The Plan Administrator
RoadSafe Traffic Systems, Inc. 401(k) Plan

We were engaged to audit the financial statements of RoadSafe Traffic Systems, Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010 and the supplemental schedules as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the investment information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ROADSAFE TRAFFIC SYSTEMS, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the RoadSafe Traffic Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. On January 1, 2009, the Plan was amended and restated from a prototype plan to be a custom safe harbor plan. Employees, upon eligibility to participate in the Plan, will be automatically enrolled to defer 4% of their eligible compensation, as defined.

General

The Plan covers all employees of RoadSafe Traffic Systems, Inc. (the "Employer") and its wholly-owned subsidiary First Call Studio Equipment, Inc. (the "Adopted Employer"), who have reached the age of 21 and who have completed 30 days of service, except for non-resident aliens, those employees whose employment is governed by a collective bargaining agreement, independent contractors, and leased employees (the "Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Each year, Participants may defer a minimum of 1% up to a maximum of 50% of their eligible compensation as defined by the Plan, not to exceed a dollar limit established under the Internal Revenue Code (the "Code"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans ("Participant rollovers").

Employees, upon eligibility to participate in the Plan, will be automatically enrolled to defer 4% of their eligible compensation, as defined. On January 1 of each subsequent year, the automatic elective deferral contributions are increased by 1% up to a maximum of 6%. A Participant may choose not to defer or choose a different percentage once enrolled. Automatic enrollment deferrals are invested in the Principal LifeTime portfolio accounts based upon the employee's expected retirement date. The 4% pre-tax deferral election and the default investment option remain in effect until the Participant changes them.

Employer Contributions

Matching Contributions

All employer matching contributions are computed based on eligible compensation. A Participant is entitled to employer matching contributions once enrolled in the Plan and making deferral contributions. Each year, the Employer makes matching contributions in an amount equal to 100% of the elective deferral contributions on the first 1% of eligible compensation and 50% of the elective deferral contributions which are greater than 1% but less than 6% of eligible compensation.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (Continued)

Employer Contributions (Continued)

Matching Contributions (Continued)

Under certain circumstances, the Employer may make additional matching contributions. The additional matching contribution percentage must be equal to or greater than the employer contribution discussed above. Total Employer matching contributions amounted to $599,210 for the year ended December 31, 2010.

Discretionary Non-elective Employer Contributions

The Employer, at its discretion, may make non-elective employer contributions to the Plan as determined by its Board of Directors. For the year ended December 31, 2010 there were no discretionary non-elective employer contributions.

Qualified Non-elective Contributions

The Employer may designate all or a portion of any discretionary contributions for a plan year as "qualified non-elective contributions" and allocate such amount to non-highly compensated employees as required by the Code. Participants are 100% vested in these contributions when made. Total qualified non-elective contributions amounted to $2,982 during the year ended December 31, 2010.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and an allocation of (a) Employer contributions, (b) investment earnings, and (c) investment advisory expenses and loan and/or withdrawal fees, if applicable. Allocations are based on Participants' compensation or account balances, as defined by the Plan. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account. All investments are participant directed.

Vesting

Participants are immediately vested in their deferral contributions and any qualified non-elective contributions. Participants are vested in employer matching and discretionary non-elective employer contributions, if any, plus earnings thereon after two years of continuous service. Participants become fully vested in their account balance upon death, total and permanent disability, or upon reaching the normal retirement age.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (Continued)

Payment of Benefits
In-service withdrawals from the Participant's elective accounts are permitted upon reaching age 59½. Hardship distributions are permitted from all vested contributions (after exhausting all other financial resources) if certain criteria are met. Deferrals will be suspended for six months after receipt of the hardship distribution. Participants are entitled to their total vested accrued benefit upon death, disability, retirement, or termination of employment. A Participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance or installment payments of such amounts, frequency and duration as the Participant or beneficiary may elect. Upon termination, if a Participant's vested account balance is less than $1,000, the plan administrator, after notification, may distribute to the Participant his/her entire non-forfeited account balance. If a balance is less than $5,000 but greater than $1,000 the plan administrator, after notification, may deposit the balance into an individual retirement account.

Plan Administration
The Employer is the plan administrator and has the authority to appoint persons or entities to carry out the operation of the Plan. Individual participant accounts may be charged directly for all administrative expenses, if not paid by the Employer.

Notes Receivable from Participants
Participants may borrow from their vested accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made or 50% of their vested account balance reduced by any outstanding loan balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the vested balance in the Participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions or by check if the employee has terminated employment. Interest rates for outstanding loans range from 4.25% to 9.25% at December 31, 2010. Loans to participants are reported as notes receivable from Participants at the unpaid principal balance plus any accrued but unpaid interest.

Forfeitures
A Participant who leaves the employ of the Employer forfeits any non-vested balance. At the Employer's discretion, forfeited balances may be used to pay administrative expenses or to reduce the Employer's contributions. No forfeitures were used to pay administrative expenses; however, forfeitures of $43,369 were used to reduce Employer matching contributions during the year ended December 31, 2010. At December 31, 2010 and 2009, unused forfeited non-vested amounts totaled $160 and $9, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments, Investment Valuation and Income Recognition
Pooled separate accounts are held under a group annuity contract by Principal Trust Company (the "Trustee"). Separate investment accounts represent units of participation in investment portfolio funds held by the Trustee. The separate investment accounts do not distribute dividends or interest to the Plan, rather investment performance is reflected in the change in the unit values. Units of participation in pooled separate accounts are stated at fair value based upon the quoted market values of the underlying assets in the separate accounts. These units are not traded on securities exchanges but are redeemable only by the issuer. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis of accounting. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Benefits Paid
Benefits are recorded in the period in which the Participants are paid.

New Accounting Standard
In September 2010, the Financial Accounting Standards Board issued accounting guidance requiring participant loans to be classified as notes receivable from Participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The guidance is effective for fiscal years ending after December 15, 2010 with early adoption permitted. The guidance is to be applied retrospectively to all periods presented. In accordance with this guidance, the Plan reclassified participant loans from plan investments to a component of receivables for both periods presented in the Statements of Net Assets Available for Benefits. Other than the reclassification requirements, the adoption of this standard did not have a material impact on the Plan's financial statements.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Subsequent Events
The Company has evaluated subsequent events through August 22, 2011, the date the financial statements were approved and authorized for issuance by the plan administrator, and determined that there have been no subsequent events that would require recognition in, or disclosure in the notes to, the financial statements.

NOTES TO FINANCIAL STATEMENTS

Note 3 - Investments (Unaudited)

The Plan offers investment choices to allow Participants to create a diversified portfolio of assets based on the Participant's risk tolerance. Participants may direct contributions to any of six mutual funds and 19 pooled separate accounts as investment options.

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Trust Company, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) Schedule of Assets (Held at End of Year).

The following table presents the fair value of the participant-directed investments in this Plan that was certified by Principal Trust Company as complete and accurate. Single investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, are separately identified as follows:

	2010	2009
Investments at fair value:		
Principal International Small Cap SEP Account	**$ 1,671,818**	$ 1,378,702
Principal LifeTime 2020 SEP Account	**1,445,479**	1,310,699
Principal Money Market SEP Account	**1,252,012**	1,227,993
Principal LifeTime 2030 SEP Account	**1,232,716**	927,841
Principal Bond and Mortgage SEP Account	**931,829**	925,309
Principal Large Cap S&P 500 Index SEP Account	**872,864**	769,318
American Funds Growth Fund of America R3 Fund	**821,574**	691,569
All other investments under 5%	**5,304,938**	3,968,291
Total investments at fair value	**$ 13,533,230**	$ 11,199,722

The Trustee also certified to the completeness and accuracy of (1) the appreciation in the value of investments of $1,646,282 and dividend income of $23,589 for the year ended December 31, 2010, and (2) the information in the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) Schedule of Assets (Held at End of Year).

NOTES TO FINANCIAL STATEMENTS

Note 3 - Investments (Unaudited) (Continued)

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,646,282 as follows for the year ended December 31, 2010:

Pooled separate accounts	$ 1,267,982
Mutual funds	378,300
Total	$ 1,646,282

Note 4 - Fair Value Measurements

Under GAAP, a framework for measuring fair values has been established to clarify the definition of those fair values and expand disclosures about assets and liabilities measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy described under GAAP are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (Continued)

Pooled separate accounts: Pooled separate accounts consist of various investment options (i.e., common stock, mutual funds, short term securities, real estate) and are valued based on the investments held. While the majority of the underlying assets' values are quoted market prices, the NAV of the pooled separate account is not publicly quoted.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

Assets at Fair Value as of December 31, 2010

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 10,374,880	$ -	$ 10,374,880
Mutual funds	3,158,350	-	-	3,158,350
Total assets at fair value	$ 3,158,350	$ 10,374,880	$ -	$ 13,533,230

Assets at Fair Value as of December 31, 2009

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 8,692,329	$ -	$ 8,692,329
Mutual funds	2,507,393	-	-	2,507,393
Total assets at fair value	$ 2,507,393	$ 8,692,329	$ -	$ 11,199,722

Note 5 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 6 - Party-In-Interest Transactions

Plan investments include shares of pooled separate accounts managed by the Principal Financial Group, an affiliate of the Trustee and, therefore, these transactions qualify as exempt party-in-interest transactions. Administrative fees of $12,578 were paid to the Trustee during 2010. Notes receivable from Participants qualify as exempt party-in-interest transactions as defined by ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, Participants will become 100% vested in their accounts.

Note 8 - Tax Status

The Plan is qualified under Section 401(a) and is exempt from federal income taxes under Section 501(a) of the Code. The Plan obtained its latest determination letter July 22, 2003 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended and restated since receiving the determination letter. On February 7, 2011, the Plan obtained a favorable determination letter in which the Internal Revenue Service stated that the Plan, as amended and restated as of December 31, 2009, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and that the Plan is qualified and the related trust is tax-exempt as of the financial statement dates.

It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

Note 9 - Delinquent Participant Contributions

Certain employee contributions were not transferred to the Plan from the Employer on a timely basis. Under ERISA, delinquent contributions in the amount of $508,504 are considered prohibited transactions that are reported on Schedule H of the Form 5500.
