NOTE A DESCRIPTION OF PLAN

The following description of the Student Bus Co., Inc./Student Bus Co., LLC. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees age 21 or older who have completed a twelve consecutive month period of employment during which he or she has completed 1,000 hours of service. It is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan covers the employees of Student Bus Company Inc. and a commonly owned related entity - Student Bus Company LLC (collectively referred to as the "Company").

Contributions – Each year participants may electively defer a portion of their salary as set by law. The Company may make a "matching contribution" based on the participant's elective deferral. Eligibility to receive a matching contribution requires the participant to be an employee on the last day of the plan year and to have at least 1,000 service hours. No matching contribution was made for 2014.

Participant Rollover Contributions - Generally, rollover contributions may be made to this Plan at any time after the participant becomes an employee. The Plan will accept a contribution of eligible rollover from most qualified plans.

Participant Accounts – The Company or the Plan will make the following additions to a participant's account:

1. The elective deferral plus an appropriate allocation of the Company's "matching contribution".

2. The participant's share of any investment earnings and increases in the value of Plan investments.

3. The participant's allocable share of forfeited amounts left by participants who have left the Company's employ prior to their being fully vested.

The Plan will make the following reductions to a participant's account:

1. The participant's share of any investment losses.

2. The participant's share of decreases in the value of Plan investments.

3. An allocation of Plan administration expenses paid.

NOTE A DESCRIPTION OF PLAN (Continued)

Vesting – The participant's elective pre-tax contributions and any investment earnings on those contributions are immediately 100% vested. Upon attaining normal retirement age, becoming disabled, or upon death, participants become fully vested in employer contributions. The employer matching contribution and any investment earnings on those contributions are subject to the following vesting schedule:

Year of Service	Percent Vested
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options – All of the Plan's investment options are participant directed. Upon enrolling, a participant can direct elective deferrals and employer matching contributions among any of the thirteen investment options offered under the plan.

Participant Loans – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 5.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratable through weekly payroll deductions.

Payment of Benefits – Generally the full value of a participant's account balance is payable at "Normal Retirement Date" – for this Plan, it means attaining age 65. Participants terminating their employment, but prior to reaching age 65, may receive their benefits at any time after termination.

Forfeited Accounts – At December 31, 2014 and 2013, forfeited nonvested accounts totaled $-0- and $1,365, respectively. These amounts will be used to reduce future employer contributions or reallocated to participants' accounts.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants – Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases, Sales of Securities and Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – Direct expenses of maintaining the Plan are paid by the Plan and professional fees for the Plan are paid by the Company.

NOTE C FAIR VALUE MEASUREMENTS

The Plan follows Accounting Standards Codification 820-10, *Fair Value Measurements*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds - These investments are public investment securities valued using the Net Asset Value (NAV) provided by Wilmington Trust. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and the divided by the number of shares outstanding. The NAV is quoted in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C FAIR VALUE MEASUREMENTS (Continued)

The Plan assesses the inputs used to measure fair value using a three-tier hierarchy based on the extent to which inputs used in measuring fair value are observable in the market. Level 1 inputs include quoted prices for identical instruments in an active market and are the most observable. Level 2 inputs include quoted prices for similar assets and observable inputs such as interest rates, currency exchange rates, commodity rates and yield curves. Level 3 inputs are not observable in the market and include management's judgment about the assumptions market participants would use in pricing the asset or liability.

At December 31, 2014 and 2013, all of the Plan's investments are classified as Level 1 investments. The following table presents the Plan's investments at fair value at December 31, 2014 and 2013, categorized based on the nature and risks of the Plan's investment options:

	2014	2013
Money market fund	$ -	$ 1,321,195
Mutual funds:		
Balanced	2,001,188	35,130
Domestic stocks	-	538,784
Fixed income	4,471	99,996
International stocks	-	68,677
Other	-	811
	$ 2,005,659	$ 2,064,593

NOTE D PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE E TAX STATUS

This Plan is established or maintained by more than one employer and is administered by an independent plan administrator. The plan administrator has received notice from the Internal Revenue Service that the Plan and related trust are designed to be in accordance with applicable sections of the Internal Revenue Code (IRC) and also that the Plan is being operated in compliance with appropriate IRC requirements. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with all applicable requirements of the IRC.

NOTE F UNCERTAIN TAX POSITIONS

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2014, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities. As of December 31, 2014, the Plan's tax returns generally remain open for the last three years.
