NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2014
AND AS OF DECEMBER 31, 2014 AND 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of *Electric Services, Inc. 401(K) Retirement Plan* (the Plan) provides only general information. Participants should refer to the Plan Agreement and the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of *Electric Services, Inc.* (the Company) who have completed 1,000 hours of service within 12 consecutive months and are age twenty-one or older. Eligible employees may enter the Plan either January 1 or July 1 following the date at which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally effective January 1, 1995 and has been amended and restated in its entirety as of January 1, 2009.

Contributions

Each year the Company may make discretionary matching contributions to the Plan. Additionally, the Company, at its discretion, may make a profit sharing contribution to the Plan. For 2014, the Company's Board of Directors did not elect to make any contributions to the Plan. Each year participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to the limit established by law. Participants may also contribute amounts representing distributions from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, net of fees. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

A Participant's interest in that portion of his account attributable to his voluntary contributions, plus earnings thereon, is fully vested at all times. Vesting on the participant's interest in his discretionary employer matching and profit sharing contribution allocations is based on years of service, and is 100 percent vested after five years. The Plan also provides for the full vesting of all portions of a participant's account upon attaining early retirement age, total and permanent disability and death.

NOTE 1 - DESCRIPTION OF PLAN - continued

Funding Policy

Since the principal purpose of the Plan is to provide benefits at normal retirement age, the principal goal of the investment of the funds in the Plan is both security and long-term stability with moderate growth commensurate with the anticipated retirement dates of participants. Investments, other than "fixed dollar" investments, are included among the plan's investments to prevent erosion by inflation. However, investments are sufficiently liquid to enable the plan, on short notice, to make some distributions in the event of the death or disability of a participant.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions and their allocation of employer contributions among numerous investment options. These options may be changed at any time by participants via telephone or internet.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service for any reason, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows automatic distribution of vested account balances less than $1,000 for terminated participants.

Forfeited Accounts

Forfeitures are first applied to offset Plan expenses and then used to reduce employer matching contributions or enhance employer profit sharing contributions. At December 31, 2014 and 2013, respectively, forfeited amounts of approximately $0 and $472 were available to be applied according to these provisions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statement Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting whereby income is recognized when earned and expenses are recognized when incurred.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Some administrative expenses of the Plan are absorbed by the Plan Sponsor.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

Authoritative guidance in conformity with accounting principles generally accepted in the United States of America, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The guidance establishes three levels of the fair value hierarchy as follows:

Level 1 Inputs to the valuation methodology are quoted prices for identical securities in active markets that the Plan has the ability to access.

NOTE 3 - FAIR VALUE MEASUREMENTS - continued

Level 2 Inputs to the valuation methodology are other observable inputs, including quoted prices for similar securities, interest rates, credit risk, etc., that are determined for an asset, either directly or indirectly, based on independent market data.

Level 3 Inputs to the valuation methodology are significant unobservable inputs.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Pooled separate accounts are valued based on the quoted net asset value of the underlying mutual funds held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
December 31, 2014				
Investments:				
Pooled separate accounts	$2,189,174	$ -	$ -	$2,189,174
Total investments at fair value	$2,189,174	$ -	$ -	$2,189,174

NOTE 3 - FAIR VALUE MEASUREMENTS - continued

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
December 31, 2013				
Investments:				
Pooled separate accounts	$2,071,833	$ -	$ -	$2,071,833
Total investments at fair value	$2,071,833	$ -	$ -	$2,071,833

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2014, are reported in net appreciation (depreciation) in fair value of investments.

NOTE 4 - INVESTMENTS

Plan assets are stated at fair value and include funds managed by the John Hancock Life Insurance Company (USA) (John Hancock) totaling $2,189,174 and $2,071,833 at December 31, 2014 and 2013, respectively. Investments that represent 5% or more of fair value of the Plan's net assets are as follows at December 31:

	2014	2013
John Hancock Lifestyle Aggressive	$357,216	$284,284
John Hancock Lifestyle Growth	$558,018	$529,401
John Hancock Lifestyle Balanced	$662,713	$655,493
John Hancock Total Return Fund	$264,267	$246,058

* Less than 5% of fair value of Plan's net assets.

Plan investments in pooled separate accounts at December 31, 2014 and 2013 are uninsured and fully at risk of loss. Notes receivable from participants in the amount of $291,211 and $288,692 at December 31, 2014 and 2013, respectively, are 100% secured by the participant account balances.

NOTE 5 - RELATED PARTY TRANSACTIONS

As of December 31, 2014 and 2013, the pooled separate accounts include mutual funds managed by John Hancock. Since John Hancock is a related party, the transactions qualify as party-in-interest. Fees charged by John Hancock for providing custodian and recordkeeping services are paid by the Plan and are netted out of the net appreciation (depreciation) in the pooled separate accounts.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

Effective January 1, 2009, the Plan was amended and restated in its entirety. The Plan utilizes a standardized prototype plan sponsored by National Retirement Services, Inc. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 - INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the unaudited information regarding the Plan used in the preparation of the Plan's financial statements and supplemental schedule that was prepared by the custodian of the Plan and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that the following information is complete and accurate as of December 31:

	2014	2013
Investments, at Fair Value:		
Pooled separate accounts	$2,189,174	$2,071,833
Notes Receivable from Participants	$291,211	$288,692

In addition, the custodian has also certified that the information included in the Schedule of Assets (Held at End of Year) is complete and accurate.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition or disclosure through July 13, 2015, which is the date the financial statements were available to be issued.
