RETIREMENT SAVINGS PLAN 401(k)
NOTES TO FINANCIAL STATEMENTS
PLAN YEARS ENDED DECEMBER 31, 2013 AND 2014

The Western Cabinets & Affiliates 401(k) Plan (the Plan) was approved and became operative in the calendar year 1997 and has operated continuously since that time. The sponsoring employer of the plan is Western Cabinets, Inc. Western Cabinets, Inc. is the administrator of the Plan. The third party administrator is Retirement Plans.com. The trustee is Voya Financial.

NOTE A: Description of Plan

The following description of the Western Cabinets & Affiliates 401(k) Plan provides only general information. The employers adopted an amendment to the plan effective for Limitation Years beginning on or after January 1, 2009. The purpose of this amendment was to meet the requirements of Economic Growth and Tax relief Reconciliation Act of 2001, the Job Creation and Worker Assistance Act of 2002, and the Sarbanes-Oxley Act of 2002. This restatement became effective January 1, 2009. Participants should refer to the Adoption Agreement and Plan Summary for a more complete description of the Plan's provisions.

General.

The Plan is a defined contribution plan covering all full-time employees of the Sponsoring companies who have completed twelve months of service and attained the age of 21 years by the available entry date of January 1 or July 1 following the completion of the 1 year of service. For purposes of eligibility, an employee must complete at least 1,000 hours of service during the twelve month period prior to entry into the plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions.

Each participant may elect to have compensation deferred up to the maximum percentage allowable not to exceed the limits of code sections 401(k). Participants may also "rollover" amounts distributed from other qualified retirement plans. The company elected not to make a contribution of a discretionary percentage of the participants' elective deferrals. In 2008 the company contributed 50% of the first three (3) percent of pretax compensation that participants contributed to the Plan. A participant must complete 1,000 hours of service during the Plan year to be eligible to share in employer contributions. There were no employer contributions for 2014 and management has decided not to make contributions for 2015. The investments of each participant in the plan are self-directed.

Participant Accounts.

Each participant's account is credited with the participant's contribution and the company's contributions and a share of the investment earnings or losses of the fund. The allocation of earnings or losses of the plan are based on participant's compensation as compared to the compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participation

The number of employees eligible to participate at the end of 2014 is 200. Of the employees eligible, 35 are actively participating and 61 have current balances. The Human Resource Department notifies all eligible employees of their eligibility as the entry dates of January 1st and July 1st approach. Due to the large number of Hispanic workers, they attend enrollment meetings with the representative from ING to interpret in Spanish so that all employees are given an opportunity to participate. In addition, written explanations of the plan are given in both English and Spanish. In 2006, management began making the form declining or accepting enrollment available in Spanish.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts plus actual earnings thereon is based on years of service as scheduled in the following table:

Years of Service	Vesting
Less than 2	0 %
2	20%
3	40%
4	60%
5	80%
6	100%

Employees are always 100% vested upon their normal retirement age. Rollover contributions by the participant will be 100% vested immediately upon transfer into the plan and earnings on the rollover amount will also be fully vested.

Payment of Benefits

Distributions from the Plan are made in lump sum cash settlements only. On termination of service due to retirement, death, disability, or separation of service, a participant or their designated beneficiary may receive the vested portion of their account in a lump sum based on the valuation coinciding with or following the date of termination, death,

disability or retirement. Normal retirement age is 65. The accounts of 20 participants that have separated from service are accruing income. The plan sponsor has attempted to contact terminated employees but has been unable to contact several of the participants whom have terminated. Form 8955, Annual registration statement identifying separated participants with deferred vested benefits was filed in 2012 identifying 12 of the participants that have terminated their employment with the plan sponsor and management has submitted letters to those participants outlining their rights and conditions of the potential payment of benefits. During 2013 three participants terminated their participation in the plan and received the full balance of their account. During 2014 two participants were terminated but were not paid the balance of their accounts until 2015. All of the participants paid in 2013 were fully vested.

Forfeited Accounts

For the year ended December 31, 2014, there were no forfeited balances of participants' accounts. At December 31, 2014, the unallocated forfeiture account with accumulated earnings had a balance of $ 1,010.73. This figure is included in total assets of the plan and is available for offset against future employer contributions to the plan.

Anti-Discrimination Testing

The company passed both the ADP and the ACP test and is not considered top heavy for the plan year ended December 31, 2014.

Plan Trustee

The assets of the Plan are held by Voya Financial Advisors, Inc. plan number 874484. The assets have been in trust with the same carrier, formerly ING Institutional Plan Services, LLC, since the inception of the Plan in 1997. Employees are granted access to their account information through quarterly statements mailed by the trustee or at any time via the Web site for the trustee.

NOTE B – Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted prices which represent the net asset value of shares held by the Plan at year-end. The current value of the Voya Fixed Investment Fund account reflects the approximate amount that would have been paid if the contract had been terminated as of the last day of the reporting period and potential surrender charges and market value adjustments were applied as of such date. After the change in investment contracts with Voya Financial there is no potential loss due to surrender. The charges and the market value have been adjusted and included in unrealized gain on investments at December 31, 2014.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

The investment management company, Voya Financial Advisors, Inc., was unable to provide the breakdown between interest income and dividend income. Therefore on the financial statements the income earned on investments is a combined total of these categories which would ordinarily be categorized on the financial reports. The unavailability of the breakdown as to source of income is not deemed to be of a material nature that would cause the financials not to be in compliance with generally accepted accounting principles. The Statement on Standards for Attestation Engagements NO. 16 (SSAE 16) has covered the accuracy and thoroughness of the procedures used by Voya Advisors, Inc. in allocating earnings to the participants and valuing the investments.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available , the Plan measures fair value using Level 1 inputs because they

generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. In 2014, all investments were measured using Level 1.

Level 1 *Fair Value Measurements*

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

NOTE E – Plan Termination

Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, unless participants forfeited the non-vested portion prior to the termination date. In the event that a substantial reduction in total workforce occurs, the vesting provision will be implemented to bring all participants to 100% vested status.

NOTE F – Plan Status

The 401(k) savings plan of the two sponsoring employers was originated in 1997 and received a favorable determination letter dated March 17, 1997. The Plan's third party administrator updates the plan on a regular basis to remain in compliance with ERISA provisions and IRS updates. No adverse communication has been received by the Department of Labor or the Internal Revenue Service to question the continuation of the Plan in its current form. During 2008 the plan was amended to bring the plan into compliance with new Department of Labor and Internal Revenue Service requirements. No changes in terms of the plan were made so no employees' eligibility or benefits were affected by the amendment. The plan received a favorable opinion by the Department of the Treasury on March 12, 2008, for the prototype plan and amendments to that date.

NOTE H – Remittance of Employee and Employer Contributions
The company makes all employee deferrals and contributions within one week after the deduction from the participants' payroll checks. For the plan year ended December 31, 2014, all employee deferrals were remitted timely to the investment management company and there were no unpaid employee contributions at year end.

NOTE I – Discrepancies
There were no employer contributions to the plan for the year ended December 31, 2014.

NOTE J – Subsequent Events
For 2015 the employers have elected to not match participants' qualifying deferred compensation contributions to the plan. The participants have been notified. There are no subsequent reportable events through July 6, 2015.

NOTE K – Related-Party and Party-in-Interest Transactions
There were no related party transactions or party-in-interest transactions during the plan year ended December 31, 2014. All investments are made through Voya Financial Advisors, Inc. and are neither controlled by or affected by sponsor management.

NOTE L – TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is subject to income tax examinations for the three years prior to the current plan year.

NOTE M – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
