HOWDEN BUFFALO, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of the Howden Buffalo, Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Howden Buffalo, Inc. and Howden Compressors, LLC (collectively the “Employer”), except leased employees. Collective bargaining employees at the New Philadelphia location are also included. An employee is eligible to participate on his or her date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions are equal to the sum of the following:

- a) A participant may elect to contribute from 1 to 50 percent of his or her eligible pretax compensation, as defined by the Plan, not to exceed certain limitations.
- b) Participants who have attained age 50 before year-end may elect to make catch-up contributions.
- c) Effective April 1, 2008, the Plan allows non-union participants to make Roth elective contributions. Participants under a collective bargaining agreement are not permitted to make Roth elective contributions.
- d) Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Any transfers from the ESAB Group, Inc. Savings Plan to this Plan by an employee of Howden Compressors, Inc. retain any protected benefit applicable under the ESAB Group, Inc. Savings Plan.
- e) On behalf of non-collective bargaining employees, the Employer contributes a matching contribution to the Plan equal to 100 percent of the participant’s salary deferral contribution up to 6 percent of eligible compensation for each pay period.

On behalf of collective bargaining employees, the Employer contributes a matching contribution to the Plan equal to 100 percent of the participant’s salary deferral contribution up to 2 percent of eligible compensation for each pay period.

- f) The Employer also contributes a discretionary contribution equal to 4 percent of eligible compensation per pay period on behalf of all participants who are collective bargaining employees.

The Plan currently offers mutual funds and a common collective trust as investment options for participants. Contributions are subject to certain limitations.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer matching contribution and discretionary contribution, and an allocation of Plan earnings and expenses thereon. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the participant's vested account balance.

Benefit Payments

Upon termination of service, death, disability or retirement (age 65), a participant or the beneficiary may elect to receive the balance of his or her vested account balance in a lump-sum installment or an annuity payment, as provided by the Plan. Upon approval by the plan administrator, participants may withdraw a portion of their vested account in the event of undue financial hardship in accordance with safe harbor guidelines. For participants who have account balances less than \$1,000 upon the distributable event date, the Employer can automatically distribute the participant's account with a lump-sum payment.

Vesting

Each participant is immediately 100 percent vested in all of his or her participant contributions and Employer contributions, plus actual earnings thereon.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer. The Plan pays administrative expenses including investment and loan processing fees and certain member requested services. Administrative expenses totaled \$3,110 for year ended December 31, 2009.

Participant Loans

Participants may borrow from their account up to an amount equal to the lesser of \$50,000 or 50 percent of their vested account balance. The minimum loan issuance amount is \$1,000. Only two loans may be outstanding at any given time. Loan terms range from one to five years, with the exception of the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates at the time the funds are borrowed. Interest rates ranged from 4.25 to 10 percent during 2009. Principal and interest are paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Notes to Financial Statements

Accounting Standard Codification

In June 2009, the Financial Accounting Standards Board (“FASB”) issued Statements of Financial Accounting Standards (“SFAS”) No. 168, *The FASB Accounting Standard Codification*[™] (“Codification”) and the *Hierarchy of Generally Accepted Accounting Principles*, effective for interim and annual reporting periods ending after September 15, 2009. This statement replaces SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles* and establishes the Codification (“ASC”) as the source of authoritative U.S. accounting principles used in the preparation of financial statements in conformity with GAAP. All guidance contained in the Codification carries an equal level of authority. The Codification does not replace or affect guidance issued by the SEC or its staff. The FASB will not issue new standards in the form of Statements, FASB Staff Positions or Emerging Issues Task Force Abstracts. Instead, it will issue Accounting Standards Updates (“ASUs”). The FASB will not consider ASUs as authoritative in their own right; rather, ASUs will serve only to update the Codification, provide background information about the guidance and provide the basis for conclusions on the change(s) in the Codification. This statement became effective for the year ended December 31, 2009, and references made to FASB guidance throughout this document have been updated for the Codification.

ASC 820 (Formerly SFAS No. 157, “Fair Value Measurements”)

In September 2006, the FASB issued ASC 820 (formerly SFAS No. 157, *Fair Value Measurements*). ASC 820 introduces a framework for measuring fair value and expands required disclosure about fair value measurements of assets and liabilities. ASC 820 for financial assets and liabilities is effective for fiscal years beginning after November 15, 2007. The Plan adopted ASC 820 as of January 1, 2008. There was no material impact to the Plan financial statements upon adoption.

In April 2009, the FASB issued ASC 820 (formerly FASB Staff Position FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*). ASC 820 provides additional guidance for estimating fair value when the volume and level of activity for the asset or liability have significantly decreased. ASC 820 also provides guidance on identifying circumstances that indicate a transaction is not orderly. ASC 820 is effective for financial statements issued after June 15, 2009. The adoption of ASC 820 did not have a significant effect on the Plan’s financial statements.

In September 2009, the FASB issued ASU 2009-12, *Fair Value Measurements and Disclosures (Topic 820)—Investment in Certain Entities that Calculate Net Asset value per Share (or Its Equivalent)*. The ASU 2009-12 permits the use of net asset value per share, without further adjustment, to estimate the fair value of investments in investment companies that do not have readily determinable fair values. This guidance also required additional disclosure of the investments within the scope of the ASU. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan’s financial statements.

Notes to Financial Statements

ASC 855 (formerly SFAS No. 165, “Subsequent Events”)

In May 2009, the FASB issued ASC 855 (formerly SFAS 165, *Subsequent Events*), which establishes general standards of accounting for and disclosure of events that occur after the statement of net assets available for benefits date but before the financial statements are issued or are available to be issued. It requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date. ASC 855 sets forth the period after the statement of net assets available for benefits date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which an entity should recognize events or transactions occurring after the statement of net assets available for benefits date in its financial statements and the disclosures that an entity should make about events or transactions that occurred after the statement of net assets available for benefits date. ASC 855 became effective for the Plan for the year ended December 31, 2009 and is to be applied prospectively. The impact of adoption was not significant.

ASC 962 (Formerly FSP AAG INV-1 and SOP 94-4-1)

As described in FASB Staff Position, ASC 962 (formerly FSP AAG INV-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies subject to the AICPA Investment Company Audit Guide and Defined Contribution Health and Welfare and Pension Plans*), investment contracts held by a defined contribution plan are required to be reported at fair value. This applies even when the contracts are not held directly by the Plan but are underlying assets in Common Collective Trust (“CCT”) investments held by the Plan. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a CCT. As required by ASC 962, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the CCT as well as the adjustment of the investment in the CCT from fair value to contract value relating to the fully benefit responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

HOWDEN BUFFALO, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid.

3. TAX STATUS

The Plan has applied for but has not yet received a determination letter from the Internal Revenue Service informing that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator and their ERISA legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been recorded.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants would remain fully vested in their accounts.

5. INVESTMENTS

Investments that represent 5 percent or more of the Plan's net assets are separately identified in the following table:

<i>December 31,</i>	2009	2008
Fidelity Investment Grade Bond Fund	\$ 2,521,788	\$ 1,645,980
Fidelity Contrafund	2,359,730	1,703,417
Neuberger Berman Genesis Fund Trust Class	2,338,394	1,844,906
Fidelity Diversified International Fund	1,803,674	1,241,330
Oakmark Equity and Income Fund	2,344,120	2,042,965

6. INVESTMENT INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, information certified by the Plan's trustee, Fidelity Management Trust Company, as of December 31, 2009 and 2008 and for the year ended December 31, 2009, was not audited, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

A summary of the Plan's financial information, which has been certified by the Plan's trustee, is presented as follows:

<i>December 31,</i>	2009	2008
Mutual funds	\$ 20,635,550	\$ 14,633,935
Common collective trust, fair value	\$ 5,659,703	\$ 6,544,218
Adjustment from fair value to contract value for fully benefit responsive investment contracts	\$ 105,243	\$ 353,008
Participant loans	\$ 385,775	\$ 268,692
<i>Year Ended December 31,</i>	2009	
Net appreciation in fair value of mutual funds	\$ 3,791,156	
Participant loan interest	\$ 20,998	
Interest and dividends	\$ 454,418	

7. FAIR VALUE MEASUREMENTS

As of the beginning of the year ended December 31, 2008 the Plan adopted ASC 820 (formerly SFAS No. 157, *Fair Value Measurements*). ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HOWDEN BUFFALO, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

- Level 2: Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008:

Mutual Funds: Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2009 and 2008.

Common Collective Trusts: CCTs represent investments with various investment managers. Units held in CCTs are valued at the unit value as reported by the investment managers, with the exception of CCTs holding fully benefit responsive investment contracts. The Plan holds shares of CCTs that have investments in fully benefit-responsive investment contracts. For purposes of the Statement of Net Assets Available for Benefits, these CCTs are stated at fair value with an adjustment to contract value. As provided in ASC 962, an investment contract is generally required to be reported at fair value, rather than contract value, to the extent it is fully benefit-responsive. The fair value of such investment contracts held by the CCTs are determined using the market price of the underlying securities and the value of the investment contract as determined by the trustee.

Participant Loans: Participant loans are valued at their outstanding balance, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

HOWDEN BUFFALO, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Level 3 Gains and Losses

The only investment classified as a level 3 investment in the fair value hierarchy is participant loans at December 31, 2009 and 2008. There are no realized or unrealized gains or losses on participant loans. The change from the December 31, 2008 balance consists solely of net issuances and settlements.

8. RELATED PARTY TRANSACTIONS

Certain plan investments consist of shares of mutual funds and units of a CCT managed by Fidelity Management Trust Company. Administrative fees paid to Fidelity Management Trust Company during 2009 totaled \$3,110. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including mutual funds and a common collective trust. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. 5500 RECONCILIATION

The following is a reconciliation of the financial statements to the Form 5500:

<i>December 31,</i>	2009	2008
Net assets available for benefits, per financial statements	\$ 26,786,271	\$ 21,799,853
Adjustment from contract value to fair value	(105,243)	(353,008)
