To Trustees of

Nailor Industries of Texas Inc. 401(k) Profit Sharing

We have conducted a DOL limited-scope audit of the financial statements of Nailor Industries of Texas Inc. 401(k) Profit Sharing Plan for the year ended December 31, 2010 and have issued our report thereon dated August 3, 2011. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 24, 2011. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Nailor Industries of Texas Inc. 401(k) Profit Sharing are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2010. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We noted no particularly sensitive estimates affecting the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. We noted no particularly sensitive disclosures affecting the financial statements.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 3, 2011.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

During our audit, we noted that an employee's contribution withheld from their pay on a manual check outside of normal payroll procedures was not remitted into the plan. We recommend that management strengthen its procedures related to non-standard payroll activity to ensure that all employee contributions are remitted into the plan in a timely fashion.

We also noted that the Company's fiduciary bond was for an amount below the required minimum under ERISA regulations. We recommend that the Company rectify this issue as soon as possible to

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of trustees and management of Nailor Industries of Texas Inc. 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.

Independent Auditors' Report

To the Trustees of
Nailor Industries of Texas, Inc. 401(k) Profit Sharing Plan

We were engaged to audit the financial statements of Nailor Industries of Texas, Inc. 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian that, as of December 31, 2010 and 2009 and for the year ended December 31, 2010, the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Nailor Industries of Texas, Inc. 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering any eligible employee of Nailor Industries of Texas, Inc. ("the Company" or "the Sponsor") except nonresident aliens and is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") as amended. The Plan was adopted by the Company on January 1, 1999. David Soden, an employee of the Company, serves as the plan administrator and trustee.

Effective January 1, 2008, the Nailor Industries of Texas, Inc. Union 401(k) Profit Sharing Plan ("the Union Plan") was merged into the Plan. All assets of the Union Plan were transferred into the Plan, with participants receiving the same rights as those previously eligible for the Plan.

Contributions

Participants may elect to make annual salary deferral contributions to the Plan up to certain limits adjusted for cost-of-living pursuant to Section 401(g) (5) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions pursuant to Section 414(v) of the Internal Revenue Code.

The Company makes an annual safe harbor contribution of 3% of each eligible participant's compensation for the year. The Company may also make additional discretionary contributions to the Plan for eligible participants. There were no additional discretionary contributions during 2010 or 2009.

Participants are at all times fully vested in their contributions, the Company's safe harbor contributions, and the appreciation or depreciation thereon. Participants may rollover contributions representing distributions from other qualified defined benefit or defined contribution plans to the Plan and are fully vested in these contributions. The Plan is participant-directed and participants may change their contribution rates and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Plan Sponsor's contribution and Plan earnings and the allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. Certain fees for administering the Plan are deducted from the investment earnings.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Benefits are payable to participants or to a designated beneficiary only upon the occurrence of the following: retirement on or after age 65, attainment of age 59-1/2, hardship, disability, death, or termination of service with the Company.

A participant may receive the distribution in a lump sum or installments over a period of not more than the participant's life expectancy. Distributions are equal to the vested value of the participant's account, which results from participant and employer contributions, earnings on those contributions and any valuation adjustments.

Vesting

If a participant terminates employment prior to normal retirement age for any reason, other than death or disability, the participant's interest in the Company's matching contributions to the Plan for his or her benefit vests as follows based on years of service:

Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Forfeitures

When certain terminations of participation in the plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeiture. There were forfeitures of $106 and $1,132 during 2010 and 2009.

No amounts were held, as of December 31, 2010 or 2009, in accounts of participants who had elected to withdraw from the Plan.

Notes Receivable from Participants

Plan participants may borrow up to 50% of their vested account balance in amounts of not less than $2,000 and not exceeding $50,000. Interest rates on loans are stated at a rate determined by the Company at the time of request. Loans are repaid in level installments through payroll deductions for periods ranging up to five years. Loans are secured by the participant's account balance. All payments, including interest, are credited to the respective participant's account.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Termination of the Plan

Although they have not expressed any intent to do so, the Company has the right to amend or terminate the Plan at any time subject to the provisions of ERISA. Upon termination, participants would become 100% vested in all amounts credited to their account and would receive distributions based on their account balance accumulated to the date of termination of the Plan.

Tax Status

The Plan has not received a favorable determination letter from the Internal Revenue Service exempting it from income tax. However, a prototype of the Plan was accepted by the Internal Revenue Service on April 17, 2002. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. The Plan sponsor has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Units of the pooled separate accounts and guaranteed investment account are determined by American United Life Insurance Company ("AUL"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

All expenses of the Plan's administration may be paid by the Plan, unless paid by the Plan sponsor. For the year ended December 31, 2010, the Plan paid administrative expenses of $2,465 for custodian fees. All other expenses of the Plan were paid by the Plan sponsor.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Participant's benefits are included in distributions during the period payment is made.

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, August 3, 2011.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Total	$ 5,141,929	$ 4,518,664	$ 513,178	$ 110,087

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Financial Account Standards Board ("FASB") Accounting Standards Codification "(ASC)" 820, *Fair Value Measurements and disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used only for the guaranteed investment account, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 2 Fair Value Measurements

The fair value of the guaranteed investment account is based on significant other observable inputs. Contributions allocated to this fixed investment account are invested in the general account of AUL, which is invested in diversified fixed income securities. These securities are considered observable, and the value of a participant's investment in the general account is calculated daily based on those inputs.

Level 3 Fair Value Measurements

The brokerage accounts are measured using inputs that are not observable by the Plan, as the accounts are participant-directed accounts from which the Plan receives and evaluates summary information regarding gains and losses, fees, contributions and other transactions. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)
