Independent Auditor's Report

To the Administrator of the
Willkie Farr & Gallagher LLP 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Willkie Farr & Gallagher LLP 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2014 and 2013 and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2014 and 2013 and for the years then ended, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

pwc

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Emphasis of Matter

As discussed in Note 2, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements (modified cash basis) and supplemental schedule (modified cash basis), other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of the Willkie Farr & Gallagher LLP 401(k) Plan (the "Plan"), sponsored by Willkie Farr & Gallagher LLP (the "Firm"), provides only general information. Refer to the Plan document for a more complete description of the Plan's provisions. Prior to December 31, 2013, the Plan was called the Willkie Farr & Gallagher LLP 401(k) Plan for Partners and Nonlegal Employees.

General

The Plan is a tax-deferred savings plan which is intended to comply with the provisions of Section 401(a) and other applicable provisions of the Internal Revenue Code (the "IRC").

Effective December 31, 2013, the Willkie Farr & Gallagher LLP Tax-Deferred Savings Plan for Associates (the "Associate Plan") was merged with and into the Plan. This resulted in a $44,433,190 transfer of assets into the Plan on that date. Effective January 1, 2014, former participants of the Willkie Farr & Gallagher LLP Tax-Deferred Savings Plan for Associates became eligible to participate in the Plan.

Plan assets, together with the assets of the Willkie Farr & Gallagher LLP Defined Contribution Plan, and prior to December 31, 2013, the Tax-Deferred Savings Plan for Associates, were held in the Willkie Farr & Gallagher LLP Master Trust (the "Master Trust"). During the years ended December 31, 2014 and 2013, the Trustee of the Master Trust and the Plan was Fidelity Management Trust Company ("Fidelity" or the "Trustee"). The Trustee is responsible for all recordkeeping and investment services with respect to the plans participating in the Master Trust. The Plan Administrator was John G. Danaher.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is a "participant directed plan" as described in Section 404(c) of ERISA, under which participants are responsible for directing the investment of their accounts among the investment options offered under the Plan.

Investment options

During the years ended December 31, 2014 and 2013, participants in the Plan had the option of investing in certain Aberdeen (formerly known as Artio), American, American Beacon, ClearBridge, Cohen & Steers, Columbia, DFA, Eaton Vance, Fidelity, Goldman Sachs, John Hancock, JPMorgan, PIMCO, Oakmark, Vanguard, and Wells Fargo mutual funds. Effective August 11, 2014, the Aberdeen Select International Equity Fund, the Eaton Vance Large Cap Value Fund and the Wells Fargo Advantage Small Cap Opportunities Fund were closed to participants and all assets were transferred to the Oakmark International Fund, John Hancock Disciplined Value Fund and the ClearBridge Small Cap Growth Fund, respectively.

The investment options offered under the Plan were as follows:

Aberdeen Select International Equity Fund is a growth mutual fund that invests internationally and seeks to increase the value of the investment over the long term through capital growth.

American Funds Capital World Growth and Income Fund is a growth and income mutual fund that invests internationally and seeks to provide a combination of long-term capital growth and current income.

American Beacon Small Cap Value Fund is a small cap value fund that seeks to provide long-term capital appreciation and current income.

ClearBridge Small Cap Growth Fund seeks long-term growth of capital with emphasis on small U.S. companies.

Cohen & Steers Realty Shares Fund is a specialty real estate mutual fund that seeks total return through investment in real estate securities.

Columbia Acorn Fund is a growth and value blend mutual fund that seeks to increase the value of the investment over the long term through capital growth.

DFA Inflation-Protected Securities Portfolio Fund is a growth and income mutual fund that seeks to provide inflation protection and earn current income consistent with inflation-protected securities.

Eaton Vance Large Cap Value Fund is a domestic equity mutual fund that seeks to provide total return.

Fidelity Capital Appreciation Fund is a growth mutual fund that seeks to provide capital appreciation.

Fidelity Contrafund is a growth mutual fund that seeks to provide capital appreciation.

Fidelity Freedom Index Funds are investment options that allow investors to select the fund that best matches their expected retirement year and are designed for a simple yet diversified approach to investing for retirement.

Fidelity Managed Income Portfolio II Fund (the "MIP II Fund") is a stable value fund that seeks to preserve principal while earning interest income by investing in investment contracts issued by insurance companies and other financial institutions, fixed income securities and money market funds to provide daily liquidity.

Fidelity Spartan Extended Market Index Fund is an index mutual fund that seeks to provide investment results that correspond to the total returns of stocks of small to mid-cap U.S. companies.

Fidelity Spartan International Index Fund is an international growth fund that seeks to provide investment results that correspond to the total returns of international stock markets.

Fidelity Spartan 500 Index Fund is an index mutual fund that seeks to provide investment results that correspond to the total return performance of common stocks publicly traded in the United States.

Fidelity Treasury Only Money Market Fund is a money market mutual fund that seeks to provide as high a level of current income as is consistent with the preservation of principal and liquidity.

Goldman Sachs High Yield Fund is an income fund that invests in high-yield fixed-income securities, that seeks to provide a high level of current income and may also consider the potential for capital appreciation.

John Hancock Disciplined Value Fund seeks to provide long-term growth of capital primarily through investment in equity securities; current income is a secondary objective.

JPMorgan MidCap Value Fund is a mid-cap value mutual fund that seeks to provide long-term capital appreciation.

Oakmark International Fund is a growth mutual fund that invests internationally and seeks long-term capital appreciation.

PIMCO Total Return Fund is a bond mutual fund that seeks to provide maximum total return, consistent with preservation of capital, and invests in all types of bonds, including U.S. government, corporate, mortgage and foreign.

Vanguard Total Bond Market Index Fund is an income mutual fund that seeks a high level of interest income.

Vanguard Wellington Fund is a balanced mutual fund that seeks to provide income and the potential for long-term growth of capital and current income.

Wells Fargo Advantage Small Cap Opportunities Fund is a domestic equity mutual fund that seeks to provide long-term capital appreciation and invests primarily in small cap equity securities.

Wells Fargo Advantage Emerging Markets Equity Fund is a diversified emerging markets mutual fund that seeks long-term capital appreciation.

In addition to the investment options described above, the Plan offers a self-directed brokerage feature, referred to as BrokerageLink, which allows participants to invest part or all of their accounts in a wide range of public mutual funds other than those offered as standard investment options under the Plan.

Participation
All partners and employees of the Firm (except non-U.S. citizens employed in an overseas office who receive no U.S. compensation) who have completed one month of credited service are eligible to participate in the Plan.

Payment of Benefits
Benefits provided by the Plan are paid by the Trustee from the net assets available for benefits. The benefit to which a participant is entitled is the benefit that can be provided by the contributions and income (or loss) allocated to such participant's account. Upon termination (for any reason) or death, the participant or beneficiary (in the event of the participant's death) may elect to receive a lump-sum amount equal to the value of the funds in his or her account. A participant or spousal beneficiary may choose to receive installment distributions to satisfy the minimum distribution requirements if required to receive such distributions.

Vesting
All contributions and earnings thereon are fully and immediately vested.

Contributions
Each participant may elect to have tax-deferred savings and/or Roth 401(k) contributions deducted for each pay period of up to 50% of earnings, to a maximum allowable amount as determined by Section 402(g) of the IRC. Contribution limits were $17,500 in 2014 and 2013, respectively. Participants who were at least 50 years old at December 31, 2014 and 2013, and who contributed the maximum amount of elective deferrals for the year were eligible to make an additional contribution of $5,500 for the years ended December 31, 2014 and 2013. Contributions received by the Plan are credited to the individual participant's account.

The Fidelity Freedom Funds are the default fund with respect to contributions for which no investment election has been made.

Interplan Transfers
Interplan transfers from the Associate Plan were a result of associate promotions to partner or counsel in the 2013 Plan year.

Rollover Contributions
Participants may elect to roll over funds invested in other qualified plans with the consent of the Plan Administrator. Benefit payments from the Willkie Farr & Gallagher LLP Group Pension Plan of $7,086,401 and $470,973 were rolled into the Plan during 2014 and 2013, respectively.

Notes Receivable from Participants
Participants who are actively employed by the Firm may be eligible to borrow from their Plan accounts. The maximum amount of a loan is the lesser of $50,000 or 50% of the account balance. The minimum amount of any loan is $1,000. A participant may have two loans outstanding at any time, but only one such loan may qualify as a primary residence loan. The minimum loan period is one year and the maximum is five years. However, if the loan is for the purchase of the participant's primary residence, the maximum period is ten years. As a result of the merger, from the Associate Plan, $182,926 of loans were transferred into the Plan on December 31, 2013.

Loans are repaid through payroll deductions. Prepayment of the entire unpaid amount at any time is allowed. If employment is terminated, participants have the option of paying off the loan or continuing loan payments by monthly checks in order to avoid defaulting on the loan.

The interest rate charged on loans is determined by the Firm's Benefits/Investment Committee, and is commensurate with the prevailing interest rate charged by institutions in the business of lending money. Currently, the interest rate on loans is the prime rate plus 1%. Loans are collateralized by participant account balances.

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefit payments based on the terms of the Plan document.

Plan Termination
While the Firm intends to continue the Plan, it reserves the right to terminate it at any time for any reason. In the event there is a discontinuance of the Plan, all Plan accounts will remain fully vested

and the assets of the Plan, after payment of any expenses properly chargeable against the Plan, will be distributed to the participants as prescribed by the Plan in accordance with ERISA and related regulations.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's policy is to prepare its financial statements on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The modified cash basis of accounting followed by the Plan records all transactions based on cash receipts and disbursements, except for investments and investment activity.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds of which 52% and 51% were managed by Fidelity as of December 31, 2014 and 2013, respectively. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' individual account balances and the amounts reported in the Modified Cash Basis Statements of Net Assets Available for Benefits and the Modified Cash Basis Statements of Changes in Net Assets Available for Benefits.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The most significant estimates include the fair value of investments and the adjustment from contract value to fair value for fully benefit-responsive investment contracts.

Investments

ASC 820, *Fair Value Measurements and Disclosure*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Valuation of investments of the Plan represents the Plan's allocable portion of the Master Trust. The Plan's net investment in the Master Trust is stated at fair value as determined by ASC 820. Following is a description of the valuation methodologies used.

- Mutual funds are valued at the net asset value of shares held by the Plan at year end.
- Fully benefit-responsive investment contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Investment income from the Master Trust includes interest, dividends and net realized and unrealized appreciation or depreciation in the fair value of investments. Purchases and sales of securities are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded when earned.

Fully Benefit-Responsive Investment Contracts
As required by ASC 962-325, *Investments Other*, the Modified Cash Basis Statements of Net Assets Available for Benefits at December 31, 2014 and 2013 present investment contracts at fair value, as well as an additional line item showing an adjustment of fully benefit-responsive investment contracts from fair value to contract value. The Modified Cash Basis Statements of Changes in Net Assets Available for Benefits are presented on a contract value basis.

The market value spot yield of the MIP II Fund was 1.70% and 1.59% for the years ended December 31, 2014 and 2013, respectively. The yield credited to participants, based on the contract value spot yield of the MIP II Fund was 1.38% and 1.14% for the years ended December 31, 2014 and 2013, respectively.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Audit and actuarial professional service fees related to maintaining the Plan are paid by the Firm. A portion of these professional services expenses is reimbursed to the Firm through revenue credits allocated to the Plan by agreement with the Trustee. The revenue credits are paid to the Firm by the Trustee. The revenue credits and reimbursement to the Firm are recorded as a reduction of administrative expenses in these financial statements. Other administrative fees such as loan

maintenance and processing fees are deducted from the individual participant's account balance when paid.

3. Benefit Obligations

There were no unpaid benefit obligations payable to participants who have terminated and requested payment from the Plan as of December 31, 2014 and 2013.

4. Tax Status of the Plan

The Internal Revenue Service has determined and informed the Firm by a letter dated February 1, 2011 that the Plan and the related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. On February 2, 2015, an application for an updated determination was filed and is pending with the Internal Revenue Service. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011 for which the statute of limitations has passed.

5. Investments and Investment Income

Plan investments as of December 31, 2014 and 2013 consisted of a proportionate interest in the Master Trust investments. Investment income and losses of the Master Trust are allocated to the respective participating plans and, ultimately, to individual participants' accounts within the respective plans in the proportion that each participant's "adjusted balance" in the applicable fund bears to the total "adjusted balances" in that fund. The "adjusted balances" reflect contributions and distributions during the applicable period.

At December 31, 2014 and 2013, the Plan's interest in the net assets of the Master Trust was approximately 56% and 55%, respectively. Note 9 sets forth the Master Trust's modified cash basis statements of net assets available for benefits as of December 31, 2014 and 2013, and the related modified cash basis statements of changes in net assets available for benefits for the years then ended.

6. Certification by the Trustee

In accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has certified that the investments, investment information, investment income (loss), notes receivable from participants and related income, Master Trust Financial Information (Note 9) and the allocation to the Plan from the Master Trust,

which has been used to prepare the Plan's financial statements and notes, are complete and accurate.

7. Party-in-Interest Transactions

Certain Master Trust investments represent shares in mutual funds administered by the Trustee, as defined by the Plan, and therefore qualify as party-in-interest transactions.

8. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

10. Subsequent Events

Effective March 10, 2015, the Dodge & Cox Income Fund was added to the investment options under the Plan.

Effective May 1, 2015, auto-enrollment was implemented at a contribution rate of 6% for new hires and current employees who have made no election with respect to contributions. Participants will receive 90 days' notice prior to the commencement of auto-enrollment contributions and may opt-out of auto-enrollment prior to commencing contributions.

The Plan has evaluated subsequent events through July 27, 2015, the date the financial statements were available to be issued, and has determined that there are no other material events or transactions that would require disclosure in the financial statements.
