# INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
George T. Sanders Co. 401(k) Profit Sharing Plan and Trust
Wheat Ridge, Colorado

We were engaged to audit the accompanying statements of net assets available for benefits of George T. Sanders Co. 401(k) Profit Sharing Plan and Trust (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## Note 1 - Description of the Plan and Significant Accounting Policies

The following description of George T. Sanders Co. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan established January 1, 1976. The Plan is available to employees age 21 years or older who have completed 1,000 hours of service during the first 12 months of consecutive employment or during any subsequent Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of George T. Sanders Co. (the "Company") administers the Plan. From January 1, 2009 to November 30, 2009 Hartford Retirement Services ("Hartford") served as trustee, managed Plan assets, and maintained the Plan's records. On November 30, 2009, the Plan changed trustees and now John Hancock Retirement Plan Services ("John Hancock") serves as trustee, manages Plan assets, and maintains the Plan's records. John Hancock offers Plan participants a variety of investment options through various mutual funds and a common/collective trust. Individual accounts are invested in the various investment options at the direction of the participants.

### Contributions

Participants may make before-tax contributions up to 100% of their annual compensation, not to exceed limits established by the Internal Revenue Service, which are adjusted annually by the Secretary of Treasury for inflation. This maximum allowable percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Company will contribute matching contributions equal to 100% of participant elective deferrals up to 3% of compensation and 50% of elective deferrals between 3% and 5% of compensation. The Company contributed matching contributions of $79,925 for the year ended December 31, 2009.

The Plan also allows the Company to make a discretionary profit sharing contribution equal to a uniform percentage of each participant's compensation. The Company made no discretionary profit sharing contribution for the year ended December 31, 2009.

### Participants' Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's matching and profit sharing contributions, Plan earnings or losses, and forfeitures. Participants who are subject to limitations on individual contributions, due to their level of pay in relation to that of the other participants, share in Company contributions to the extent of their contribution. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

**Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any employer matching contributions.

Profit sharing contributions and the earnings or losses thereon are not fully vested when contributed and will vest as follows:

| Years of Service | Vested Interest |
|---|---|
| Less than 2 years | 0% |
| 2 years | 20% |
| 3 years | 40% |
| 4 years | 60% |
| 5 years | 80% |
| 6 years | 100% |

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan), retirement due to disability, or if the Plan is terminated.

Payments of Benefits

Upon termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested account balance. Accounts with balances less than $5,000 may be immediately distributed upon a distribution event. Participants with balances greater than $5,000 may also choose to leave their account in the Plan, request a distribution, or roll it over into another qualified benefit plan. Participants with vested balances greater than $1,000, but less than $5,000, are required to roll their account balances into an IRA rollover account or another qualified benefit plan or receive a lump-sum distribution. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If, at the time of termination of employment, the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account and will be reallocated on the earlier of the fifth consecutive one-year break in service or the end of the Plan year following the payment of the vested account balance. At December 31, 2009 and 2008 forfeited non-vested accounts totaled $1,658 and $28,873, respectively. These accounts will be used to reduce future employer contributions. For the period ended December 31, 2009, employer contributions were reduced by $43,006 from forfeited accounts.

**Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

Valuation of Investments and Income Recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by generally accepted accounting principles, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The net realized and unrealized investments gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchase and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Fair Value Accounting

The Plan applies fair value accounting standards which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

**Note 1 - Description of the Plan and Significant Accounting Policies (continued)**

Fair Value Accounting (continued)

The following table presents the Plan's investment assets that are measured at fair value on a recurring basis at December 31, 2009 for each of the fair value hierarchy levels.

| Description | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 5,307,631 | $ - | $ - | $ 5,307,631 |
| Common/collective trust | - | 166,854 | - | 166,854 |
| Total | $ 5,307,631 | $ 166,854 | $ - | $ 5,474,485 |

The following table presents the Plan's investment assets that are measured at fair value on a recurring basis at December 31, 2008 for each of the fair value hierarchy levels.

| Description | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 3,280,117 | $ - | $ - | $ 3,280,117 |
| Common/collective trust | - | 1,422,513 | - | 1,422,513 |
| Total | $ 3,280,117 | $ 1,422,513 | $ - | $ 4,702,630 |

Level 1 assets in the Plan are mutual funds with quoted daily net asset values that are directly observable in the marketplace by market participants. The fair value of the mutual funds are equivalent to the net asset value at close of business on the reporting date.

Level 2 assets in the Plan are a common/collective trust with quoted net asset values that are not directly observable in the marketplace by market participants. A significant portion of the underlying investments in the common/collective trust has individually observable market prices, which are utilized by the Plan's trustee to determine a net asset value at close of business on the reporting date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investments, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risk and Uncertainties (continued)

Additionally, some investments held by John Hancock are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Subsequent Events

The Plan has evaluated all subsequent events through July 20, 2010, which is the date the financial statements were available to be issued.

## Note 2 - Investments

The fair value of investments greater than 5% of net assets was the following:

| | December 31, | | | |
|---|---|---|---|---|
| | 2009 | | 2008 | |
| Lifestyle Growth Fund | $ 1,546,126 | | $ | - |

| Lifestyle Balanced Fund | $ 547,170 | | $ | - |
| Davis New York Venture Fund | $ 32,344 | * | $ | 256,728 |
| MFS Moderate Allocation Fund | $ - | | $ | 205,051 |
| Fixed Fund | $ 166,854 | * | $ | 1,422,513 |
| MFS Total Return Fund | $ - | | $ | 746,316 |
| MFS Growth Allocation Fund | $ - | | $ | 691,693 |
| MFS Government Securities Fund | $ - | | $ | 268,447 |
| MFS Value Fund | $ - | | $ | 268,261 |

* Does not exceed 5% of net assets at respective dates.

During the year ended December 31, 2009, the Plan's mutual funds appreciated $632,070 in value.

## Note 3 - Income Taxes

The Plan received a favorable determination letter, dated August 21, 1996, from the Internal Revenue Service as to the qualified status of the Plan. Although the Plan has been amended since receipt of the determination letter, the Plan administrator believes the Plan remains a qualified plan and is not subject to tax. Accordingly, no provision for federal or state income taxes has been recorded.

## Note 4 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

## Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or their beneficiary.

## Note 6 - Related Party Transactions

Certain Plan investments are mutual funds and a common/collective trust managed by Hartford from January 1, 2009 through November 30, 2009 and John Hancock from December 1, 2009 to December 31, 2009. Hartford was and John Hancock is the asset trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules.

## Note 7 - Reconciliation to Form 5500

Net assets available for benefits and investment income for financial reporting purposes differ from amounts shown on the Plan's Form 5500 as of December 31, 2009 and 2008 and for the year ended December 31, 2009 due to adjustment from fair value to contract value for of fully benefit-responsive investment contracts.
