INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Pyro-Comm Systems Retirement Savings Plan:

Report on Financial Statements

We have audited the accompanying financial statements of Pyro-Comm Systems Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

bci | cpa

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 7, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of Pyro-Comm Systems Retirement Savings Plan as of December 31, 2014 and 2013 and the changes in its financial status for the year ended December 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules Item 4(a) Schedule of Late Participant Contributions and Item 4(i) Schedule of Assets Held for Investment Purposes as of or for the year ended December 31, 2014, together referred to as "Supplemental Information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the Supplemental Information of the matter described in the Basis for Qualified Opinion paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PYRO-COMM SYSTEMS RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2014

1. PLAN DESCRIPTION

The following brief description of the Pyro-Comm Systems Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General – The Plan is a defined contribution plan covering all employees of Pyro-Comm Systems, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following description of the Plan provides only general information. Participants should refer to the Amended Plan Agreement for a more complete description of the Plan's provisions. To be eligible to make salary deferrals to the plan, employees must be 21 years of age or older and have completed six consecutive calendar months of employment during which the employee has completed at least 500 hours of service to the Company. Eligible employees become participants in the Plan on the entry date immediately following the completion of the eligibility requirements.

The Plan is established to aid eligible employees in providing for a portion of their future security by the administration and distribution of contributions made by the Company and participants. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code ("IRC"). In addition, the Plan includes a "cash or deferred" salary reduction savings arrangement qualifying under Section 401(k) of the IRC.

Contributions – A participant who is an employee of the Company may elect the salary reduction option, under which up to 100% of the participant's eligible compensation (as defined in the Amended Plan Agreement) will be withheld and credited to the participant's account ("Participant Contributions"). In 2014 the maximum contribution allowable was $17,500 ($23,000 for participants eligible for catch up contributions as defined by the IRC.)

The Company also may make matching contributions to the Plan. Matching contributions are made at the discretion of the Company's board of directors. To be eligible to participate in Company matching contributions, an employee must be a participant in the plan and have been employed by the Company for one year. During the year ended December 31, 2014, the Company matched 25% of the participants' contributions not exceeding 6% of the participants' total compensation. During the year ended December 31, 2014, total matching contributions were $47,585.

Participants' Accounts – Each participant's account is credited with their contributions (including matching and nonelective contributions) and for investment earnings. Each participant's account is charged with the amounts they withdraw from the Plan and for their share of investment expenses and losses. Accounts are credited and charge daily for transactions.

Distributions – Participants may elect to receive distributions in lump sum payments within a reasonable period following the date in which the participant terminates employment with the Company. Participants may elect to receive installment distributions if termination is due to death, disability or occurs after attaining normal retirement age. In certain instances the Plan's administrator may grant hardship distributions. Upon termination, a participant may elect to defer receiving their vested benefit.

Subsequent events – For the year-ended December 31, 2014, the Company has evaluated subsequent events for potential recognition and disclosure through December 11, 2015, the date of the financial statement issuance.

See independent auditor's report.

Investments – Each participant has the option to direct investment of the funds in their account into one or more of the investment funds designated by the Company and by John Hancock (the "Custodian"). Participants can elect to invest their account balance among more than 150 investment funds offered by John Hancock. Each of these John Hancock choices is a pooled separate account.

Income earned by each investment fund, including unrealized appreciation or depreciation, is allocated pro rata to the participants' accounts based on each participant's balance in the respective fund. Asset management fees are allocated by the Custodian to each of the funds and then are allocated to the participants' accounts based on each participant's balance in the fund.

Vesting and Forfeiture – Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Participants become vested in matching contributions, including earnings thereon, based on years of continuous service to the Company. Participants vest in accordance with a six year graded vesting schedule. In accordance with this schedule a participant will vest at the rate of 20% per year beginning from first anniversary of their hire date with 100% vesting occurring after completion of a participant's sixth year of service. Additionally, a participant will become 100% vested in all contributions plus actual earnings thereon if a participant terminates employment due to death, disability or retirement upon reaching normal retirement at age 65.

In the event a participant withdraws from the Plan before fully vesting, the unvested portion of matching contributions, including earnings thereon, is forfeited. Forfeitures may reduce the amount of future Company matching Contributions or may be used to pay for administrative expenses of the Plan, at the discretion of the Company's board of directors. During the year ended December 31, 2014 there were total forfeitures of $1,490.

Notes Receivables from Participants – Participants employed by the Company may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of the value of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account, bear interest at a reasonable rate of interest, typically 5.0%, and are repaid in installments over a period not to exceed 60 months (120 months for principal residence loans).

Termination of the Plan – The Company has the right under the Amended Plan Agreement to suspend or discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, all participants will become 100% vested in their accounts without regard to the number of years of service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. The financial statements present the net assets available for benefits and changes in net assets available for benefits.

Valuation of Investments and Investment Income Recognition – The Plan's investments at December 31, 2014 and 2013, are in pooled separate accounts maintained by the Custodian. The Plan records its investments at fair value as reported by the Custodian. Fair value is based on quoted market prices of the securities underlying pooled separate accounts at December 31, 2014 and 2013.

Realized gain or loss on the sale of an investment is the difference between the proceeds received and the cost of the investment sold. The change during a period in the fair value of investments plus realized gains or losses and actual interest and dividends paid is recorded in the Statement of Changes in Net Assets Available for Benefits as "Net appreciation (depreciation) in investments".

Notes Receivables from Participants – Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits – Benefits are recorded when paid. As of December 31, 2014 and 2013 there were no amounts allocated to participants who have elected to withdraw but have not yet been paid.

Federal Income Taxes – The Internal Revenue Service ("IRS") issued a determination letter in March 2008 indicating that the volume submitter profit sharing plan, under which the Plan was created, qualifies under Section 401(a) of the IRC. The Plan's administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision is made for Federal income tax in the Plan's financial statements. The Company files tax returns in U.S. federal jurisdiction. As of December 31, 2014, the tax years that remain subject to examination begin with 2008.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties – The Plan provides participants with various investment fund options. Participants may choose to invest their funds in any combination of these investment options. The underlying securities owned by these investment funds are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. NOTES RECEIVABLES FROM PARTICIPANTS

As of December 31, 2014 and 2013, the balances outstanding on participant loans were $175,226 and $225,871, respectively, maturing at various dates through December 2019. During the year ended December 31, 2014, the aggregate amount of loans made to participants was $102,554, the aggregate amount of principal payments received from participants and deemed distributions to participants was $153,199. During the year ended December 31, 2013, the aggregate amount of loans made to participants was $168,800 and the aggregate amount of principal payments received from participants and deemed distributions to participants was $181,811.

As of December 31, 2014 and 2013, interest rates on loans outstanding were 5.0%. During the year ended December 31, 2014, interest charged on outstanding loans amounted to $9,243.

4. FAIR VALUE MEASUREMENT

Generally accepted account principals establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the framework are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Investments in pooled separate accounts: Valued at the fair value of the underlying investments in the funds which are publicly traded investments.

Notes Receivables from Participants – Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market applications, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments in pooled separate accounts	$ -	$ 3,349,454	$ -	$ 3,349,454

Guaranteed interest accounts	-	-	451	451
Total assets at fair value	$ -	$ 3,106,932	$ 226,322	$ 3,333,254

5. PROHIBITED OR NON-EXEMPT TRANSACTIONS

During 2014, the Company was delinquent in remitting participant contributions and participant loan payments to the Plan. Participant contributions and loan payments totaling $235,479 were not remitted to the Plan within a time frame the Company considers a practical time frame for remitting the payments. As of December 11, 2015, the date of the financial statement issuance, all contributions considered delinquent were paid by the Company.

6. EXCESS CONTRIBUTIONS REFUNDABLE

At December 31, 2014, there were no amounts payable. At December 31, 2013, payable amount of $1,044 was recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the IRS. These payable amounts were reported as a deduction from net assets.

7. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

At December 31, 2014 and 2013, the Plan's investments were held by the Custodian. The following is a summary of the Plan's investment information, included in the financial statements and supplemental schedules that was prepared by, or derived from, information provided by the Custodian and furnished to the plan administrator. The plan administrator has obtained certifications from the Custodian that the information is complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The value of assets at December 31, 2014 and 2013, and as reported by the Custodian is summarized as follows:
