inc. 401(k) Plan.

Due to health issues with the independent qualified public accountant (IQPA), we were unable to complete the financial statement by the extended filing due date. An Application for Extension of Time to File Certain Employee Plan Returns – Form 5558 was submitted to the Internal Revenue Service to extend the filing deadline to October 15, 2014. Please consider our request to waive or abate any potential penalties.

The financial statement for this plan will be completed as soon as possible and will be attached to an amended filing.

This statement is made under the penalties of perjury that the delay in submitting the filing was not the result of any attempt to deceive or defraud the federal government, or was there any willful negligence in not submitting this form timely.

If you should have any questions, please contact Thomas Gonzales at (281) 376-6700.

Very truly yours,

Thomas A. Gonzales
