Valu Home Centers
401(K) Profit Sharing Plan
Notes to Financial Statements

1. Description of Plan

The following description of the Valu Home Centers 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of the Company meeting the following requirements: 1,000 hours of service during the current Plan year, employed on the last day of the Plan year, completion of one year of service, and 21 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Certain Plan administrative expenses are paid for by the Plan sponsor, the Company. The Plan continues to be for the exclusive benefit of the employees of the employer, and covers the employees of the six related Valu Home Center companies – Arena Distributors, Inc.; Dick-Urban Distributors, Inc.; JMA Distributors, Inc.; Orchard Park Distributors, Inc.; Val Port Distributors, Inc.; and Valu Home Centers, Inc. (the "Company").

The Plan was restated to a prototype plan effective April 1, 2008. Under the terms of the new plan, any additional contribution integrated with eligible employees' compensation as of the last day of the Company's year-end is discretionary.

The Plan was restated again effective August 31, 2014 to comply with statutory regulations. No other significant changes were made to the Plan.

Contributions - Each year, participants may contribute 1% to 25% of their pretax annual compensation up to certain legal limits. The Company matches 50% of participants' savings contributions up to 6% of the participants' eligible compensation. The participant's contribution and Company match are invested according to each participant's investment directions. Participants may also contribute rollover amounts representing distributions from other qualified retirement plans. The Plan currently offers 23 pooled separate accounts and a guaranteed interest investment contract as investment options. Additional discretionary contributions may also be made and allocated to eligible employees as of the last day of the Plan year using an integrated formula based on their taxable wage base subject to certain limitations. Additional discretionary matching amounts may be contributed at the option of the Company's Board of Directors.

No discretionary contributions were made during the years ended August 31, 2014 or 2013.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of (a) Plan earnings and charged with an allocation of administration expenses, and (b) the Company's additional contribution. Allocations are based on participant earnings or account balances as defined in the Plan.

1. Description of Plan (continued)

Vesting - Participants are immediately vested in their 401(k) salary deferral and rollover contributions plus actual earnings thereon. Vesting in the Company matching and Company additional discretionary contributions plus actual earnings thereon is based on three years of vesting service.

Payment of Benefits - On termination of service, death, and certain disabilities and financial hardships, depending on the participant's elective deferral balance, the participant or beneficiary may elect to receive a lump sum amount, or various options of monthly installment plans.

Income Taxes - The Plan adopted the Principal Financial Group prototype 401(k) Profit Sharing Plan effective April 1, 2008. The prototype plan received an opinion letter from the Internal Revenue Service ("IRS") dated March 3, 2008 stating that the Plan, as then designed, is in compliance with the applicable requirements of the IRS. The Plan has been amended subsequent to the IRS determination letter. However, the Plan administrator believes that the Plan is operating in compliance with the requirements of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

The Plan was again restated as a prototype plan as of August 31, 2014 to conform with statutory regulations.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Forfeitures - Forfeitures attributable to Company matching and discretionary contributions are used to pay Plan expenses and reduce future Company matching contributions. Forfeitures utilized for Company matching contributions totaled $5,936 and $6,317 for the years ended August 31, 2014 and 2013, respectively.

2. Summary of Accounting Policies

Basis of Accounting - These financial statements are prepared on the accrual method of accounting.

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition - The Principal Life Insurance Company, the custodian, provides the market values of all pooled separate accounts which represent the fair values used in the preparation of these financial statements. Investments in the guaranteed interest contracts held in the general account of the Principal Life are not considered fully benefit-responsive and are reported at fair value. There are no reserves against investment values for credit risk.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three levels, with Level 1 as the highest priority and 3, the lowest priority. The three levels of the fair value hierarchy are as follows:

Level 1: Valuations are unadjusted quoted prices for identical assets in active markets.

Level 2: Valuations are quoted prices for similar assets in active markets or identical or similar assets in inactive markets.

Level 3: Valuation methods are unobservable and significant to the fair value measurement.

Party-in-Interest Transactions - Certain Plan investments are pooled separate accounts managed by Principal. Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $14,479 and $12,785 for the year ended August 31, 2014 and 2013, respectively.

Use of Estimates - The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in pooled separate accounts which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - Management has evaluated subsequent events for recognition or disclosure through June 9, 2015, the date on which the financial statements were available to be issued.

3. Information Prepared and Certified by Custodian (unaudited)

All of the Plan's investments are maintained with the Principal Life Insurance Company in contract (3)53948. These assets are restricted to use solely for providing benefits to the Plan participants.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian as of and for the years ended August 31 (individual investments that represent 5% or more of the Plan's net assets are specifically identified):

	2014	2013
Guaranteed investment accounts	$ 2,536,450	$ 2,651,673
Pooled separate accounts:		
Large cap S&P 500 index	2,179,265	1,745,303
Money market accounts	753,558	729,637
Bond and mortgage	1,579,355	1,511,666
International small cap	834,538	676,802
Large cap growth I	1,268,387	986,775
Small cap growth II	0	828,769
Other	5,721,283	4,012,068
Total investments at fair value	$ 14,872,836	$ 13,142,693
Investment income	$ 1,884,254	$ 1,336,033

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total account balances.

5. Fair Value Measurements

The Plan's investments area measured at fair value at August 31, 2014 and 2013 using the following fair value hierarchy:

	Level 1	Level 2	Level 3	Total
August 31, 2014	$ 0	$ 12,336,386	$ 2,536,450	$ 14,872,836
August 31, 2013	$ 0	$ 10,491,020	$ 2,651,673	$ 13,142,693

Level 2: The pooled separate accounts are valued at the net asset value based on the market value of its underlying investment. The account is not publicly quoted on an active market. The fair value of each mutual fund is provided by Principal Life Insurance.

Level 3: The Guaranteed Interest Fund is not actively traded as they cannot be sold, transferred or assigned externally. Due to the nature of these contracts, they do not have underlying assets assigned. The fair value of the Guaranteed Interest Fund is the amount participants would receive upon withdrawal. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.
