Independent Auditor's Report

To the Plan Administrator of
EAGLE Golf 401(k) Plan:

We were engaged to audit the accompanying statement of net assets available for benefits of the EAGLE Golf 401(k) Plan (the "Plan") as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of Schedule H, line 4i – schedule of assets (held at end of year), as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to information certified by Wachovia Bank, N.A., the Trustee of the Plan. Their report dated October 21, 2010, indicated that because of the significance of the information that they did not audit, they were unable to, and did not express an opinion of the financial statements taken as a whole, and the form and content of the information included in the financial statements other than derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Except as explained in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As permitted by 29 CFR Sections 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, investments held by Wachovia Bank, N.A., the Trustee, were excluded from the scope of our audit. The Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wachovia Bank, N.A., the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that Wachovia Bank, N.A. held the Plan's investment assets and executed investment transactions through December 14, 2009, and that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from December 15, 2009, to December 31, 2009. The Plan Administrator has obtained certification from Wachovia Bank, N.A. as of December 31, 2009, and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 - DESCRIPTION OF THE PLAN

GENERAL

The EAGLE Golf 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on May 1, 1996, covering substantially all employees of Evergreen Alliance Golf Limited, L.P. Through December 14, 2009, the Plan's Trustee and record-keeper was Wachovia Bank, N.A. ("Wachovia" or "Trustee"). Effective December 15, 2009, the Plan's Trustee is Fidelity Management Trust Company ("Fidelity"), and Fidelity Investments Institutional Operations Company serves as the record-keeper. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

PARTICIPANT ACCOUNTS

Employees become eligible for participation at the age of twenty-one and upon completing one year of eligible service, as defined by the Plan document. Participation for eligible employees begins the first day of the Plan year quarter following the date on which eligibility requirements are satisfied. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company matching contributions, and an allocation of Plan earnings and charged with administrative expenses related to loan and distribution fees if requested by participants. The allocations are based on participant account balances, as defined.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. Employees can contribute a portion of his or her pretax compensation from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($16,500 for the calendar year ended 2009). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($5,500 for the calendar year ended). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

Under the Plan, the Company may elect to make discretionary matching contributions to be determined annually based on a percentage of participant pretax contributions. During the year ended December 31, 2008 through February 2009, the Company matched 25% of employee contributions up to 5% of salary. The Company elected not to make matching contributions to the Plan for the duration of 2009.

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the Trustee among various investments, including mutual funds and a common/collective trust fund, in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

1 - DESCRIPTION OF THE PLAN (CONTINUED)

FORFEITURES

Forfeitures are available to reduce employer contributions or pay administrative expenses. At December 31, 2009 and 2008, forfeited non-vested accounts available for future use totaled $9,950 and $860, respectively. Those amounts are reported as a component of net assets available for benefits. During 2009, forfeitures in the amount of $36 were used to pay administrative expenses.

VESTING

Participants are immediately vested in employee elective deferrals and rollovers, plus actual earnings thereon. Vesting in the Company's contributions is based on a rate of 20% for each year of service, until five years of service when accounts become 100% vested. Additionally, a participant becomes 100% vested upon death, disability, or upon reaching normal retirement age.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. If a Participant that has terminated service has a vested account balance of less than $5,000, Plan management will direct that such amounts be paid in lump sum cash payments.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 (unless requested on or before December 14, 2009, in which case notes are limited to a minimum of $500) up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate. The Plan Administrator determines rates based on comparable rates charged by lending institutions in the area. Note terms range from 1-5 years, unless for the purchase of a primary residence which may be up to 10 years, with periodic repayment of principal and interest via payroll withholdings. Notes receivable from participants, as of December 31, 2009, have interest rates ranging from 4.25% to 9.25% and maturities from January 2010 through November 2014. Notes receivable from participants, as of December 31, 2008, have interest rates ranging from 4.25% to 9.25% and maturities from December 2009 through October 2013.

ADMINISTRATIVE EXPENSES

Administrative expenses are covered by investment fees that are directly deducted from investment returns, paid directly by the Company, or passed through to the Participants as recordkeeping fees. Transaction-based fees, such as loan administration fees, are charged directly to Participant accounts.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gain and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or loan policy of the Plan.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

RECLASSIFICATION

Certain reclassifications have been made to prior period amounts to conform to the current period presentation.

3 – FAIR VALUE MEASUREMENTS

The Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures, as of January 1, 2008, which among other matters, requires enhanced disclosures about investments that are measured and reported at fair value. FASB ASC 820 establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observability used in measuring investments at fair value. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

3 – FAIR VALUE MEASUREMENTS (Continued)

In January 2010, the FASB issued guidance on improving annual disclosures about fair value measurements, which requires reporting entities to add additional disclosures about the different classes of assets and liabilities measured at fair value, the valuation techniques and inputs used, the activity in Level 3 fair value measurements, and the transfer between Levels 1, 2, and 3. Levels 1, 2, and 3 fair values measurements are defined below. This is not expected to materially impact the Plan.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods adopted under ASC 820 are consistent with methods used in the prior years. Accordingly, the Plan's adoption of the provisions of ASC 820 on January 1, 2008 did not have a significant effect on the reported net assets or changes in net assets.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual Funds: Valued at the net asset value ("NAV") or quoted market prices of shares held by the plan at year end.

Money Market Fund: Valued at cost of $1 per unit.

Common Collective Trust: Valued based on the NAV of the units in the common collective trusts, which is based on the fair value of the underlying investments held by the common collective trust, as reported by the Trustee using the audited financial statements of the common collective trust at year end.

3 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Money Market Fund	$ 3,254,158	$ -	$ -	$ 3,254,158

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Wachovia Bank, N.A., the Trustee and party-in-interest as defined by ERISA, as of and for the years ended December 31, 2009, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2009		2008
Mutual funds	$ 3,254,158	*	$ 1,531,223

The account was credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged. The contract was included in the financial statements at fair market value as of December 31, 2009 and 2008, which was approximated at contract value.

6 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds of registered investment companies and a common collective trust, which are managed by Fidelity and Wachovia. Fidelity and Wachovia acted in capacity as Trustees during 2009; therefore, these investments qualify as party-in-interest transactions.

7 - EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the year ended December 31, 2008. As a result, excess contributions payable amounting to $21,383 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction to contributions in the related statement of changes in net assets available for benefits.

8 - TAX STATUS

As of December 31, 2009, the Plan is based on a prototype plan developed by Fidelity. Fidelity received a favorable opinion letter dated March 31, 2008, from the IRS stating that the Fidelity prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

As of December 31, 2008, the Plan is based on a prototype plan developed by Wachovia. Wachovia received a favorable opinion letter dated September 28, 2004, from the IRS stating that the Wachovia prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

9 - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect Participant's account balances and the amounts reported in the statement of net assets available for benefits.

10 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

There are no reconciling items between the net assets available for benefits reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2009.
