REPORT OF INDEPENDENT AUDITORS

To the Trustees of the
Wiseda Corporation 401(k) Plan

We were engaged to audit the financial statements of the Wiseda Corporation 401(k) Plan as of December 31, 2010 and 2009 and for the years then ended, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information which was certified by the American United Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WISEDA CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

A. Description of the Plan

Plan Description

The following brief description of the Wiseda Corporation 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is sponsored by Wiseda Corporation (the "Plan Sponsor"). The Fort Worth & Western Railroad Company and Quorum International, L.P. are affiliated entities that are participating employers. Collectively they are referred to as the Companies. Effective December 1, 2010, the Plan was amended to change the name from the Wiseda Corporation S.M.A.R.T (Save Money And Reduce Taxes) Plan. The Companies' corporate offices are located in Fort Worth, Texas.

General

The Plan is a defined contribution plan available to all employees of the Companies who have attained age 21 and completed three months of service. Eligible employees may enter the Plan on the first day of every month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Companies' employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Beginning January 1, 2009, through September 1, 2009 participants were allowed to contribute up to 100% of their pre-tax compensation, as defined by the Plan. However, effective September 1, 2009 participants were limited to contributing 20% of their pre-tax compensation. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan documents. In addition, some or all of a participant's contributions may be designated as a Roth Deferral Contribution. Roth Deferral Contributions are made on an after-tax basis; however, such contributions will not be taxed at the time of distribution. Eligible participants may also make a rollover contribution to the Plan from another qualified plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

A. Description of the Plan – continued

Contributions – continued

The Companies may make discretionary matching or profit sharing contributions to the Plan as determined annually by their Board of Directors. Participants must be: (1) employed on the last day of the Plan year, and have completed 1,000 hours of service during the Plan year; or, (2) have died, retired or suffered disability during such Plan year to be eligible to receive discretionary contributions. There were no discretionary contributions during 2010 and 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Companies' contributions; and, (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of service. Participants become 100% vested after five years of service in the Company's discretionary profit sharing contributions, and become 100% after 3 years of service in the Company's discretionary matching contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Note terms range generally from one to five years or longer for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Sponsor. As of December 31, 2010, all notes had a 5% interest rate. Principal and interest is paid ratably through payroll deductions and additional participant payments.

Payment of Benefits

Participants withdrawing during the year for reasons of disability, retirement, death, or termination are entitled to their vested account balance. Effective, April 1, 2010 participants can make in-service withdrawals once they reach the age of 59 ½ years old. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A. Description of the Plan – continued

Payment of Benefits – continued

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses for the participant, the participant's spouse, or dependents; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for the repair of damage to participant's principal residence that would qualify for casualty deduction under the Code; or, (6) for burial or funeral expenses for the participant's deceased parent, spouse, children or dependents.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce Plan expenses with any remaining forfeitures used to reduce the Companies' contributions. There were no forfeitures during the years ended December 31, 2010 or 2009, and no unallocated forfeitures as of December 31, 2010 or 2009.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into a number of the Plan's investment options.

Plan Expenses

Employees of the Companies perform certain administrative functions with no compensation from the Plan. Administrative expenses paid by the Companies are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Companies and participants are accrued as they become obligations of the Companies, as determined by the Plan's Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value, except for investments in the American United Life Insurance Company ("AUL") Fixed Account which are stated at contract value, as of the end of the Plan year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. For information related to the Plan's valuation methodologies under FASB ASC Topic No. 820, see Note D of these financial statements.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fully Benefit-Responsive Investment Contracts

The Plan accounts for synthetic guaranteed investment contracts, through its investment in AUL's Fixed Account, at contract value in accordance with FASB ASC Topic No. 962-325, *Plan Accounting – Defined Contribution Pension Plans: Investments - Other*. A synthetic guaranteed investment contract is an investment contract in which the contract owns the underlying assets and purchases fully benefit-responsive wrapper contracts from independent third parties ("Issuers"), which provide market value and cash flow risk protection to the Plan.

B. Summary of Significant Accounting Policies – continued

Fully Benefit-Responsive Investment Contracts – continued

Investment contracts held by a defined contribution plan are typically reported at fair value. Investments in the fixed account are generally benefit responsive and are stated at contract value, which approximates fair value at December 31, 2010 and 2009. Under FASB ASC Topic No. 962-325, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Recently Issued Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update ("ASU") 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements*. ASU 2010-06 amended FASB ASC Topic No. 820, Fair Value Measurements and Disclosures, to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 became effective for reporting periods beginning after December 15, 2009 and was adopted by the Plan as of January 1, 2010. The adoption of such guidance by the Plan did not have a material effect on the accompanying financial statements. Also, the adoption of the delayed guidance is not expected to have a material effect.

B. Summary of Significant Accounting Policies – continued

Recently Issued Accounting Pronouncements – continued

In September 2010, the FASB issued ASU 2010-25, *Plan Accounting – Defined Contribution Pension Plans (ASC 962): Reporting Loans to Participants by Defined Contribution Pension Plans.* ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investment. This standard is effective for financial statements issued for fiscal years ending after December 15, 2010, and was adopted by the Plan as of January 1, 2010.

C. Investments

Investments that represent 5% or more of net assets available for benefits at December 31 are as follows:

Description	2010
AUL Fixed Account	$ 496,067
T Rowe Price - Equity Income Fund	168,536
Amcent - Inflation Adjusted Bond Fund	166,594
Thorburg - International Value Fund	149,085

Description	2009
AUL Fixed Account	$ 508,460
Thorburg - International Value Fund	157,984
American Funds - Growth Fund of America	151,934
Amcent - Inflation Adjusted Bond Fund	135,398
T Rowe Price - Equity Income Fund	118,769
Amcent - Strategic Allocation Moderate Fund	108,687

During 2010 and 2009, net realized and unrealized gains (losses) on investments were substantially all from pooled separate accounts.

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

FASB ASC Topic No. 820 requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2010 and 2009.

All of the Plan's investments are classified as follows as of December 31:

	Level 2	
	2010	**2009**
Pooled separate accounts:		
Value funds	$ 369,488	$ 332,485
Small and mid cap funds	57,315	48,250
Time retirement funds	14,950	10,055
Growth funds	469,019	430,537
Developed funds	226,309	234,326
Fixed income funds	545,976	400,552
Fixed account	496,067	508,460
Total investments at fair value	$ 2,179,124	$ 1,964,665

D. Fair Value Measurements – continued

The pooled separate accounts are valued using the accumulation of numerous mutual funds and other investments whose values are determined by quoted markets, which approximates fair value and are classified within Level 2 of the valuation hierarchy. The fixed account is valued based on its contract value, which approximates fair market values and is classified within Level 2 of the valuation hierarchy.

E. Investment Contract with Insurance Company

The Plan participates in a contract with AUL through an investment in the AUL fixed account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by AUL. The average yields earned by the Plan for 2010 and 2009 were 3.50% and 3.85%, respectively. The average crediting interest rates for the year ended December 31, 2010 and 2009 were approximately 3.41% and 3.31%, respectively. The crediting interest rate is determined by the issuer and based on the terms of the contract cannot be less than 1.50%.

There are no events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle at an amount different than contract value paid either within 90 days or over time.

F. Tax Status

The Companies have adopted the AUL Non-Standardized Profit Sharing Plan and Trust which has a favorable opinion letter from the Internal Revenue Service as of March 31, 2008. The Plan Sponsor may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

G. Parties-In-Interest

The Plan invests in pooled separate accounts and a fixed account managed by AUL. AUL acts as a custodian for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

H. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

I. Information Certified by the Custodian

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the custodian, which included total investments as of December 31, 2010 and 2009, the total investment income for the years ended December 31, 2010 and 2009, and all information included in the supplemental Form 5500, Schedule H, line 4i - Schedule of Assets (Held at End of Year).

J. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through September 9, 2011, the date the financial statements were available for issuance, noting the following subsequent events:

Effective January 1, 2011 the Company amended the Plan document to allow for bonuses to be precluded from the eligible compensation, for employee deferral purposes. In addition, the Plan changed its record keeper and custodian from AUL to ADP effective April 1, 2011. Through this change the Plan made the following revisions to the Plan document, effective April 1, 2011:

- The Plan excludes employees included in a bargaining unit covered by a collective bargaining agreement with the Plan Sponsor.
- The Plan allows for compensation for the whole year, instead of compensation from the date when the employee becomes eligible to be in the plan, to be used in determining the profit sharing amounts.
- The Plan allows for participant withholdings deferral rates up to a maximum of 90%, instead of a maximum deferral rate of 20%.
- The Plan provides for participants to be 100% vested after three years of service in the Company's discretionary profit sharing contributions.
- The Plan changed the definition of disability from the version that is used under the Social Security Act, to the version that is used under the Plan Sponsor's long term disability plan.
- The Plan allows for forfeitures to pay the Plan's fees.

WISEDA CORPORATION 401K S.M.A.R.T. PLAN
001

December 31, 2010

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
